(b) A judgment of parentage may be issued prior to birth but shall not become effective until the birth of the child.

- (c) A judgment of parentage shall be issued by the court upon the petition of (1) a child, or (2) a parent or a presumed parent, or (3) a participant, or (4) the support/enforcement agency or other governmental agency authorized by other law, or (5) a representative authorized by law to act for an individual who would otherwise be entitled to maintain a proceeding but who is deceased, incapacitated, or a minor, in order to legally establish the child-parent relationship of either a child born through assisted reproduction under part three of this article or a child born pursuant to a gestational carrier arrangement under part four of this article.
- § 581-202. Proceeding for judgment of parentage of a child born through assisted reproduction. (a) A proceeding for a judgment of 14 parentage may be commenced:
  - (1) if the intended parent resides in New York state, in the county where the intended parent resides any time after pregnancy is achieved or in the county where the child was born or resides; or
  - (2) if the intended parent and child do not reside in New York state, up to ninety days after the birth of the child in the county where the child was born.
  - (b) The petition for a judgment of parentage must be verified and <u>include the following:</u>
  - (1) a statement that the intended parent has been a resident of the state for at least ninety days or if the intended parent is not a New York state resident, that the child was born in the state; and
  - (2) a statement from the gestating parent that the gestating parent became pregnant as a result of the donation of the gamete or embryo and a representation of non-access during the time of conception; and
  - (3) a statement that the non-gestating intended parent consented to assisted reproduction pursuant to section 581-304 of this article; and (4) proof of donor's donative intent.
  - (c) The following shall be deemed sufficient proof of a donor's donative intent for purposes of this section:
  - (1) in the case of an anonymous donor or where gametes or embryos have previously been relinquished to a gamete or embryo storage facility, a statement from the gamete or embryo storage facility with custody of the gametes or embryos that the donor does not retain any parental or proprietary interest in the gametes or embryos; or
  - (2) in the case of a donation from a known donor, a record from the gamete or embryo donor acknowledging the donation and confirming that the donor has no parental or proprietary interest in the gametes or embryos. The record shall be signed by the gamete or embryo donor:
    - i. before a notary public, or
    - ii. before two witnesses who are not the intended parents, or
    - iii. before the health care provider, who supervised the donation.
- 47 (3) In the absence of a record pursuant to paragraph two of this subdivision, notice shall be given to the donor at least twenty days 48 prior to the proceeding by delivery of a copy of the petition and 49 notice. Upon a showing to the court, by affidavit or otherwise, on or 50 51 before the date of the proceeding or within such further time as the court may allow, that personal service cannot be effected at the donor's 52 53 last known address with reasonable effort, notice may be given, without 54 prior court order therefore, at least twenty days prior to the proceeding by registered or certified mail directed to the donor's last known 55

address. Notice by publication shall not be required to be given to a donor entitled to notice pursuant to the provisions of this section.

- (4) Notwithstanding the above, where sperm is provided under the supervision of a health care provider to someone other than the sperm provider's intimate partner or spouse without a record of the sperm provider's intent to parent, the sperm provider is presumed to be a Donor and notice is not required.
- (d) Where a petition for parentage demonstrates the consent of the intended parent to assisted reproduction, the donative intent of the gamete or embryo donor and that the pregnancy resulted from the donation, the court shall issue a judgment of parentage:
- (1) declaring, that upon the birth of the child, the intended parent is the only legal parent of the child; and
- (2) ordering the intended parent to assume sole responsibility for the maintenance and support of the child immediately upon the birth of the child; and
- (3) ordering that upon the birth of the child, a copy of the judgment of parentage be served on the (i) department of health or New York city department of mental health and hygiene, or (ii) registrar of births in the hospital where the child is born and directing that the hospital report the parentage of the child to the appropriate department of health in conformity with the court order. If an original birth certificate has already issued, the court shall issue an order directing the appropriate department of health to amend the birth certificate in an expedited manner and seal the previously issued birth certificate.
- § 581-203. Proceeding for judgment of parentage of a child born pursuant to a gestational carrier arrangement. (a) The proceeding may be commenced at any time after the gestational agreement has been executed by all of the parties. Any party to the gestational agreement not joining in the petition must be served with notice of the proceeding. Failure to respond to the notice shall be considered a default and no further notice shall be required.
- 33 (b) The petition for a judgment of parentage must be verified and 34 include the following:
  - (1) A statement that the gestational carrier or the intended parent has been a resident of the state for at least ninety days at the time the gestational agreement was executed; and
  - (2) A certification from the attorneys representing the petitioners that the parties are eligible to participate in the gestational carrier arrangement as required by section 581-404 of this article and that the gestational agreement contains the required terms under section 581-405 of this article; and
  - (3) A statement that the parties entered into the gestational agreement knowingly and voluntarily.
  - (c) Where a petition satisfies subdivision (b) of this section, the court shall issue a judgment of parentage, without additional proceedings or documentation:
- 48 (1) Declaring, that upon the birth of a child born during the term of 49 the gestational agreement, the intended parent is the legal parent of 50 the child; and
- 51 (2) Declaring, that upon the birth of a child born during the term of 52 the gestational agreement, the gestational carrier, and the gestational 53 carrier's spouse, if any, is not the legal parent of the child; and
- 54 (3) Ordering the gestational carrier and the gestational carrier's 55 spouse, if any, to transfer the child to the intended parent if this has 56 not already occurred; and

