AN ACT to amend the public health law, in relation to the autism detection and education program and mapping of autism locations

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Article 24 of the public health law is amended by adding a new title 1-C to read as follows:

### TITLE 1-C

#### AUTISM DETECTION, EDUCATION AND MAPPING PROGRAM

Section 2415-a. Autism detection, education and mapping program; establishment.

2415-b. Grants to approved organizations.

2415-c. Annual report.

§ 2415-a. Autism detection, education and mapping program; establishment. 1. There is hereby created within the department the autism detection, education and mapping program. This program is established to promote screening and detection of autism, to educate the public regarding autism, to provide counseling and referral services and to map locations of occurrence of autism.

2. The program shall include:

(a) establishment of a statewide public education and outreach campaign to publicize autism detection and education services, such campaign shall include: general community education, autism screening services, information on the extent of coverage for such services by health insurance, any available medical assistance program and other public and private programs.

(b) provision of grants to approved organizations under section twenty-four hundred fifteen-b of this title;

EXPLANATION--Matter in italics (underscored) is new; matter in brackets [-] is old law to be omitted.

LBD05898-01-7

1 (c) compilation of data concerning the autism detection, education and  
2 mapping program including mapping of the frequency of the occurrence of  
3 autism in various locations in the state and dissemination of the data  
4 to the public.

5 § 2415-b. Grants to approved organizations. 1. The commissioner shall  
6 make grants within the amounts appropriated to approved organizations,  
7 as defined in subdivision two of this section, for the provision of  
8 services relating to autism screening, detection and mapping as part of  
9 this program. Such services shall include but not be limited to:

10 (a) promotion and provision of detection of autism;

11 (b) provision of counseling and information on treatment options and  
12 referral for appropriate medical treatment;

13 (c) dissemination of information to the general public and to health  
14 care professionals concerning autism, the benefits of detection and  
15 treatment, and the availability of autism services;

16 (d) identification of local autism screening services within the  
17 approved organization's region;

18 (e) provision of information, counseling and referral services to  
19 individuals diagnosed with autism; and

20 (f) mapping of the frequency of the occurrence of autism in various  
21 locations of the state.

22 2. For the purposes of this section, "approved organization" shall  
23 mean an organization approved by the commissioner, to provide services  
24 under this section. Such organizations shall include, but not be limited  
25 to, the following:

26 (a) a hospital licensed under article twenty-eight of this chapter;

27 (b) a health maintenance organization licensed under article forty-  
28 three of the insurance law or certified under article forty-four of this  
29 chapter;

30 (c) an organization with program expertise in autism related issues;

31 (d) a county or city health department; or

32 (e) any combination of the above.

33 3. The commissioner shall develop standards for the implementation of  
34 autism detection, education and mapping programs by approved organiza-  
35 tions which shall ensure the following:

36 (a) integration of the approved organization with existing health care  
37 providers;

38 (b) maximizing third party reimbursement;

39 (c) providing data collection for mapping of the occurrence of autism  
40 in various locations of the state.

41 § 2415-c. Annual report. The commissioner shall submit on or before  
42 December first, an annual report to the governor and the legislature,  
43 concerning the operation of the autism detection, education and mapping  
44 program. Commencing in two thousand seventeen, such reports shall  
45 include the experience of the program in providing detection, education  
46 and mapping of the frequency of the occurrence of autism in various  
47 locations around the state. Approved organizations shall provide such  
48 data and assessment as the commissioner may require for such report.  
49 Such report shall also include any recommendations for additional action  
50 to respond to the high incidence of autism in this state.

51 § 2. This act shall take effect on the ninetieth day after it shall  
52 have become a law; provided that the commissioner of health is imme-  
53 diately authorized and directed to promulgate, amend and/or repeal any  
54 rule and regulation necessary to implement the provisions of this act on  
55 such effective date.
