PART A

Section 1. Article 5 of the election law is amended by adding a new title 9 to read as follows:

TITLE IX

AUTOMATIC ELECTRONIC VOTER REGISTRATION PROCESS

Section 5-900. Integrated personal voter registration application required.

5-902. Automatic reinstatement after forfeiture.

5-904. Failure to provide exemplar signature not to prevent registration.

5-906. Presumption of innocent authorized error.

5-908. Forms.

§ 5-900. Integrated personal voter registration application required.
1. In addition to any other method of voter registration provided for by this chapter, state and local agencies designated in subdivision ten of this section shall provide to the state board of elections voter registration qualification information associated with each person who submits an application for services at such agency, or who notifies the agency of a change of address or name. Such designated agencies shall ensure agency applications substantially include all of the elements required by section 5-210 of this article, including the appropriate attestation, so that persons completing such applications shall be able to also submit an application to register to vote through the electronic voter registration transmittal system. For purposes of this section, "agency" shall mean any state or local agency, department, division, office, institution or other entity designated by the state board of elections pursuant to subdivision ten of this section.

2. For each application submitted to the agency, whether electronically or on paper, the agency shall transmit to the state board of elections through an interface with the electronic voter registration transmittal system established and maintained by the state board of elections that portion of the application that includes voter registration information. The state board of elections shall electronically forward such application to the applicable board of elections of each county or the city of New York for filing, processing and verification consistent with this chapter.

3. An integrated voter registration form submitted to an agency in paper format shall be transmitted to the state board of elections

1 through an electronic voter registration transmittal system by convert-
2 ing the paper form to an image file or a portable document format file
3 which shall thereafter be deemed the original form for voter registra-
4 tion and enrollment purposes. The agency shall retain the complete
5 original paper application for no less than two years. The transmittal
6 of the converted paper application may include or be accompanied by data
7 elements and transmittal information as required by the rules and regu-
8 lations of the state board of elections.

9 4. An integrated voter registration application submitted to an agency
10 in an electronic format shall be transmitted to the state board of
11 elections through the electronic voter registration transmittal system
12 and shall include all of the voter registration data elements, including
13 electronic signature, as applicable, and record of attestation of the
14 accuracy of the voter registration information and any relevant document
15 images.

16 5. Information from the voter relevant to both voter registration and
17 the agency application shall be entered by the voter only once upon an
18 application.

19 6. The agency shall redact or remove from the completed integrated
20 application to be transmitted to the state board of elections any infor-
21 mation solely applicable to the agency application.

22 6-a. Information concerning the citizenship status of individuals,
23 when collected and transmitted pursuant to subdivision one of this
24 section, shall not be retained, used or shared for any other purpose
25 except as may be required by law.

26 7. A voter shall be able to decline to register to vote using an inte-
27 grated application by selecting a single check box, or equivalent, which
28 shall read "I DECLINE USE OF THIS FORM FOR VOTER REGISTRATION PURPOSES.
29 DO NOT FORWARD MY INFORMATION TO THE BOARD OF ELECTIONS".

30 8. The voter shall be able to sign the voter registration application
31 and the agency application by means of a single manual or electronic
32 signature unless the agency requires more than one signature for other
33 agency purposes.

34 9. No application for voter registration shall be submitted if the
35 applicant declines registration or fails to sign the integrated applica-
36 tion, whether on paper or online.

37 10. Designated agencies for purposes of this section shall include all
38 agencies designated as voter registration agencies in sections 5-211 and
39 5-212 of this article, as well as any other agency designated by the
40 state board of elections. Any such designated agency shall take all
41 actions that are necessary and proper for the implementation of this
42 section, including facilitating technological capabilities to allow
43 transmission of data through an interface with the electronic voter
44 registration transmittal system in a secure manner.

45 11. Upon the release from a state correctional facility of any person
46 serving a sentence of imprisonment on a felony conviction or any time
47 assessment referenced in subdivision two, three or four of section 5-106
48 of this article, the department of corrections and community supervision
49 shall provide such person a voter registration form, pursuant to section
50 seventy-five of the correction law and such form, if possible, shall be
51 integrated with the release documents normally presented and signed upon
52 release. The department of corrections and community supervision shall
53 submit relevant information for such person through the voter registra-
54 tion transmittal system and notify the board of elections of the
55 person's discharge.

12. The state board of elections shall promulgate rules and regulations for the creation and administration of an integrated electronic voter registration process as provided for by this section.

§ 5-902. Automatic reinstatement after forfeiture. Any person whose voter registration is canceled pursuant to section 5-106 of this article shall be automatically reinstated as a voter upon becoming eligible, unless such voter shall affirmatively decline such reinstatement. The department of corrections and community supervision shall notify the board of elections through the voter registration transmittal system of the date when the forfeiture of voting rights shall end and provide an updated address for such person, if known. If no new address for such voter is available at that time, such voter shall be reinstated at the address of the previously canceled registration; provided, however, if the mailed notification of such registration shall be returned undeliverable to the board of elections, such returned mail shall be processed in accordance with this article.

§ 5-904. Failure to provide exemplar signature not to prevent registration. If a voter registration exemplar signature is not provided by an applicant who submits a voter registration application pursuant to this title and such signature exemplar is not otherwise available from the statewide voter registration database or a state or local agency, the local board of elections shall, absent another reason to reject the application, proceed to register and, as applicable, enroll the applicant. Within ten days of such action, the board of elections shall send a standard form promulgated by the state board of elections to the voter whose record lacks an exemplar signature, requiring such voter to submit a signature for identification purposes. The voter shall submit to the board of elections a voter registration exemplar signature by any one of the following methods: in person, by mail with return postage paid provided by the board of elections, by electronic mail, or by electronic upload to the board of elections through the electronic voter registration transmittal system. If such voter does not provide the required exemplar signature, when the voter appears to vote the voter shall be entitled to vote in the same manner as a voter with a notation indicating the voter's identity has not yet been verified in the manner provided by section 8-302 of this chapter.

§ 5-906. Presumption of innocent authorized error. 1. If a person who is ineligible to vote becomes registered to vote pursuant to section 5-902 of this title, that person's registration shall be presumed to have been effected with official authorization and not the fault of that person. Such presumption may be rebutted with evidence of knowing and willful intent to falsely register to vote.

2. If a person who is ineligible becomes registered to vote pursuant to section 5-902 of this title and either votes or attempts to vote in an election held after the effective date of the person's registration, that person shall be presumed to have acted with official authorization and shall not be guilty of illegal voting or illegally attempting to vote. Such presumption may be rebutted with evidence of knowing and willful intent to vote or attempt to vote with knowledge that such person is not qualified or entitled to vote.

§ 5-908. Forms. The state board of elections shall promulgate rules and regulations to implement this title. All agency forms and notices required by this title shall be approved by the state board of elections. All applications and notices for use by a board of elections pursuant to this title shall be promulgated by the state board of elections, and no addition or alternation to such forms by a board of

elections shall be made without approval of the state board of elections.

§ 2. This act shall take effect on the earlier occurrence of: (i) two years after it shall have become a law; provided, however, the state board of elections shall be authorized to implement necessary rules and regulations and to take steps required to implement this act immediately; or (ii) five days after the date of certification by the state board of elections that the information technology infrastructure to substantially implement this act is functional. Provided, further that the state board of elections shall notify the legislative bill drafting commission upon the occurrence of the enactment of the legislation provided for in this act in order that the commission may maintain an accurate and timely effective data base of the official text of the laws of the state of New York in furtherance of effectuating the provisions of section 44 of the legislative law and section 70-b of the public officers law.

§ 5-800. Electronic voter registration transmittal system. In addition to any other means of voter registration provided for by this chapter, the state board of elections shall establish and maintain an electronic voter registration transmittal system through which applicants may apply to register to vote online. The state board of elections shall electronically transmit such applications to the applicable board of elections of each county or the city of New York for filing, processing and verification consistent with this chapter. In accordance with technical specifications provided by the state board of elections, each board of elections shall maintain a voter registration system capable of receiving and processing voter registration application information, including electronic signatures, from the electronic voter registration transmittal system established by the state board of elections. Notwithstanding any other inconsistent provision of this chapter, applications filed using such system shall be considered filed with the applicable board of elections on the calendar date the application is initially transmitted by the voter through the electronic voter registration transmittal system.

§ 5-802. Online voter registration application. 1. A voter shall be able to apply to register to vote using a personal online voter registration application submitted through the electronic voter registration transmittal system when the voter:

(b) affirms, subject to penalty of perjury, by means of electronic or manual signature, that the information contained in the voter registra-

(c) consents to the use of an electronic copy of the individual's manual signature that is in the custody of the department of motor vehicles, the state board of elections, or other agency designated by sections 5-211 or 5-212 of this title, as the individual's voter registration exemplar signature, or provides such a signature by direct upload in a manner that complies with the New York state electronic signature and records act and the rules and regulations promulgated by the state board of elections.

4. The state board of elections shall promulgate rules and regulations for the creation and administration of an online voter registration and absentee ballot application system pursuant to this section.

§ 5-803. Online absentee ballot application. As part of, or in addition to, the electronic voter registration transmittal system established pursuant to section 5-800 of this title, the state board of elections also shall provide a means by which qualified voters seeking to vote by absentee ballot can access, complete and submit online an absentee ballot application.

§ 5-804. Failure to provide exemplar signature not to prevent registration. If a voter registration exemplar signature is not provided by an applicant who submits a voter registration application pursuant to this title and such signature exemplar is not otherwise available from the statewide voter registration database or a state or local agency, the local board of elections shall, absent another reason to reject the application, proceed to register and, as applicable, enroll the applicant. Within ten days of such action, the board of elections shall send a standard form promulgated by the state board of elections to the voter whose record lacks an exemplar signature, requiring such voter to submit a signature for identification purposes. The voter shall submit to the board of elections a voter registration exemplar signature by any one of the following methods: in person, by mail with return postage paid provided by the board of elections, by electronic mail, or by electronic upload to the board of elections through the electronic voter registration transmittal system. If such voter does not provide the required exemplar signature, when the voter appears to vote the voter shall be entitled to vote in the same manner as a voter with a notation indicating the voter's identity has not yet been verified in the manner provided by section 8-302 of this chapter.

§ 2. This act shall take effect on the earlier occurrence of: (i) two years after it shall have become a law; provided, however, the state board of elections shall be authorized to implement necessary rules and regulations and to take steps required to implement this act immediately; or (ii) five days after the date of certification by the state board of elections that the information technology infrastructure to substantially implement this act is functional. Provided, further that the state board of elections shall notify the legislative bill drafting commission upon the occurrence of the enactment of the legislation

provided for in this act in order that the commission may maintain an accurate and timely effective data base of the official text of the laws of the state of New York in furtherance of effectuating the provisions of section 44 of the legislative law and section 70-b of the public officers law.

7 § 11. The opening paragraph of paragraph (e) of subdivision 3 of
8 section 8-302 of the election law, as amended by chapter 125 of the laws
9 of 2011, is amended to read as follows:

10 Whenever a voter presents himself or herself and offers to cast a
11 ballot, and he or she claims to live in the election district in which
12 he or she seeks to vote but no registration poll record can be found for
13 him or her in the poll ledger or his or her name does not appear on the
14 computer generated registration list or his or her signature does not
15 appear next to his or her name on such computer generated registration
16 list or his or her registration poll record or the computer generated
17 registration list does not show him or her to be enrolled in the party
18 in which he or she claims to be enrolled and the voter is not otherwise
19 eligible to cast an affidavit ballot pursuant to subdivision three-d of
20 this section, a poll clerk or election inspector shall consult a map,
21 street finder or other description of all of the polling places and
22 election districts within the political subdivision in which said
23 election district is located and if necessary, contact the board of
24 elections to obtain the relevant information and advise the voter of the
25 correct polling place and election district for the residence address
26 provided by the voter to such poll clerk or election inspector. There-
27 after, such voter shall be permitted to vote in said election district
28 only as hereinafter provided:

29 § 12. Section 8-302 of the election law is amended by adding a new
30 subdivision 3-d to read as follows:

31 3-d. A person appearing on election day whose name cannot be found in
32 a poll ledger or computer generated registration list and who affirms
33 that he or she interacted with an agency designated in subdivision ten
34 of section 5-900 of this chapter and consented to voter registration
35 shall be permitted to cast an affidavit ballot. Such affidavit ballot
36 shall be counted if at the polling place, the person presents proof of
37 identity and evidence of registering to vote or performing an activity
38 specified in subdivision one of section 5-900 of this chapter, and there
39 is no affirmative proof that the person is ineligible to register to
40 vote or that the person did not register or perform any activity speci-
41 fied in subdivision one of section 5-900 of this chapter.

42 (a) A person may swear to and subscribe to an affidavit stating that
43 the person has registered to vote or performed any activity specified in
44 subdivision one of section 5-900 of this chapter and consented to use
45 agency information for voter registration. That affidavit shall be
46 sufficient evidence of registering to vote or performing any activity
47 specified in subdivision one of section 5-900 of this chapter for the
48 purposes of this section.

49 (b) A person without identification may swear to and subscribe to an
50 affidavit stating that the person did not present documentary proof of
51 identity, but that all of the identifying information on the affidavit
52 ballot envelope is complete and accurate. That affidavit shall be suffi-
53 cient evidence of identity for the purposes of this section. Nothing in
54 this subdivision shall be deemed to override the provisions of subdivi-
55 sion two-a of this section governing the requirements for a person whose
56 name appears in the computer generated registration list with a notation

1 indicating that the voter's identity was not yet verified as required by
2 the federal Help America Vote Act.

3 § 13. Subdivision 3 of section 8-510 of the election law, as amended
4 by chapter 43 of the laws of 1988, is amended to read as follows:

5 3. The inspectors shall place such completed report, each challenge
6 affidavit and watcher affidavit and each court order, if any, directing
7 that a person be permitted to vote, as well as each affidavit completed
8 pursuant to subdivision three-d of section 8-302 of this article, inside
9 a ledger of registration records or computer generated registration
10 lists between the front cover, and the first registration record and
11 then shall close and seal each ledger of registration records or comput-
12 er generated registration lists, affix their signature to the seal, lock
13 such ledger in the carrying case furnished for that purpose and enclose
14 the keys in a sealed package or seal such list in the envelope provided
15 for that purpose.

16 § 14. Subdivision 1 of section 3-220 of the election law, as amended
17 by chapter 104 of the laws of 2010, is amended to read as follows:

18 1. All registration records, certificates, lists, and inventories
19 referred to in, or required by, this chapter shall be public records and
20 open to public inspection under the immediate supervision of the board
21 of elections or its employees and subject to such reasonable regulations
22 as such board may impose, provided, however, that no data transmitted
23 pursuant to title nine of article five of this chapter shall be consid-
24 ered a public record open to public inspection solely by reason of its
25 transmission and that the following information shall not be released
26 for public inspection:

27 (a) any voter's signature;
28 (b) the personal residence and contact information of any voter for
29 whom any provision of law requires confidentiality;
30 (c) any portion of a voter's driver's license number, [~~department of~~
31 ~~motor vehicle~~] non-driver [~~photo-ID~~] identification card number, social
32 security number and facsimile number [~~shall not be released for public~~
33 ~~inspection~~];

34 (d) any voter's telephone number; and

35 (e) any voter's email address. No such records shall be handled at
36 any time by any person other than a member of a registration board or
37 board of inspectors of elections or board of elections except as
38 provided by rules imposed by the board of elections.

