2013-2014 Regular Sessions

SENATE-ASSEMBLY

February 7, 2013

- IN SENATE -- Introduced by Sen. LAVALLE -- read twice and ordered printed, and when printed to be committed to the Committee on Local Government
- IN ASSEMBLY -- Introduced by M. of A. THIELE, LOSQUADRO, HENNESSEY -- read once and referred to the Committee on Local Governments
- AN ACT to amend the general municipal law, in relation to establishing the Enterprise Park at Calverton Reuse and Revitalization District

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Legislative findings and intent. The former Calverton Naval 1 2 Weapons Industrial Reserve Plant in the town of Riverhead, county of 3 Suffolk (hereinafter "EPCAL"), was formerly owned by the Navy and leased the Grumman Corporation. In 1998, Northrop Grumman closed nearly all 4 by 5 facilities located on Long Island and chose not to renew its lease for 6 the EPCAL site causing economic dislocation and unemployment for resi-7 dents of the town of Riverhead and the surrounding region. The Navy 8 conveyed 2900 acres to the town of Riverhead Community Development Agen-9 cy ("CDA") for no consideration conditioned upon the town's reuse of the property for economic development. 10

In 2011, the town and CDA re-dedicated their efforts and invested 11 significant funds to update, develop and implement a reuse and revitali-12 13 zation plan to meet the current economic, market and site conditions. The town and CDA, with the assistance of a firm with expertise in plan-14 15 ning and environmental analysis for large scale revitalization and development projects, updated the real estate market study; retained 16 experts in the field of engineering, survey and topographical analysis; 17 retained experts in the fields of sewer and water; and met with state, 18 19 regional and local departments, agencies and special interest groups to 20 identify, address, remedy or mitigate all concerns and potential adverse 21 impacts related to the town and CDA's goal of economic development at

the EPCAL site. The comprehensive and extensive analysis of 1 economic, market, environmental, traffic, sewer, water, and myriad other factors, 2 3 together with participation of state, regional, local departments, agen-4 cies, and special interest groups, including but not limited to New York 5 state department of transportation, New York state department of envi-6 ronmental conservation, Suffolk county planning and public works depart-7 ments, town of Riverhead planning, engineering, water and sewer departments resulted in a reuse and revitalization plan that meets the 8 economic and urban renewal goals of the original conveyance and will 9 10 state, county, and town to recapture potential investment, assist the 11 growth and employment opportunities for this region.

12 It is the purpose of this act to promote the expeditious and orderly conversion and redevelopment of EPCAL for uses including, but not limit-13 14 industrial, institutional, educational, governmental, ed to, housing, 15 recreational, conservational, commercial or manufacturing uses, in order to prevent further blight, economic dislocation and additional unemploy-16 17 ment, and to aid in strengthening the New York state economy, the 18 regional economy and the economy of the town of Riverhead. It is also 19 the purpose of this act to provide an interim governmental structure for EPCAL which will assume specified local authority and duties, in recog-20 21 nition of the state and local partnership necessary for the successful 22 redevelopment of EPCAL.

23 S 2. Title 116 of article 15-B of the general municipal law is amended 24 by adding a new section 680-cc to read as follows:
