2011-2012 Regular Sessions

I N S E N A T E

April 6, 2011

Introduced by Sen. MARTINS -- read twice and ordered printed, and when printed to be committed to the Committee on Local Government

AN ACT to amend the general municipal law and the state finance law, in relation to establishing the real property tax relief and local government mandate reform act

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. This act shall be known and may be cited as the "real prop-
2 erty tax relief and local government mandate reform act".

3 S 2. Legislative findings and declarations. The legislature hereby
4 finds and determines that real property taxes in New York state are too
5 high, and that the burden that they place upon our citizens, homeowners
6 and businesses, is making it difficult for New York state to thrive,
7 prosper and succeed.

8 The legislature further finds and determines that the only way to
9 realistically reduce the real property tax burden upon our citizens,
10 homeowners and businesses, is to place a comprehensive approach in state
11 law which controls costs and spending for local governments, and
12 provides significant mandate relief with respect to their fiscal obli-
13 gations.

14 The legislature additionally finds and determines that a comprehensive
15 approach of capping property taxes, controlling governmental employee
16 benefit costs, and providing significant mandate relief to local govern-
17 ments will promote the controlling of the cost and spending for local
18 governments, as well as helping to provide significant mandate relief
19 with respect to their future fiscal obligations.

20 The legislature finally finds and determines that this act seeks to be
21 a part of a comprehensive approach to reduce real property taxes across
22 the state by controlling of governmental employee benefit costs and the
23 provision of significant mandate relief to local governments.

EXPLANATION--Matter in ITALICS (underscored) is new; matter in brackets
[] is old law to be omitted.