39 § 15. Subdivisions 9, 11 and 14 of section 5-210 of the election law,
40 subdivision 9 as amended by chapter 44 of the laws of 2016 and subdivi-
41 sions 11 and 14 as amended by chapter 179 of the laws of 2005, are
42 amended to read as follows:

43 9. The county board of elections shall, promptly and in any event, not
44 later than twenty-one days after receipt by it of the application, veri-
45 fy the identity of the applicant, except if such board receives the
46 application within twenty-one days of a special, primary or general
47 election, the board shall verify the identity of the applicant within
48 five days or before such election, whichever shall be sooner. In order
49 to do so, the county board of elections shall utilize the information
50 provided in the application and shall attempt to verify such information
51 with the information provided by the department of motor vehicles,
52 social security administration and any other lawful available informa-
53 tion source. If the county board of elections is unable to verify the
54 identity of the applicant within twenty-one days of the receipt of the
55 application, it shall immediately take steps to confirm that the infor-
56 mation provided by the applicant was accurately utilized by such county

board of elections, was accurately verified with other information sources and that no data entry error, or other similar type of error, occurred. Following completion of the preceding steps, the county board of elections shall mail (a) a notice of its approval, (b) a notice of its approval which includes an indication that such board has not yet been able to verify the identity of the applicant and a request for more information so that such verification may be completed, or (c) a notice of its rejection of the application to the applicant in a form approved by the state board of elections. Notices of approval, notices of approval with requests for more information or notices of rejection shall be sent by nonforwardable first class or return postage guaranteed mail on which is endorsed such language designated by the state board of elections to ensure postal authorities do not forward such mail but return it to the board of elections with forwarding information, when it cannot be delivered as addressed and which contains a request that any such mail received for persons not residing at the address be dropped back in the mail. The voter's registration and enrollment shall be complete upon receipt of the application by the appropriate county board of elections. The failure of a county board of elections to verify an applicant's identity shall not be the basis for the rejection of a voter's application, provided, however, that such verification failure shall be the basis for requiring county board of elections to take the additional verification steps provided by this chapter. The notice shall also advise the registrant of the date when his registration and enrollment is effective, of the date and the hours of the next regularly scheduled primary or general election in which he will be eligible to vote, of the location of the polling place of the election district in which he is or will be a qualified voter, whether such polling place is accessible to physically handicapped voters, an indication that physically handicapped voters or voters who are ill or voters who will be out of the city or county on the day of the primary or general election, may obtain an absentee ballot and the phone number to call for absentee ballot applications, the phone numbers to call for location of polling places, to obtain registration forms and the phone number to call to indicate that the voter is willing to serve on election day as an inspector, poll clerk or interpreter. The notice of approval, notice of approval with request for more information or notice of rejection shall also advise the applicant to notify the board of elections if there is any inaccuracy. The form of such mail notification shall be prescribed by the state board of elections and shall contain such other information and instructions as it may reasonably require to carry out the purposes of this section. The request for more information shall inform the voter that "THE FAILURE TO CONTACT THE BOARD OF ELECTIONS AND CORRECT ANY INACCURACIES IN THE APPLICATION OR PROVIDE REQUESTED ADDITIONAL INFORMATION MAY RESULT IN A REQUEST FOR IDENTIFICATION AT THE POLLS IN ORDER TO CAST A VOTE ON A VOTING MACHINE." If such notice is returned undelivered without a new address, the board shall forthwith send such applicant a confirmation notice pursuant to the provisions of section 5-712 of this article and place such applicant in inactive status. The state board of elections shall prepare uniform notices by this section as provided for in subdivision eight of section 3-102 of this chapter.

11. If the county board of elections suspects or believes that for any reason the applicant is not entitled to registration and enrollment, it shall make inquiry in reference thereto. If the board of elections shall find that the applicant is not qualified to register and enroll, the application shall be rejected and the applicant notified of such

1 rejection and the reason therefor, no later than ten days before the day
2 of the first primary or general election occurring at least [~~twenty-~~
3 ~~five~~] ten days after the filing of the application, except that if the
4 application was submitted between twenty-five and ten days before the
5 day of the first primary or general election, such board shall notify
6 the applicant at least five days before such election.

