## 2013-2014 Regular Sessions

## IN SENATE

March 26, 2013

Introduced by Sens. SAVINO, ADAMS, AVELLA, BRESLIN, CARLUCCI, DILAN, KRUEGER, MONTGOMERY, SAMPSON, SQUADRON, TKACZYK -- read twice and ordered printed, and when printed to be committed to the Committee on Health

AN ACT to amend the public health law, the tax law, the general business law and the penal law, in relation to medical use of marihuana

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Legislative findings and intent. The legislature finds that 1 2 thousands of New Yorkers have serious medical conditions that can be 3 improved by medically-approved use of marihuana. The law should not 4 stand between them and treatment necessary for life and health. This legislation follows the well-established public policy that a controlled 5 6 substance can have a legitimate medical use. Many controlled substances 7 that are legal for medical use (such as morphine and steroids) are ille-8 for any other use. The purposes of article 33 of the public health qal law include allowing legitimate use of controlled substances in health 9 10 care, including palliative care. This policy and this legislation do not any way diminish New York state's strong public policy and laws 11 in 12 against illegal drug use, nor should it be deemed in any manner to advocate, authorize, promote, or legally or socially accept the use of mari-13 huana for children or adults, for any non-medical use. This legislation 14 15 is an appropriate exercise of the state's legislative power to protect 16 the health of its people under article 17 of the state constitution and 17 the tenth amendment of the United States constitution.

18 It is the legislative intent that this act be implemented consistently 19 with these findings and principles, through a reasonable and workable 20 system with appropriate oversight; strong "seed to sale" regulation to 21 prevent diversion, abuse, and other illegal conduct; reasonable access 22 to and appropriate use of medical marihuana by certified patients; eval-23 uation; and continuing research.

EXPLANATION--Matter in ITALICS (underscored) is new; matter in brackets
[] is old law to be omitted.
