Introduced by M. of A. MAGNARELLI -- read once and referred to the Committee on Local Governments

AN ACT in relation to redistributing 2014 bond volume allocations made pursuant to section 146 of the federal tax reform act of 1986, allocation of the unified state bond volume ceiling, and enacting the private activity bond allocation act of 2016; and providing for the repeal of certain provisions upon expiration thereof

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Short title. This act shall be known and may be cited as 2 the "private activity bond allocation act of 2016".

3 Legislative findings and declaration. The legislature hereby S 2. 4 finds and declares that the federal tax reform act of 1986 established a 5 statewide bond volume ceiling on the issuance of certain tax exempt 6 private activity bonds and notes and, under certain circumstances, governmental use bonds and notes issued by the state and its public 7 8 authorities, local governments, agencies which issue on behalf of local 9 governments, and certain other issuers. The federal tax reform act establishes a formula for the allocation of the bond volume ceiling 10 11 which was subject to temporary modification by gubernatorial executive order until December 31, 1987. That act also permits state legislatures 12 13 to establish, by statute, an alternative formula for allocating the volume ceiling. Bonds and notes subject to the volume ceiling require 14 15 an allocation from the state's annual volume ceiling in order to qualify 16 for federal tax exemption.

17 It is hereby declared to be the policy of the state to maximize the 18 public benefit through the issuance of private activity bonds for the purposes of, among other things, allocating a fair share of the bond 19 volume ceiling upon initial allocation and from a bond reserve to local 20 agencies and for needs identified by local governments; providing hous-21 ing and promoting economic development; job creation; an economical 22 23 energy supply; and resource recovery and to provide for an orderly and 24 efficient volume ceiling allocation process for state and local agencies by establishing an alternative formula for making such allocations. 25
