48 Memorial Foundation, Safety Equipment Institute, or United States
49 Consumer Product Safety Commission.

50 3. Any person who violates the provisions of subdivision two of this
51 section shall pay a civil fine not to exceed fifty dollars.

52 4. The court shall waive any fine for which a person who violates the
53 provisions of paragraph (a) of subdivision two of this section would be
54 liable if such person supplies the court with proof that between the
55 date of violation and the appearance date for such violation such person
56 purchased or rented a helmet, which meets the requirements of paragraph

(a) of subdivision two of this section. Further, the court shall waive any fine for which a person who violates the provisions of paragraph (b) of subdivision two of this section would be liable if such person supplies the court with proof that between the date of violation and the appearance date for such violation such person purchased or rented a seat which meets the requirements of paragraph (b) of subdivision two of this section. The court may waive any fine for which a person who violates the provisions of subdivision two of this section would be liable if the court finds that due to reasons of economic hardship such person was unable to purchase a helmet or seat. Such waiver of fine shall not apply to a second or subsequent conviction under paragraph (a) or (b) of subdivision two of this section.

5. (a) No person operating a bicycle or electric bicycle shall allow a person five or more years of age and less than fourteen years of age to ride as a passenger on a bicycle or electric bicycle unless such passenger is wearing a helmet meeting standards established by the commissioner.

(b) No person, one or more years of age and less than fourteen years of age, shall operate a bicycle or electric bicycle unless such person is wearing a helmet meeting standards established by the commissioner.

As used in this subdivision, wearing a helmet means having a properly fitting helmet fixed securely on the head of such wearer with the helmet straps securely fastened.

6. (a) Any person who violates the provisions of subdivision five, five-a or five-b of this section shall pay a civil fine not to exceed fifty dollars.

(c) The court may waive any fine for which a person who violates the provisions of subdivision five, five-a, or five-b of this section would be liable if the court finds that due to reasons of economic hardship such person was unable to purchase a helmet or due to such economic hardship such person was unable to obtain a helmet from the statewide in-line skate and bicycle helmet distribution program, as established in section two hundred six of the public health law, or a local distribution program.

7. The failure of any person to comply with the provisions of this section shall not constitute contributory negligence or assumption of risk, and shall not in any way bar, preclude or foreclose an action for personal injury or wrongful death by or on behalf of such person, nor in any way diminish or reduce the damages recoverable in any such action.

1 8. A police officer shall only issue a summons for a violation of
2 subdivision two, five, or five-a of this section by a person less than

5 or guardian and where such parent or guardian is eighteen years of age
6 or more. Such summons shall only be issued to such parent or guardian,
7 and shall not be issued to the person less than fourteen years of age.

8 9. Subdivisions five, five-a, five-b, and six of this section shall
9 not be applicable to any county, city, town or village that has enacted
10 a local law or ordinance prior to the effective date of this subdivision
11 that prohibits a person who is one or more years of age and less than
12 fourteen years of age from operating a bicycle, electric bicycle or
13 skating or gliding on in-line skates or a skate board without wearing a
14 bicycle helmet meeting the standards of the American National Standards
15 Institute (Ansi Z 90.4 bicycle helmet standards), the Snell Memorial
16 Foundation's Standards for Protective Headgear for use in Bicycling, or
17 the American Society of Testing and Materials (ASTM) bike helmet stand-
18 ards, or that prohibits a person operating a bicycle or electric bicycle
19 from allowing a person five or more years of age and less than fourteen
20 years of age to ride as a passenger on a bicycle or electric bicycle
21 unless such passenger is wearing a bicycle helmet that meets such stand-
22 ards. The failure of any person to comply with any such local law or
23 ordinance shall not constitute contributory negligence or assumption of
24 risk, and shall not in any way bar, preclude or foreclose an action for
25 personal injury or wrongful death by or on behalf of such person, nor in
26 any way diminish or reduce the damages recoverable in any such action.
27 The legislative body of a county, city, town or village may enact a
28 local law or ordinance that prohibits a person who is fourteen or more
29 years of age from skating or gliding on in-line skates, operating a
30 skate board, or operating or riding as a passenger on a bicycle or elec-
31 tric bicycle without wearing a bicycle helmet.

32 10. No person shall skate or glide on in-line skates or a skate board

27 § 19-176 Bicycle operation on sidewalks prohibited. a. For purposes of
28 this section:

29 (1) The term "bicycle" shall mean a two or three wheeled device upon
30 which a person or persons may ride, propelled by human power through a
31 belt, a chain or gears, with such wheels in a tandem or tricycle, except
32 that it shall not include such a device having solid tires and intended
33 for use only on a sidewalk by a child.

34 (2) The term "sidewalk" shall mean that portion of the street, whether
35 paved or unpaved, between the curb lines or the lateral lines of a road-
36 way and the adjacent property lines, intended for the use of pedestri-

38 pedestrians the sidewalk will be deemed to be that portion of the street
39 between the building line and the curb.

40 (3) The term "child" shall mean a person less than fourteen years of
41 age.

42 (4) The term "class one electric bicycle" shall have the same meaning
43 as in section one hundred two-c of the vehicle and traffic law.

1 penalty of not less than one hundred dollars nor more than two hundred
2 dollars may be imposed. Such civil penalties may be recovered in a
3 proceeding before the environmental control board. Enforcement agents
4 shall indicate on the summons or notice of violation issued pursuant to

6 another person. Any person who violates any provision of this subdivi-

8 imposition of civil penalties in an amount that is double what would
9 otherwise have been imposed for the commission of a first violation. It
10 shall be an affirmative defense that physical contact between a rider
11 and another person was in no way the fault of the rider.

12 d. Where a summons or notice of violation is issued for a violation of
13 subdivision c of this section, the bicycle or a class one electric bicy-
14 cle may be seized and impounded.

15 e. A bicycle or a class one electric bicycle impounded pursuant to
16 this section shall be released to the owner or other person lawfully

20 the violation is pending in a court or before the environmental control
21 board, upon the posting of a bond or other form of security acceptable
22 to the police department in an amount which will assure the payment of
23 such costs and any fine or civil penalty which may be imposed for the
24 violation. If the court or the environmental control board finds in
25 favor of the defendant or respondent, the owner shall be entitled forth-
26 with to possession of the bicycle or a class one electric bicycle with-
27 out charge or to the extent that any amount has been previously paid for
28 release of the bicycle or a class one electric bicycle, such amount
29 shall be refunded. The police department shall establish by rule the
30 time within which bicycles or class one electric bicycles which are not
31 redeemed may be deemed abandoned and the procedures for disposal.

32 f. The owner of a bicycle or a class one electric bicycle shall be
33 given the opportunity for a post seizure hearing within five business
34 days before the environmental control board regarding the impoundment.
35 The environmental control board shall render a determination within
36 three business days after the conclusion of the hearing. Where the board
37 finds that there was no basis for the impoundment, the owner shall be
38 entitled forthwith to possession of the bicycle or a class one electric
39 bicycle without charge or to the extent that any amount has been previ-

43 the rider shall be given written notice of the procedure for redemption
44 of the bicycle or a class one electric bicycle and the procedure for
45 requesting a post seizure hearing. Where the rider of a bicycle or a
46 class one electric bicycle is not the owner thereof notice provided to
47 the rider shall be deemed to be notice to the owner. Where the defendant
48 or respondent is less than eighteen years old such notice shall also be
49 mailed to the parent, guardian or where relevant, employer of the
50 respondent, if the name and address of such person is reasonably ascer-
