I N S E N A T E

June 8, 2009

Introduced by Sens. SMITH, ADDABBO -- read twice and ordered printed,
and when printed to be committed to the Committee on Rules

AN ACT to amend the election law, in relation to violations and penalties for campaign finance and the enforcement thereof; to amend the election law, in relation to the creation of the advisory committee for the state board of elections; to amend the executive law, in relation to the powers of the attorney general to enforce the provisions of the election law; and to repeal certain provisions of the election law relating to enforcement (Part A); to amend the election law, in relation to voluntary clean election campaign finance; to amend the tax law, in relation to the clean election campaign finance fund; and to amend the election law, in relation to the state campaign finance board (Part B)

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Legislative findings and declarations. The legislature
2 finds and declares that the current system of privately financed
3 campaigns diminishes the meaning of the right to vote by allowing large
4 contributions to have deleterious influence on the political process. As
5 the United States Supreme Court found in BUCKLEY V. VALEO, states have a
6 compelling governmental interest "to reduce the deleterious effect of
7 large contributions on our political process" and thereby to redress the
8 appearance or reality of favoritism or corruption in public office. The
9 legislature finds and declares that such deleterious effects arise in
10 insidious ways, including but not limited to the creation of the appear-
11 ance if not reality that donors of large campaign contributions have
12 disproportionate access to and influence on the legislative process and
13 that recipients of such moneys have or appear to have conflicts of
14 interest in the discharge of their public duties. These effects, in
15 turn, directly and substantially undermine public confidence in the
16 legislative process in this state and discourage meaningful partic-
17 ipation therein, thereby eroding the very foundation of democracy in New
18 York state. The legislature further finds and declares that the current
19 system creates high barriers to entry into the political process by

1 making it unduly difficult for qualified candidates without personal
2 fortunes or unfettered access to large contributors to mount effective
3 campaigns for public office, thereby inhibiting the free exchange of
4 ideas that is the core of a healthy democracy.

5 For the foregoing reasons, the legislature finds and declares that
6 establishing a voluntary clean election campaign finance system would
7 enhance democracy and restore public confidence in the electoral proc-
8 ess. Such a system would reduce the deleterious influence of large
9 campaign contributions, diminishing the extent to which a person's
10 wealth or other access to capital shapes if not determines that person's
11 effective capacity to seek elective office or shape the political proc-
12 ess. This result, in turn, would help restore the appearance and reality
13 of equality before the law, the principle of "one person, one vote" on
14 which our democracy is built. This system also would restore the vital-
15 ity of New York's marketplace of ideas by encouraging more fair and
16 effective communication between candidates and voters.

17 The legislature further finds and declares that to best achieve these
18 outcomes and restore public confidence in the effective operation of
19 government, it is necessary that candidates for public office conduct
20 their election campaigns with utmost transparency and accountability to
21 reduce the appearance or reality of favoritism and corruption in public
22 office. Historically lax enforcement of such campaign finance laws as
23 exist, and the potential extension of such lax enforcement to the new
24 system of voluntary public finance that this bill would create, warrant
25 little confidence that abuses are or would be effectively deterred,
26 timely detected and properly penalized: to the contrary, the legislature
27 finds and declares that weak enforcement can encourage the very abuses
28 and public distrust that instead must be the public policy of this state
29 to prevent. Likewise, the fragmentation of monitoring and enforcement of
30 related election, ethics and other public integrity matters among the
31 state board of elections, the commission on public integrity, the office
32 of the inspector general and the office of the attorney general, without
33 appropriate collaboration among them, has caused confusion rather than
34 the clear guidance and rigorous enforcement best calculated to maximize
35 compliance and promote public confidence. To help promote and restore
36 public trust and confidence in government, ensure both the reality and
37 perception that all individuals and organizations have a fair and mean-
38 ingful opportunity to participate in government, and enhance transparen-
39 cy so that voters timely can obtain important information regarding the
40 funding and conduct of campaigns, the legislature declares the public
41 policy of this state to promote transparency by enhancing the timeliness
42 and rigor of campaign finance reporting, ensure proper disclosure of the
43 sources of election-season political advertising, enhance the independ-
44 ence, coordination and rigor of campaign finance and related public
45 integrity rulemaking and enforcement, raise civil and criminal penalties
46 for noncompliance to deter and penalize violations, and enhance voter
47 participation in and comprehension of the state election system.

48 S 2. Short title. This act shall be known and may be cited as the "New
49 York state clean election and campaign finance enforcement reform act".

52 this act is wholly contained within a Part identified as Parts A and B.
53 The effective date for each particular provision contained within such
54 Part is set forth in the last section of such Part. Any provision in any

1 connection with that particular component, shall be deemed to mean and
2 refer to the corresponding section of the Part in which it is found.
