13 S 6. Section 2 of chapter 579 of the laws of 2008, amending the gener-
14 al business law relating to zone pricing of gasoline, is amended to read
15 as follows:

16 S 2. Legislative findings and intent. The legislature hereby finds and
17 declares that for the past several years motor fuel prices have greatly
18 fluctuated. In some cases, price fluctuations are caused by natural
19 market conditions. In other cases, fluctuations result from artificial
20 manipulation of the market. One such artificial pricing manipulation is
21 zone pricing. Zone pricing is the setting of different wholesale prices
22 for retail motor fuel [that operate in different geographic areas] BASED
23 ON GEOGRAPHIC LOCATION. Zone pricing increases the price of retail motor
24 fuel for certain consumers, leading to inequities among consumers and
25 regions around the state. Therefore, the legislature hereby declares
26 that while natural market occurrences may lead to price fluctuations,
27 artificial changes in motor fuel prices unfairly harm many consumers
28 around the state.

29 S 7. This act shall take effect immediately.
