the use of best value for awarding a purchase contract or purchase contracts must be authorized by local law or, in the case of a district corporation, school district or board of cooperative services, by rule, regulation or resolution adopted at a public meeting. In any case where a responsible bidder's or responsible offerer's gross price is reducible by an allowance for the value of used machinery, 7 equipment, apparatus or tools to be traded in by a political subdivi-8 sion, the gross price shall be reduced by the amount of such allowance, for the purpose of determining the best value. In cases where two or 9 10 more responsible bidders furnishing the required security submit identi-11 cal bids as to price, such officer, board or agency may award the contract to any of such bidders. Such officer, board or agency may, in 12 his or her or its discretion, reject all bids or offers and readvertise 13 14 for new bids or offers in the manner provided by this section. In deter-15 mining whether a purchase is an expenditure within the discretionary threshold amounts established by this subdivision, the officer, board or 16 17 agency of a political subdivision or of any district therein shall 18 consider the reasonably expected aggregate amount of all purchases of 19 the same commodities, services or technology to be made within the twelve-month period commencing on the date of purchase. Purchases of 20 21 commodities, services or technology shall not be artificially divided 22 for the purpose of satisfying the discretionary buying thresholds estab-23 lished by this subdivision. A change to or a renewal of a discretionary 24 purchase shall not be permitted if the change or renewal would bring the 25 reasonably expected aggregate amount of all purchases of the same commodities, services or technology from the same provider within the 26 27 twelve-month period commencing on the date of the first purchase to an 28 amount greater than the discretionary buying threshold amount. For 29 purposes of this section, "sealed bids" and "sealed offers", as that 30 term applies to purchase contracts, (including contracts for service work, but excluding any purchase contracts necessary for the completion 31 32 of a public works contract pursuant to article eight of the labor law) 33 shall include bids and offers submitted in an electronic format 34 ing submission of the statement of non-collusion required by section one 35 hundred three-d of this article, provided that the governing board of the political subdivision or district, by resolution, has authorized the 36 37 receipt of bids and offers in such format. Submission in electronic format may, for technology contracts only, be required as the sole method for the submission of bids and offers. Bids and offers submitted in 38 39 40 an electronic format shall be transmitted by bidders and offerers to the receiving device designated by the political subdivision or district. 41 42 Any method used to receive electronic bids and offers shall comply with 43 article three of the state technology law, and any rules and regulations 44 promulgated and guidelines developed thereunder and, at a minimum, must (a) document the time and date of receipt of each bid and offer received 45 electronically; (b) authenticate the identity of the sender; (c) ensure 46 47 the security of the information transmitted; and (d) ensure the confi-48 dentiality of the bid or offer until the time and date established for the opening of bids or offers. The timely submission of an electronic 49 50 or offer in compliance with instructions provided for such 51 submission in the advertisement for bids or offers and/or the specifica-52 tions shall be the responsibility solely of each bidder or offerer or 53 prospective bidder or offerer. No political subdivision or district 54 therein shall incur any liability from delays of or interruptions in the 55 receiving device designated for the submission and receipt of electronic bids and offers.