7 14. Notwithstanding the entry by the county board of elections on the
8 registration poll record of the information contained on an application
9 form prescribed by this section, such entry shall not preclude the coun-
10 ty board of elections from subsequently rejecting the application if it
11 is not satisfied that the applicant is entitled to register and enroll
12 as provided by this section, provided that the applicant is notified of
13 such rejection and reasons therefor no later than ten days before the
14 day of the first primary or general election occurring at least [~~twen-~~
15 ~~ty-five~~] ten days after the filing of such application form, except that
16 if the application was submitted between twenty-five and ten days before
17 the day of the first primary or general election, such board shall noti-
18 fy the applicant at least five days before such election.

19 § 16. This act shall take effect immediately; provided, however, that
20 sections one, two, four, five, six, eight, eleven and twelve of this act
21 shall take effect January 1, 2018; provided further that sections three,
22 seven, nine, ten and fifteen of this act shall take effect January 1,
23 2019. Effective immediately, any rules, regulations and agreements
24 necessary to implement the provisions of this act on its effective date
25 are authorized and directed to be completed on or before such date.

26 PART D

27 Section 1. Section 5-210 of the election law is amended by adding a

39 shall execute the following instrument in substantially the following
40 form:

41 "I, (name), do hereby certify, under penalty of perjury, that, to the
42 best of my knowledge, I am a qualified voter, having resided at (place
43 of residence) for at least thirty days immediately preceding this
44 election, that I am not disqualified on any legal grounds from voting,
45 and that I have not already voted at this election."

46 (b) The board of elections shall establish a procedure by which a
47 person who registers pursuant to paragraph (a) of this subdivision may
48 cast his or her vote at the appropriate polling place.

49 (c) If a registrant is unable to provide valid proof of residence as
50 provided for in paragraph (a) of this subdivision, such registrant may
51 be allowed to register for and vote in any election by affidavit ballot.
52 Such affidavit ballot shall not be counted until election officials can
53 determine such registrant's residence and eligibility to vote.

§ 2. This act shall take effect on the first of January next succeeding the date upon which the people shall approve and ratify amendments to section 5 of article 2 of the constitution by a majority of the electors voting thereon relating to the ten day advance registration requirement.

50 2. Watchers may be present at the polling place at least fifteen
51 minutes before the unlocking and examination of any voting machine or

53 inspectors' returns and proclamation of the result; provided, however,
54 that upon entering any polling place, each watcher shall deliver a
55 completed certificate, issued pursuant to subdivision three of this
56 section, to the appointed or designated chairperson of the election

3 certificate.

33 the laws of 1978, is amended to read as follows:

39 any duly appointed watcher, or by any registered voter properly in the
40 polling place.

41 2. An inspector shall challenge every person offering to vote, whom he
42 or she shall know or suspect is not entitled to vote in the district,
43 and every person whose name appears on the list of persons to be chal-

45 3. Any person, other than an inspector or clerk, may challenge the
46 qualifications of a voter only by completing, executing and delivering
47 to the board of inspectors a challenge affidavit that satisfies the
48 requirements of section 8-503 of this title.

49 § 5. The election law is amended by adding a new section 8-503 to read

2 lacks one or more of the qualifications for voting prescribed in section
3 5-102 or 5-106 of this chapter and specified in such affidavit. The
4 affidavit shall state if the reasons for challenge are based upon the
5 affiant's personal knowledge, or upon information received from another
6 person. If the affiant's belief is based upon information furnished by
7 another, the affidavit shall recite the name of the person furnishing
8 the information and the basis for his or her information. After the
9 affiant has signed such affidavit, an inspector shall read to him or her
10 and request him or her to sign the following oath, which shall be
11 subscribed by such affiant: "I do solemnly swear (or affirm) that I am
12 a qualified voter of the city or county in which this affidavit is
13 signed and that the foregoing statement made by me on (insert day, month
14 and year) is a truthful disclosure of the reasons for my good faith
15 belief that the registered voter therein named is not qualified to
16 continue to vote in the election district in which he or she is now
17 registered." If the affiant shall take and sign such oath, an inspector
18 shall sign his or her name as a witness below the affiant's subscription
19 to such oath. Each challenge affidavit may only challenge the quali-
20 fications of one voter.

21 2. The board of elections shall make challenge affidavit forms avail-
22 able to all qualified voters.

23 § 6. Paragraphs (b) and (e) of subdivision 2 of section 8-508 of the
24 election law, as amended by chapter 200 of the laws of 1996, are amended
25 to read as follows:

26 (b) The second section of such report shall be reserved for the board
27 of inspectors to enter the name, address and registration serial number

55 voters who were permitted to vote although their registration poll
56 records were missing; that the entries made by such board are a true and

1 accurate record of its proceedings with respect to the persons named in

26 of elections. The curriculum shall be established by the state board of
27 elections in consultation with election commissioners and shall not

16 such county. Each county board of elections shall enroll not less than
17 two persons designated by the county board on a bipartisan basis, in the
18 state board of elections training institute. Certified trainers must
19 maintain their certification by attending once every two years, a
20 continuing education program, to ensure the professionalism of the poll
21 worker training agenda set by the state board of elections. Enrollees
22 who have successfully completed the state board's training program and
23 been awarded a "certified poll worker instructor" certificate may serve
24 at the county board as a trainer of poll workers as well as a trainer of
25 other bi-partisan designees of the county board, however the conferring
26 of the title "certified poll worker instructor" may be made only by the
27 state board of elections.

