(TITLE)

TO THE EMPLOYEE:

This certification affects your right to engage in certain activities after you leave state service.

Ordinarily, employees who leave State service may not, for two years, appear or practice before their former agency or receive compensation for rendering services on a matter before their former agency. However, because of this certification, you may be exempt from this restriction.

If you were not designated as a Policymaker by your agency, you are automatically exempt. You may, upon leaving State service, immediately appear, practice or receive compensation for services rendered before your former agency.

If you were designated as a Policymaker by your agency, you are eligible to apply for an exemption to the Commission on Public Integrity at 540 Broadway, Albany, New York 12207.

Even if you are or become exempt from the two year bar, the lifetime bar of the revolving door statute will continue to apply to you. You may not appear, practice, communicate or otherwise render services before any State agency in relation to any case, proceeding, application or transaction with respect to which you were directly concerned and in which you personally participated during your State service, or which was under your active consideration.

If you have any questions about the application of the post-employment restrictions to your circumstances, you may contact the Commission on Public Integrity at (518) 408-3976 or 1-800-87ETHIC (1-800-873-8442).

(ii) The provisions of subparagraph (i) of this paragraph shall not apply to any such officer or employee who at the time of or prior to such termination had served in a policymaking position as determined by the appointing authority, which determination had been filed with the state ethics commission or the commission on public integrity, provided that such officer or employee may so appear or practice or receive such compensation with the prior approval of the state ethics commission or the commission on public integrity. In determining whether to grant such approval the state ethics commission or the commission on public integrity shall consider:

A. whether the employee's prior job duties involved substantial decision-making authority over policies, rule or contracts;

B. the nature of the duties to be performed by the employee for the prospective employer;

C. whether the prospective employment is likely to involve substantial contact with the employee's former agency and the extent to which any such contact is likely to involve matters where the agency has the discretion to make decisions based on the work product of the employee;

D. whether the prospective employment may be beneficial to the state or the public; and

E. the extent of economic hardship to the employee if the application is denied.

S 2. This act shall take effect immediately and shall be deemed to have been in full force and effect on or after April 1, 2012.