If an original birth certificate has already issued, the court shall issue an order directing the appropriate department of health to amend the birth certificate in an expedited manner and seal the previously issued birth certificate.

 spouse, the consent of both spouses to the assisted reproduction is presumed and neither spouse may challenge the parentage of the child, except as provided in section 581-305 of this part.

- (b) Where the intended parent who gives birth to a child by means of assisted reproduction is not a spouse, the consent to the assisted reproduction must be in a record in such a manner as to indicate the mutual agreement of the intended parents to conceive and parent a child together.
- 9 (c) The absence of a record described in subdivision (b) of this
  10 section shall not preclude a finding that such consent existed if the
  11 court finds by clear and convincing evidence that at the time of the
  12 assisted reproduction the intended parents agreed to conceive and parent
  13 the child together.
  - § 581-305. Limitation on spouses' dispute of parentage of child of assisted reproduction. (a) Except as otherwise provided in subdivision (b) of this section, neither spouse may challenge the presumption of parentage of the child unless:

  - (2) The court finds by clear and convincing evidence that either spouse did not consent for the non-gestating spouse to be a parent of the child.

  - (1) The spouse did not consent to assisted reproduction by the individual who gave birth; and
  - (2) The spouse and the individual who gave birth have not cohabited since the spouse knew or had reason to know of the pregnancy; and
    - (3) The spouse never openly held out the child as his or her own.
  - (c) The limitation provided in this section applies to a spousal relationship that has been declared invalid after assisted reproduction or artificial insemination.
  - § 581-306. Effect of embryo disposition agreement between intended parents which transfers custody and control to one intended parent. (a) An embryo disposition agreement between intended parents with joint custody and control of an embryo shall be binding under the following circumstances:

  - (2) each intended parent had the advice of counsel prior to its execution; and
  - (3) where the intended parents are married, transfer of custody and control occurs only upon divorce.
  - (b) The intended parent who transfers custody and control of the embryo is not a parent of any child born from the embryo unless the agreement states that he or she consents to be a parent.
  - (c) If the intended parent transferring custody and control consents to be a parent, he or she may withdraw his or her consent to be a parent upon notice to the embryo storage facility and to the other intended parent prior to transfer of the embryo. If he or she timely withdraws consent to parent he or she is not a parent for any purpose including support obligations but the embryo transfer may still proceed.
- (d) An embryo disposition agreement or advance directive that is not
   in compliance with subdivision (a) of this section may still be found to
   be enforceable by the court after balancing the respective interests of
   the parties except that under no circumstances may the intended parent
   who divested him or herself of custody and control be declared to be a

If an individual who consented in a record to be a parent by assisted reproduction dies before the transfer of eggs, sperm, or embryos, the deceased individual is not a parent of the resulting child unless the deceased individual consented in a signed record that if assisted reproduction were to occur 9 after death, the deceased individual would be a parent of the child, 10 provided that the record complies with the estates, powers and trusts 11 law.
