IN ASSEMBLY

March 17, 2017

Introduced by M. of A. SOLAGES -- read once and referred to the Committee on Governmental Operations

AN ACT to amend the public buildings law, in relation to requiring the establishment of lactation rooms in certain public buildings

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. The public buildings law is amended by adding a new section
2 144 to read as follows:

3 § 144. Lactation room in public buildings. 1. As used in this section:

4 (a) "covered public building" means a public building of the state of
5 New York as described in section two of this chapter that is open to the
6 public and contains a public restroom; and

7 (b) "lactation room" means a hygienic place, other than a bathroom,
8 that:

9 (1) is shielded from view;

10 (2) is free from intrusion; and

11 (3) contains a chair, a working surface, and, if the public building
12 is otherwise supplied with electricity, an electrical outlet.

13 2. A covered public building shall contain a lactation room that is
14 made available for use by a member of the public to express breast milk.

15 3. A covered public building shall be excluded from the requirement of
16 subdivision two of this section if the public building:

17 (a) does not contain a lactation room for employees who work in the
18 building; and

19 (b) does not have a room that could be repurposed as a lactation room
20 or a space that could be made private, at a reasonable cost; or

21 (c) new construction would be required to create a lactation room in
22 the public building and the cost of such construction is unfeasible.

23 4. Nothing in this section shall be construed to authorize an individ-
24 ual to enter a public building that the individual is not otherwise
25 authorized to enter.

26 § 2. This act shall take effect one year after it shall have become a
27 law.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.
