AN ACT to amend the state finance law, in relation to requiring that bidders and all others seeking state contracts disclose their percentage and number of female executives and board members

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1     Section 1. Legislative intent. The legislature finds that there is a  
2     growing body of evidence that companies perform better when their boards  
3     and executive leadership are strongly represented by women and that the  
4     state has a vested interest in ensuring that companies receiving public  
5     funds and contracts perform efficiently to maintain a high rate of  
6     success. Further, the legislature finds that it is in the state's vested  
7     interest to encourage equitable and diverse gender representation on  
8     corporate boards of companies receiving public funds and contracts. It  
9     is the intent of this act to require companies who wish to do business  
10    with the state to disclose the current percentage and number of women  
11    executive officers employed by the company, percentage and number of  
12    women on its corporate board, and the company's goals for the increased  
13    participation of women in executive positions and on corporate boards.
