2011-2012 Regular Sessions

I N S E N A T E

April 6, 2011

Introduced by Sen. MARTINS -- read twice and ordered printed, and when printed to be committed to the Committee on Finance

AN ACT to amend the state finance law and the civil service law, in relation to government employee benefit payments

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Legislative findings and declarations. The legislature
2 hereby finds and determines that real property taxes in New York state
3 are too high, and that the burden that they place upon our citizens,
4 homeowners and businesses, is making it difficult for New York state to
5 thrive, prosper and succeed.
6 The legislature further finds and determines that the only way to
7 realistically reduce the real property tax burden upon our citizens,
8 homeowners and businesses, is to place a comprehensive approach in state
9 law which controls costs and spending for local governments, and
10 provides significant mandate relief with respect to their fiscal obli-
11 gations.
12 The legislature additionally finds and determines that a comprehensive
13 approach of capping property taxes, controlling governmental employee
14 benefit costs, and providing significant mandate relief to local govern-
15 ments will promote the controlling of the cost and spending for local
16 governments, as well as helping to provide significant mandate relief
17 with respect to their future fiscal obligations.
18 The legislature finally finds and determines that this act seeks to be
19 a part of a comprehensive approach to reduce real property taxes across
20 the state by controlling of governmental employee benefit costs and the
21 provision of significant mandate relief to local governments.
22 S 2. The state finance law is amended by adding a new section 92-o to
23 read as follows:
