Except with respect to interstate highways or controlled access highways, the department of transportation with respect to state highways, maintained by the state and any other governmental agency with respect to highways, including bridge and culvert crossings, under its jurisdiction may designate and post any such public highway or portion thereof as open for travel by ATVs [when in the determination of the governmental agency concerned, it is otherwise impossible for ATVs] AND ROVS to gain access to areas or trails adjacent to the highway. Any regulation, order, local law or ordinance which designates a highway or portion thereof or designated lands which may be used for ATV AND ROV operations may include rules and impose restrictions and conditions for the regulation and safe operation of ATVs AND ROVS on the highways and lands so designated, such as travel on designated trails and hours of operation. Any restriction or condition not contained in this chapter must be posted.
