STATE OF NEW YORK

7214--A

IN SENATE

January 10, 2020

Introduced by Sens. MARTINEZ, BOYLE -- read twice and ordered printed, and when printed to be committed to the Committee on Health -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee

AN ACT to amend the public health law, in relation to requiring health care practitioners to provide patients with a list of ingredients contained in vaccines

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Section 2166 of the public health law, as added by chapter 573 of the laws of 1999, is amended to read as follows:

§ 2166. Immunization; regulations**; requirements**. **1.** The commissioner may promulgate regulations with respect to immunization conducted by a home care services agency licensed pursuant to section thirty-six hundred five of this chapter or certified pursuant to section thirty-six hundred eight of this chapter, facilities or institutions established under article twenty-eight of this chapter, and other health care providers and practitioners, including, but not limited to, standards for the quality of care and services provided, consistent with the education law.

2. Every health care provider who administers immunizations shall provide the patient or a person in parental relation to the patient with a list of ingredients contained in such vaccine, as provided by the manufacturer, at least five days in advance of such immunization. The health care provider shall send the information to the patient via electronic transmission or mail upon the appointment being set. In the event that the patient sets the appointment within five days of the appointment date, the patient may be provided with the written information the day of the appointment. Every health care provider who administers immunizations shall inform the recipient of the vaccine or the person in parental relation to the patient about vaccine safety, benefits, potential adverse effects, information provided by the federal Centers for Disease Control regarding persons who should not be vaccinated and state law allowing medical exemptions from vaccinations for children attending school.

§ 2. This act shall take effect immediately.

EXPLANATION--Matter in *italics* (underscored) is new; matter in brackets [-] is old law to be omitted.
