28 S 2. Notwithstanding any other provision of law to the contrary, none
29 of the provisions of this act shall be subject to section 25 of the
30 retirement and social security law.

31 S 3. This act shall take effect immediately and shall be deemed to
32 have been in full force and effect on and after December 21, 1998.

FISCAL NOTE.--This bill would add a new subdivision 2-a to Section 1000 of the Retirement and Social Security Law to allow members of public retirement systems of New York State to claim service credit for up to three years of military service, for less than three years of military duty, if the member was honorably discharged for medical reasons due to injuries suffered during such military duty. A member must have at least five years of credited service to be eligible. To obtain such credit, a member must make payments as required in Section 1000 of the Retirement and Social Security Law. Tier 1, 2, 3, 4 and 5 members are required to pay three percent of salary earned during the twelve months of credited service immediately preceding the year in which a claim is made for each year of military service. Tier 6 members are required to pay six percent of salary earned during the twelve months of credited service immediately preceding the year in which a claim is made for each year of military service. A member who retired on or after December 21, 1998 may apply for credit pursuant to this section within one year of the effective date of this act.

It is not possible to determine the total annual cost to the employers of members of the New York State Teachers' Retirement System since the total amount of service credit which would be claimed under this bill cannot be estimated. However, the cost to the employers of members of the New York State Teachers' Retirement System is estimated to be \$21,700 per year of service credited for Tier 1 and 2 members, \$20,500 per year of service credited for Tier 3 and 4 members, \$20,400 per year

of service credited for Tier 5 members, and \$15,000 per year of service credited for Tier 6 members if this bill is enacted. These costs would be offset by member payments required under Section 1000 of the Retirement and Social Security Law. The cost is estimated to be, on average, approximately \$75,000 for each retired member claiming service credit under this bill if enacted, including payments retroactive to their date of retirement.

Employee data is from the System's most recent actuarial valuation files, consisting of data provided by the employers to the Retirement System. Data distributions and statistics can be found in the System's Comprehensive Annual Financial Report (CAFR). System assets are as reported in the System's financial statements, and can also be found in the CAFR. Actuarial assumptions and methods are provided in the System's Actuarial Valuation Report.

The source of this estimate is Fiscal Note 2014-24 dated April 4, 2014 prepared by the Actuary of the New York State Teachers' Retirement System and is intended for use only during the 2014 Legislative Session. I, Richard A. Young, am the Actuary for the New York State Teachers' Retirement System.