28 1-d. The state board of elections shall adopt such rules and regu-

41 English proficient pursuant to data made available by the United States
42 Census Bureau, it shall provide in such election district registration
43 or voting notices, forms, instructions, assistance, or other materials
44 or information relating to the electoral process, including ballots, in
45 the language of the applicable minority language group, in a manner that
46 provides the same opportunity for access and participation as for other
47 voters. This provision shall be subject to the requirements of federal
48 law, including section 203 and section 4(f) of the Voting Rights Act of
49 1965, to the extent such laws are applicable.

50 2. As used in this section, the terms "limited English proficient" and
51 "non-English speaking" shall refer to a person whose native speaking

41 § 4. Subdivision 1 of section 8-102 of the election law is amended by
42 adding a new paragraph (k) to read as follows:

43 (k) Voting at each polling place for early voting shall be conducted

49 subdivision 7 to read as follows:

50 7. This section shall apply on all early voting days as provided for
51 in section 8-600 of this article.

52 § 6. Article 8 of the election law is amended by adding a new title 6
53 to read as follows:

TITLE VI
EARLY VOTING

Section 8-600. Early voting.

8-602. State board of elections; powers and duties for early voting.

§ 8-600. Early voting. 1. Beginning the fourteenth day prior to any general, primary or special election for any public or party office, and ending on and including the second day prior to such general, primary or special election for such public or party office, persons duly registered and eligible to vote at such election shall be permitted to vote as provided in this title. The board of elections of each county and the city of New York shall establish procedures, subject to approval of the state board of elections, to ensure that persons who vote during the early voting period shall not be permitted to vote subsequently in the same election.

2. (a) The board of elections of each county or the city of New York shall designate polling places for early voting in each county, which may include the offices of the board of elections, for persons to vote early pursuant to this section. There shall be so designated at least one early voting polling place for every full increment of fifty thousand registered voters in each county; provided, however, the number of early voting polling places in a county shall not be required to be greater than seven, and a county with fewer than fifty thousand voters shall have at least one early voting polling place.

(b) The board of elections of each county or the city of New York may establish additional polling places for early voting in excess of the minimum number required by this subdivision for the convenience of eligible voters wishing to vote during the early voting period.

(c) Polling places for early voting shall be located to ensure, to the extent practicable, that eligible voters have adequate equitable access, taking into consideration population density, travel time to the polling place, proximity to other locations or commonly used transportation routes and such other factors the board of elections of the county or the city of New York deems appropriate. The provisions of section 4-104 of this chapter, except subdivisions four and five of such section, shall apply to the designation of polling places for early voting except to the extent such provisions are inconsistent with this section.

3. Any person permitted to vote early may do so at any polling place for early voting established pursuant to subdivision two of this section in the county where such voter is registered to vote. Provided, however, (a) if it is impractical to provide each polling place for early voting all appropriate ballots for each election to be voted on in the county, or (b) if permitting such persons to vote early at any polling place established for early voting would make it impractical to ensure that such voter has not previously voted early during such election, the board of elections may designate each polling place for early voting only for those voters registered to vote in a portion of the county to be served by such polling place for early voting, provided that all voters in each county shall have one or more polling places at which they are eligible to vote throughout the early voting period on a substantially equal basis.

4. (a) Polls shall be open for early voting for at least eight hours between six o'clock in the morning and nine o'clock in the evening each week day during the early voting period.

(b) At least one polling place for early voting shall remain open until nine o'clock in the evening on at least two week days in each

1 calendar week during the early voting period. If polling places for
2 early voting are limited to voters from certain areas pursuant to subdi-
3 vision three of this section, polling places that remain open until nine
4 o'clock shall be designated such that any person entitled to vote early
5 may vote until nine o'clock in the evening on at least two week days
6 during the early voting period.

7 (c) Polls shall be open for early voting for at least five hours
8 between nine o'clock in the morning and six o'clock in the evening on
9 each Saturday, Sunday and legal holiday during the early voting period.

10 (d) Nothing in this section shall be construed to prohibit any board
11 of elections from establishing a greater number of hours for voting
12 during the early voting period beyond the number of hours required in
13 this subdivision.

14 (e) Early voting polling places and their hours of operation for early
15 voting at a general election shall be designated by May first of each
16 year pursuant to subdivision one of section 4-104 of this chapter.
17 Notwithstanding the provisions of subdivision one of section 4-104 of
18 this chapter requiring poll site designation by May first, early voting
19 polling places and their hours of operation for early voting for a
20 primary or special election shall be made not later than forty-five days
21 before such primary or special election.

22 5. Each board of elections shall create a communication plan to inform
23 eligible voters of the opportunity to vote early. Such plan may utilize
24 any and all media outlets, including social media, and shall publicize:
25 the location and dates and hours of operation of all polling places for
26 early voting; an indication of whether each polling place is accessible
27 to voters with physical disabilities; a clear and unambiguous notice to
28 voters that if they cast a ballot during the early voting period they
29 will not be allowed to vote election day; and if polling places for
30 early voting are limited to voters from certain areas pursuant to subdi-
31 vision three of this section, the location of the polling places for
32 early voting serving the voters of each particular city, town or other
33 political subdivision.

