Introduced by Sen. LITTLE -- read twice and ordered printed, and when printed to be committed to the Committee on Veterans, Homeland Security and Military Affairs

AN ACT to amend the retirement and social security law, in relation to providing service credit to members of public retirement systems of the state for certain military service in hostilities in Afghanistan

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Paragraphs (c) and (d) of subdivision 2 of section 1000 of  
2 the retirement and social security law, as added by chapter 548 of the  
3 laws of 2000, are amended and a new paragraph (e) is added to read as  
4 follows:

5 (c) hostilities participated in by the military forces of the United  
6 States in Panama, from the twentieth day of December, nineteen hundred  
7 eighty-nine to the thirty-first day of January, nineteen hundred ninety,  
8 as established by receipt of the armed forces expeditionary medal, the  
9 navy expeditionary medal, or the marine corps expeditionary medal; [or]

10 (d) hostilities participated in by the military forces of the United  
11 States, from the second day of August, nineteen hundred ninety, to the  
12 end of such hostilities in case of a veteran who served in the theater  
13 of operations including Iraq, Kuwait, Saudi Arabia, Bahrain, Qatar, the  
14 United Arab Emirates, Oman, the Gulf of Aden, the Gulf of Oman, the  
15 Persian Gulf, the Red Sea, and the airspace above these locations[.]; OR

rendered military service in Afghanistan from 10/7/2001 to the end of hostilities and were assigned to the theater of operations. The total service credit granted for any military service shall not exceed three (3) years. Members must have at least five years of credited service (not including military service). Tier 1-5 members would be required to make a payment of three percent of their most recent compensation per year of additional service credit granted by this bill. Tier 6 members would be required to make a payment of six percent of their most recent compensation per year of additional service credit.

If this bill is enacted, insofar as this proposal affects the New York State and Local Employees' Retirement System (ERS), it is estimated that the past service cost will average approximately 12% (9% for Tier 6) of an affected members' compensation for each year of additional service credit that is purchased.

Insofar as this proposal affects the New York State and Local Police and Fire Retirement System (PFRS), it is estimated that the past service cost will average approximately 17% (14% for Tier 6) of an affected members' compensation for each year of additional service that is purchased.

The exact number of current members as well as future members who could be affected by this legislation cannot be readily determined.

ERS Costs: Pursuant to Section 25 of the Retirement and Social Security Law, the increased cost to the New York State and Local Employees' Retirement System would be borne entirely by the State of New York and would require an itemized appropriation sufficient to pay the cost of the provision. Since a member can apply for this service credit at any time prior to retirement, a precise cost can't be determined until each member, as well as future members, applies for the service credit. Every year a cost will be determined (and billed to the state) based on those benefiting from this provision.

PFRS Costs: These costs would be shared by the State of New York and the participating employers in the PFRS.
