AN ACT to amend the education law, in relation to the licensure of dietitians and nutritionists

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1     Section 1. Legislative findings and declaration of purpose. The legis-  
2     lature finds that the application of scientific knowledge relating to  
3     nutrition is important in effective care, treatment and prevention of  
4     disease or trauma and in the attainment and maintenance of health, and  
5     acknowledges that the rendering and communication of sound dietetic and  
6     nutrition services in hospitals, nursing homes, extended care and ambu-  
7     latory care settings, school districts, health departments, private  
8     practice and consultation, and in other settings requires trained and  
9     competent professionals. The legislature further finds that it is neces-  
10    sary in the provision of medical nutrition therapy for such profes-  
11    sionals to be licensed under article 157 of the education law to ensure  
12    quality care through a standardized nutrition care process, consisting  
13    of a nutrition assessment, nutrition diagnosis, nutrition intervention  
14    and the monitoring and evaluation of outcomes directly related to the  
15    nutrition care process. Therefore, it is hereby declared to be the  
16    purpose of this act to protect the health, safety, and welfare of the  
17    public by providing for the licensure and regulation of the activities  
18    of persons engaged in the practice of dietetics and nutrition.

19    S 2. Section 8000 of the education law, as added by chapter 635 of the  
20    laws of 1991, is amended to read as follows:

22    ["certified dietitian" and "certified nutritionist"] "LICENSED  
23    DIETITIAN/NUTRITIONIST" OR "LDN" AND THE PRACTICE OF DIETETICS AND

7 achieve and maintain people's health.

8 2. Where the title "certified dietitian" or "certified nutritionist"  
9 is used in this article it shall mean "certified dietitian", "certified  
10 dietician", or "certified nutritionist".

11 3. A certified dietitian or certified nutritionist is one who engages  
12 in the integration and application of principles derived from the  
13 sciences of nutrition, biochemistry, physiology, food management and  
14 behavioral and social sciences to achieve and maintain people's health,  
15 and who is certified as such by the department pursuant to section eight