34 6. The form of paper ballots used in early voting shall comply with
35 the provisions of article seven of this chapter that are applicable to
36 voting by paper ballot on election day and such ballot shall be cast in
37 the same manner as provided for in section 8-312 of this article,
38 provided, however, that ballots cast during the early voting period
39 shall be secured in the manner of voted ballots cast on election day and
40 such ballots shall not be canvassed or examined until after the close of
41 the polls on election day, and no unofficial tabulations of election
42 results shall be printed or viewed in any manner until after the close
43 of polls on election day.

44 7. Voters casting ballots pursuant to this title shall be subject to
45 challenge as provided in sections 8-500, 8-502, 8-503 and 8-504 of this
46 article.

47 8. Notwithstanding any other provisions of this chapter, at the end of
48 each day of early voting, any early voting ballots that have not been
49 scanned because a ballot scanner was not available or because the ballot
50 has been abandoned by the voter at the ballot scanner shall be cast in a
51 manner consistent with section 9-110 of this chapter, except that such
52 ballots which cannot then be cast on a ballot scanner shall be held
53 inviolate and unexamined and shall be duly secured until after the close
54 of polls on election day when such ballots shall be examined and
55 canvassed in a manner consistent with subdivision two of section 9-110
56 of this chapter.

9. The board of elections shall secure all ballots and scanners used for early voting from the beginning of the early voting period through the close of the polls on election day; provided, however, the state board of elections may by regulation duly adopted by a majority of such board establish a procedure whereby ballot scanners used for early voting may also be used on election day if the portable memory devices used during early voting containing the early voting election information and vote tabulations are properly secured apart from the scanners, and the results therefrom shall be duly canvassed after the close of polls on election day.

10. After the close of polls on election day, inspectors or board of elections employees appointed to canvass ballots cast during early voting shall follow all relevant provisions of article nine of this chapter that are not inconsistent with this section, for canvassing, processing, recording, and announcing results of voting at polling places for early voting, and securing ballots, scanners, and other election materials. Such canvass may occur at the offices of the board of elections, at the early voting polling place or such other location designated by the board of elections.

11. Notwithstanding the requirements of this title requiring the canvass of ballots cast during early voting after the close of polls on election day, such canvass may begin one hour before the scheduled close of polls on election day provided the board of elections adopts procedures to prevent the public release of election results prior to the close of polls on election day and such procedures shall be consistent with the regulations of the state board of elections and shall be filed with the state board of elections at least thirty days before they shall be effective.

§ 8-602. State board of elections; powers and duties for early voting. Any rule or regulation necessary for the implementation of the provisions of this title shall be promulgated by the state board of elections provided that such rules and regulations shall include provisions to ensure that ballots cast early, by any method allowed under law, are counted and canvassed as if cast on election day. The state board of elections shall promulgate any other rules and regulations necessary to ensure an efficient and fair early voting process that respects the privacy of the voter. Provided, further, that such rules and regulations shall require that the voting history record for each voter be continually updated to reflect each instance of early voting by such voter.

§ 7. This act shall take effect on the first of January next succeeding the date on which it shall have become a law and shall apply to any election held 120 days or more after it shall have taken effect.

PART J

Section 1. Section 3-108 of the election law, subdivision 5 as added by chapter 394 of the laws of 2008, is amended to read as follows:

§ 3-108. Disaster; additional day for voting. 1. A county board of elections, or the state board of elections with respect to an election conducted in a district in the jurisdiction of more than one county board of elections, may determine that, as the direct consequence of a fire, earthquake, tornado, explosion, power failure, act of sabotage, enemy attack or other disaster~~[, less than twenty-five per centum of the registered voters of any city, town or village, or if the city of New York, or any county therein, actually voted in any general election]~~ or state of emergency, the ability of voters to vote has become, or will imminently become, impossible and such impossibility cannot be mitigated during the scheduled course of voting. Such a determination by a county board of elections shall be subject to approval by the state board of elections. If the state board of elections makes such a determination, it shall notify the ~~[board]~~ boards of elections having jurisdiction ~~[in that county]~~ over that election that an additional day of election shall be held, which notice shall show: the nature of the disaster; the county, city, town or village affected thereby; the number of persons duly registered to vote therein at such ~~[general]~~ election; and the number of persons who voted therein at such ~~[general]~~ election.

2. The county board of elections, or the state board of elections, as applicable, shall thereafter set a date for an additional day for voting in the county, city, town or village affected by the statement, which shall not be more than twenty days after the original date of the ~~[general]~~ election and shall determine the hours during which the polls shall remain open on such additional day for voting; provided, however, that in any event the polls shall remain open for not less than eleven hours. ~~[The]~~ Each county board of elections having jurisdiction over such election shall ~~[publish notice thereof not less than twice in each week preceding the date for the additional day for voting, in]~~ notify newspapers as designated in this chapter~~[, and]~~ in the week preceding the date of the additional day of voting. Such notice shall be provided to all media outlets and county, town, city and village clerks and municipal attorneys not less than one week preceding the date of the additional day of voting and shall be posted on the board's website as soon as possible. To the extent practicable, the board shall notify all registered voters by mail. Such notice shall also direct attention to any change of polling places and shall contain such other and additional information as in the judgment of the board of elections shall be necessary and proper.

