AN ACT to amend the administrative code of the city of New York, in relation to enacting the New York city department of buildings community accountability act

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Legislative findings. The legislature hereby finds and
2 declares that the health and safety of the population living in and
3 around the many construction projects within the densely populated city
4 of New York is a matter of state concern as pressure mounts to build
5 more and more while completing projects in the shortest time possible.
6 Construction is the most dangerous occupation, with death rates four
7 times the average for other workers and conditions adjacent to
8 construction sites dangerous to the public.
9 A comprehensive public reporting system for the tracking of accidents,
10 vacate orders, safety violations, and enforcement actions of the depart-
11 ment of buildings is an essential component of assuring greater account-
12 ability and transparency in assuring compliance with the building code
13 and the zoning resolution to improve public safety.
14 S 2. This act shall be known and may be cited as the "New York city
15 department of buildings community accountability act".
