AN ACT to amend the public authorities law, in relation to creating the community college high-technology investment program (C-CHIP)

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1     Section 1. Legislative intent. The legislature hereby finds that  
2     significant employment opportunities exist in growing fields where  
3     complex technologies require advanced skills. Access to modern, effi-  
4     cient facilities and equipment will provide students with the ability to  
5     learn about, develop and apply new technologies. Having access to these  
6     modern facilities and equipment will provide students with the knowledge  
7     and skill required for employment in the ever-expanding high-technology  
8     sector or in other sectors of the economy, including manufacturing and  
9     service, that utilize advanced, high-technology-related processes. The  
10    legislature finds that it is proper and essential for the state to  
11    support efforts that will provide students with updated and modern  
12    facilities and equipment where skills can be learned in a setting that  
13    best matches the workplaces for which the students are being prepared.  
14    The legislature also finds and declares that a well-trained and skilled  
15    workforce will attract businesses seeking to enhance production, modern-  
16    ize or expand as well as start up or relocate to New York state.  
17    The legislature hereby authorizes the creation of the community  
18    college high-technology investment program (C-CHIP).  
19    S 2. The public authorities law is amended by adding a new section  
20    3154-a to read as follows:

EXPLANATION--Matter in *ITALICS* (underscored) is new; matter in brackets  
[ ] is old law to be omitted.