3. Official ballots shall be provided at public expense at each polling place for such additional day of election. In any election district in which voting machines were used upon the original day of voting, they shall be used for the additional day for voting. The ~~[original seal]~~ security seals on such machines shall not be removed nor shall the machines be unlocked until the opening of the polls on the additional day for voting and the board of elections shall provide ~~[an]~~ additional ~~[seal]~~ security seals to be used as soon as the polls are closed on such day.

4. Only those persons duly registered to vote upon the original date of the ~~[general]~~ election who did not vote on such date shall be entitled to vote on the additional day for voting. Voting on the additional day provided for in this section shall be accomplished solely by physically appearing at the polling place and nothing contained in this section shall be construed to extend the time set by law for casting or canvassing a special, military, absentee, special federal or special presidential ballot; provided, however, that nothing contained herein shall be deemed to invalidate any special, military, absentee, ~~[military]~~ special federal or special presidential ballot duly received on the original date of the ~~[general]~~ election.

5. (a) A county board of elections, or the state board of elections with respect to an election conducted in a political subdivision in the jurisdiction of more than one county board of elections, may determine that, as the direct consequence of a fire, earthquake, tornado, explosion, power failure, act of sabotage, enemy attack or other disaster or state of emergency, the ability to make a filing with respect to any provision of this chapter was substantially impaired. Upon making such a finding, a county board of elections, or the state board of elections shall extend for a reasonable time the period for making such filing. An extension granted pursuant to this subdivision ~~[granted by a county board of elections]~~ shall not be ~~[subject to the approval of the state board of elections if such extension is]~~ longer than ~~[one]~~ two business ~~[day]~~ days.

(b) A county board of elections, or the state board of elections with respect to an election conducted in a political subdivision in the jurisdiction of more than one county board of elections, may determine that, as the direct consequence of a fire, earthquake, tornado, explosion, power failure, act of sabotage, enemy attack or other disaster or state of emergency, the ability to convene a party caucus on the date scheduled for such caucus and make the required filings for the purpose of nominating one or more candidates was substantially impaired. Upon making such a finding, a county board of elections, or the state board of elections, shall postpone for a reasonable time the date of said party caucus and required filings. An extension granted pursuant to this subdivision shall not be longer than one week from the date of the originally-scheduled party caucus.

(c) If an extension is granted pursuant to this subdivision by the state board of elections, such board shall notify the respective county boards of elections of such extension and post such notice on its website.

(d) The county board of elections shall immediately notify media outlets of the extensions provided pursuant to this section, post such notice to its website and, to the extent practicable for the extension of a party caucus, post such notice at the location of the originally-scheduled caucus. The county board of elections shall also provide written notice to all appropriate county, town, city and village clerks and municipal attorneys.

§ 2. This act shall take effect immediately.

13 to such certificates and petitions required to be filed with the state
14 board of elections or a board of elections outside of the city of New
15 York shall be deemed timely filed and accepted for filing if sent by

17 this section, in an envelope postmarked prior to midnight of the last
18 day of filing and received no later than two business days after the
19 last day to file such certificates, petitions, objections or specifica-
20 tions. Failure of the post office or any other person or entity to
21 deliver any such petition, certificate or objection to such board of
22 elections outside the city of New York no later than two business days
23 after the last day to file such certificates, petitions, objections or
24 specifications shall be a fatal defect. Excepted further that all
25 certificates and petitions of designation or nomination, certificates of
26 acceptance or declination of such designations and nominations, certifi-
27 cates of substitution for such designations or nominations and
28 objections and specifications of objections to such certificates and
29 petitions required to be filed with the board of elections of the city
30 of New York must be actually received by such city board of elections on
31 or before the last day to file any such petition, certificate or
32 objection and such office shall be open for the receipt of such
33 petitions, certificates and objections until midnight on the last day to
34 file any such petition, certificate or objection. Failure of the post
35 office or any other person or entity to deliver any such petition,
36 certificate or objection to such city board of elections on or before
37 such last day shall be a fatal defect.

38 § 2. Subdivision 1 of section 4-104 of the election law, as amended by
39 chapter 180 of the laws of 2005, is amended to read as follows:

40 1. Every board of elections shall, in consultation with each city,
41 town and village, designate the polling places in each election district
42 in which the meetings for the registration of voters, and for any

6 particular polling place so designated is subsequently found to be
7 unsuitable or unsafe or should circumstances arise that make a desig-
8 nated polling place unsuitable or unsafe, then the board of elections is
9 empowered to select an alternative meeting place. In the city of New
10 York, the board of elections shall designate such polling places and
11 alternate registration places if the polling place cannot be used for
12 voter registration on Saturdays.
