FISCAL NOTE.--This bill would amend the Retirement and Social Security Law in relation to heart disease related deaths for police officers who are members of the New York State and Local Police and Fire Retirement System (PFRS). It would grant accidental death benefits for heart cases by deeming such deaths to have been sustained in the performance of duty, and the natural and proximate result of an accident, unless the contrary be proven by competent evidence. The same criteria that exist for determining accidental death benefits for firefighters would be extended to police officers.

If this bill is enacted, more accidental deaths benefits would be granted. The estimated increase in the annual contributions to the State of New York for the fiscal year ending March 31, 2014 would be approxi-
