21 S 3. This act shall take effect July 1, 2016.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would amend both the General Municipal Law and the Retirement and Social Security Law to increase the salary used in the computation of the special accidental death benefit by 3% in cases where the date of death was before 2016.

Insofar as this bill would amend the Retirement and Social Security Law, it is estimated that there would be an additional annual cost of approximately \$462,000 above the approximately \$10.6 million current annual cost of this benefit. This cost would be shared by the State of New York and all participating employers of the New York State and Local Police and Fire Retirement System.

Summary of relevant resources:

The membership date used in measuring the impact of the proposed change was the same as that used in the March 31, 2015 actuarial valuation. Distributions and other statistics can be found in the 2015 Report of the Actuary and the 2015 Comprehensive Annual Financial Report.

The actuarial assumptions and methods used are described in the 2015 Annual Report to the Comptroller on Actuarial Assumptions, and the Codes Rules and Regulations of the State of New York: Audit and Control.

The Market Assets and GASB Disclosures are found in the March 31, 2015 New York State and Local Retirement System Financial Statements and Supplementary Information.

I am a member of the American Academy of Actuaries and meet the Qualification Standards to render the actuarial opinion contained herein.

This estimate, dated January 28, 2016 and intended for use only during the 2016 Legislative Session, is Fiscal Note No. 2016-51, prepared by the Actuary for the New York State and Local Retirement System.

Fiscal Note. -- Pursuant to Legislative Law, Section 50:

PROVISIONS OF PROPOSED LEGISLATION - OVERVIEW: With respect to the City of New York (the City), this proposed legislation would amend General Municipal Law (GML) Section 208-f.c to increase certain Special Accidental Death Benefits (SADB) for line-of-duty widows/widowers, children, and/or certain other individuals (Eligible Beneficiaries) of former uniformed employees of the City and the New York City Health and

Hospitals Corporation, and for certain former employees of the Triborough Bridge and Tunnel Authority who were members of certain New York City Retirement Systems (NYCRS).

The effective date of the proposed legislation would be July 1, 2016.

IMPACT ON BENEFITS - SADB RECIPIENTS: With respect to the NYCRS, the proposed legislation would impact the SADB payable to certain survivors of members of the:

New York City Employees' Retirement System (NYCERS),

New York City Police Pension Fund (POLICE), or

New York City Fire Department Pension Fund (FIRE),

and who were employed by one of the following employers in certain positions:

New York City Police Department - Uniformed Position,

New York City Fire Department - Uniformed Position,

New York City Housing Authority - Uniformed Position,

New York City Transit Authority - Uniformed Position,

New York City Department of Correction - Uniformed Position,

New York City - Uniformed Position as Emergency Medical Technician (EMT),

New York City Health and Hospitals Corporation - Uniformed Position as EMT, or

Triborough Bridge and Tunnel Authority - Bridge and Tunnel Position.

DESCRIPTION OF BENEFITS PAYABLE: Under the GML, the basic SADB is defined to equal:

The salary of the deceased member at date of death (or, in certain instances, a greater salary based on rank or other status)(Final Salary), less:

Any death benefit as adjusted by any Supplementation or Cost-of-Living Adjustment (COLA) paid by the NYCRS to the member's survivors,

Any death benefit paid by Social Security to the member's survivors, and

Any Worker's Compensation benefit paid to the member's survivors.

The SADB is paid to the deceased member's surviving widow or widower, if alive. If the widow/widower is no longer alive, then the SADB is paid to the deceased member's children until age eighteen or while attending school until age twenty-three. If neither a widow/widower nor a child is alive, then the SADB may be paid to certain other individuals if eligible in accordance with certain laws related to the World Trade Center attack.

The GML also provides that the SADB is subject to escalation based on the calendar year of death of the member. Each year since Calendar Year 1977 the SADB has been increased by an additional cumulative, incremental percentage of Final Salary. For example, for a covered member deceased in Calendar Year 1979, the SADB cumulative percentage is 189.8% of Final Salary as of July 1, 2015.

Under the proposed legislation, the additional, incremental percentage of Final Salary to be effective July 1, 2016 would 3.0%.

FINANCIAL IMPACT - EMPLOYER PAYMENTS: With respect to the NYCRS, since these SADB are provided on a pay-as-you-go basis, the additional annual employer payments expected to be paid during the first year, if the proposed legislation is enacted, would equal approximately \$2.9 million.

These additional payments represent an increase of approximately 4.4% in the estimated SADB payments during the first year.

The SADB payments made by the NYCRS who are reimbursed by the City.

Historically, the State of New York (the State) reimbursed the City for most GML Section 208.f payments. However, it is the understanding of

the Actuary that since 2009 the State has limited its reimbursement to a fixed amount. Should this amount not be increased, then the additional cost of this proposed legislation would be borne entirely by the City of New York.

FINANCIAL IMPACT - ACTUARIAL PRESENT VALUES OF BENEFITS (APBV): With respect to the Eligible Beneficiaries of deceased NYCERS members who would be impacted by this proposed legislation, under the actuarial assumptions used in the June 30, 2015 (Lag) actuarial valuations of the NYCERS, including an Actuarial Interest Rate (AIR) assumption of 7.0% per annum, the enactment of this proposed legislation would increase APVB by approximately \$34.6 million as of June 30, 2016.

OTHER COSTS: The enactment of this proposed legislation would also be expected to result in modest increases in administrative expenses of NYCERS, POLICE, FIRE, the employers and certain New York City agencies.

CENSUS DATA: The financial impact of the proposed legislation is based upon the census data for such Eligible Beneficiaries provided by the NYCERS and adjusted, as necessary, to prepare the computations and for consistency with other data.

The following table shows, by Retirement System, the number of deceased members with Eligible Beneficiaries as reported by the NYCERS and the estimated annual SADB rate prior to the increase proposed to be effective as of July 1, 2016.

Table 1
SADB Census Data as Reported by the NYCERS
(\$ Millions)

Retirement System	Number of Deceased Members with Eligible Survivors	Annual SADB Rate Prior To Proposed July 1, 2016 Increase
NYCERS	32	\$1.9
POLICE	331	20.6
FIRE	621	43.8
Total	984	\$66.3

ACTUARIAL ASSUMPTIONS AND METHODS: Additional APVB have been computed based on the actuarial assumptions and methods in effect for the June 30, 2015 (Lag) actuarial valuations of NYCERS, POLICE, and FIRE used to determine the Preliminary Fiscal Year 2017 employer contributions, including an Actuarial Interest Rate (AIR) assumption of 7.0% per annum (net of Investment Expenses).

STATEMENT OF ACTUARIAL OPINION: I, Sherry S. Chan, am the Chief Actuary for the New York City Retirement Systems. I am an Associate of the Society of Actuaries, a Fellow of the Conference of Consulting Actuaries, and a Member of the American Academy of Actuaries. I meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein. To the best of my knowledge, the results contained herein have been prepared in accordance with generally accepted actuarial principles and procedures and with the Actuarial Standards of Practice issued by the Actuarial Standards Board.

FISCAL NOTE IDENTIFICATION: This estimate is intended for use only during the 2016 Legislative Session. It is Fiscal Note 2016-13, dated March 29, 2016, prepared by the Chief Actuary for the New York City Employees' Retirement System, the New York City Police Pension Fund and the New York Fire Department Pension Fund.
