STATE OF NEW YORK

11060

IN ASSEMBLY

April 24, 2026

Introduced by M. of A. GRIFFIN -- read once and referred to the Committee on Local Governments

AN ACT to amend the general municipal law, in relation to requiring digital parking payment applications to provide notice of applicable parking restrictions

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The general municipal law is amended by adding a new section 74-d to read as follows:

§ 74-d. Digital parking payment applications; required parking enforcement notices. 1. For purposes of this section, "digital parking payment application" shall mean any mobile application, website, or digital platform authorized by a municipal corporation that allows a user to pay for on-street or municipally operated parking.

2. Any municipal corporation that authorizes or implements the use of a digital parking payment application shall ensure that such application:

(a) clearly and conspicuously displays, in a text color that is different from other text in such digital parking payment application, all applicable parking restrictions for the selected parking location prior to or at the time of payment, including but not limited to:

(i) permitted parking duration limits;

(ii) metered parking hours of operation;

(iii) no parking, no standing, or no stopping periods;

(iv) street cleaning or alternate-side parking rules;

(v) permit-only or restricted-use designations; and

(vi) any other restriction that may result in the issuance of a parking violation;

(b) provides location-specific information that is reasonably accurate for the date and time selected by the user;

(c) is updated on a regular basis to reflect changes in applicable parking rules and restrictions;

(d) includes a clear notice to users where any parking restriction information may be incomplete or subject to change; and

EXPLANATION--Matter in *italics* (underscored) is new; matter in brackets [-] is old law to be omitted.

LBD15338-03-6

(e) includes a clear notice to users that if a user, after being made aware of applicable parking restrictions, proceeds to violate such parking restrictions, such user may be subject to fines, penalties or both as set forth in applicable state law, local law or local ordinance, including but not limited to, the issuance of a ticket, towing or vehicle immobilization.

3. Each municipal corporation that authorizes or implements a digital parking payment application shall make available to such application, in a commercially reasonable and readable format, current information regarding parking rules and restrictions necessary to comply with this section.

4. Nothing in this section shall be construed to invalidate or otherwise affect the enforceability of any parking violation issued pursuant to applicable law.

5. Where a contractor is operating a digital parking payment application on behalf of a municipal corporation, such contractor shall not be deemed in violation of this section where such contractor demonstrates that they reasonably relied upon parking regulation data provided by the municipal corporation.

§ 2. This act shall take effect on the one hundred eightieth day after it shall have become a law. Effective immediately, the addition, amendment and/or repeal of any rule or regulation necessary for the implementation of this act on its effective date are authorized to be made and completed on or before such date.
