2 caused by an external physical force resulting in total or partial disa-
3 bility or impairment and shall include but not be limited to damage to
4 the central nervous system from anoxic/hypoxic episodes or damage to the
5 central nervous system from allergic conditions, toxic substances and
6 other acute medical/clinical incidents. Such term shall include, but not
7 be limited to, open and closed brain injuries that may result in mild,
8 moderate or severe impairments in one or more areas, including cogni-
9 tion, language, memory, attention, reasoning, abstract thinking, judg-
10 ment, problem-solving, sensory perceptual and motor abilities, psycho-
11 social behavior, physical functions, information processing and speech.
12 Such term shall not include progressive dementias and other mentally
13 impairing conditions, depression and psychiatric disorders in which
14 there is no known or obvious central nervous system damage, neurologi-
15 cal, metabolic and other medical conditions of chronic, congenital or
16 degenerative nature or brain injuries induced by birth trauma.

17 S 2742. Functions, powers and duties of the [department] OFFICE. The
18 [department] OFFICE shall have the following powers and duties:

19 1. to develop a comprehensive statewide program that includes medical,
20 housing, vocational, educational, transportation, social, personal care,
21 family support, day program services, community re-entry services,
22 outpatient rehabilitation services and other essential services;

23 2. to develop outreach services to provide coordinated information
24 regarding assistance available to persons with traumatic brain injury
25 and their families;

26 3. to develop and maintain a clearinghouse of information on traumatic
27 brain injuries, including but not limited to, resources that support the
28 development and implementation of community-based services and rehabili-
29 tation;

30 4. to track the amount of and cost of services provided to persons
31 with traumatic brain injury placed in out-of-state treatment settings;

32 5. to develop innovative educational programs on the causes and
33 prevention of traumatic brain injuries, with an emphasis on outreach
34 campaigns. Such programs and information shall include, but not be
35 limited to, treatment and services for persons with traumatic brain
36 injury and their families;

37 6. to accept and expend any grants, awards of other funds or appropri-
38 ations as may be available for these purposes, subject to limitations as
39 to the approval of expenditures and audits as prescribed for state funds
40 by the state finance law;

41 7. to gather and disseminate statistics and conduct investigations and
42 research relating to the causes and prevention of traumatic brain inju-
43 ries and the treatment of such injuries, including the methods and
44 procedures for rehabilitation, including from time to time, such publi-
45 cations for distribution to appropriate scientific organizations;

46 8. to contract with independent consultants to conduct assessments of
47 the needs of persons with traumatic brain injury;

48 9. to develop training programs for persons providing discharge plans
49 and case management; and

50 10. to develop standards for licensing or certifying residential and
51 non-residential services for persons with traumatic brain injury to the
52 extent that such services are not otherwise subject to the jurisdiction
53 of another state agency.

54 S 2743. Funding of traumatic brain injury services. 1. The [depart-
55 ment] OFFICE shall develop AND SUBMIT TO THE COMMISSIONER AND THE GOVER-
56 NOR, a biennial plan and priorities for the funding of services and

1 programs as authorized by this article, with emphasis on the development
2 and expansion of community-based services and programs.

3 2. Such plan shall provide for the development of services, dispersed
4 geographically to the extent feasible, which shall minimize the need for
5 out-of-state placements and promote the return of individuals currently
6 placed out-of-state to enhance family involvement and promote community
7 reintegration.

8 3. The [department] OFFICE shall, to the extent feasible, utilize
9 existing organizations with demonstrated interest and expertise in serv-
10 ing persons with traumatic brain injuries and shall, within funds avail-
11 able, enter into contracts with such organizations.
