1 A CLAIM THEREUNDER, AND TO PROVIDE SUCH ASSISTANCE AS SHALL BE NECESSARY 2 FOR THE FILING OF SUCH A CLAIM.

S 13. This act shall take effect immediately.

FISCAL NOTE.--This bill would establish the atomic veterans medal for members of the armed forces or organized militia exposed to ionizing radiation as a result of atomic weapons tests conducted by the United States between 1945 and 1963.

Insofar as this affects the New York State and Local Employees' Retirement System and the New York State and Local Police and Fire Retirement System, this bill would provide up to 4 additional years of service credit at no charge to current members who were members of either system prior to leaving for war and returned to employment within one year of leaving the military. In all likelihood, there would be few, if any, that would be affected by this legislation.

If this bill is enacted, insofar as this proposal affects the New York State and Local Employees' Retirement System, there would be an estimated past service cost which would exceed 10 percent of each member's salary for each year of additional service credit that granted.

Insofar as this proposal affects the New York State and Local Police and Fire Retirement System, the cost per person would vary greatly. If a member is granted this additional service credit to enable immediate retirement, the cost would exceed 30% of the member's salary for each year of additional service credit. For a member on a retirement plan which is capped after reaching a certain number of years of service credit, there would be no benefit from this additional service credit if they will or already have reached the cap without this service credit.

This estimate, dated June 1, 2009 and intended for use only during the 2009 Legislative Session, is Fiscal Note No. 2009-257, prepared by the Actuary for the New York State and Local Employees' Retirement System and the New York State and Local Police and Fire Retirement System.
