2     the "education investment tax credit act".

3     S 2. Legislative findings and intent. The legislature hereby finds and

sion of financial resources, charitable giving for educational purposes should be encouraged;

c. Permitting public education entities such as school districts and individual public schools to accept and receive voluntary cash contributions will be beneficial to taxpayers and educators;

d. Encouraging voluntary support for education, without prejudice for or against any state-sanctioned educational enterprise, promotes the state's interest in providing the highest quality education to all children in the state;

e. The tax credit provided in this act is merely one of many credits available to New York taxpayers;

f. The intended beneficiaries of the tax credits provided in this act are the students who attend public schools, students who further their educations using tuition scholarships from educational scholarship organizations, and teachers who purchase with personal funds to supply their students and classrooms, and who seek charitable donations for classroom projects and initiatives;

g. Permitting educators to claim a credit for the purchase of classroom instructional materials and supplies will insure a wider availability of such materials and supplies for all students.
