IN SENATE

March 16, 2017

Introduced by Sen. STAVISKY -- read twice and ordered printed, and when printed to be committed to the Committee on Commerce, Economic Development and Small Business

AN ACT to amend the public authorities law, in relation to creating the community college high-technology investment program (C-CHIP)

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative intent. The legislature hereby finds that
2 significant employment opportunities exist in growing fields where
3 complex technologies require advanced skills. Access to modern, effi-
4 cient facilities and equipment will provide students with the ability to
5 learn about, develop and apply new technologies. Having access to these
6 modern facilities and equipment will provide students with the knowledge
7 and skill required for employment in the ever-expanding high-technology
8 sector or in other sectors of the economy, including manufacturing and
9 service, that utilize advanced, high-technology-related processes. The
10 legislature finds that it is proper and essential for the state to
11 support efforts that will provide students with updated and modern
12 facilities and equipment where skills can be learned in a setting that
13 best matches the workplaces for which the students are being prepared.
14 The legislature also finds and declares that a well-trained and skilled
15 workforce will attract businesses seeking to enhance production, modern-
16 ize or expand as well as start up or relocate to New York state.

17 The legislature hereby authorizes the creation of the community
18 college high-technology investment program (C-CHIP).

19 § 2. The public authorities law is amended by adding a new section
20 3154-a to read as follows:

21 § 3154-a. Community college high-technology investment program. 1. A
22 community college high-technology investment program (hereafter referred
23 to as C-CHIP) is hereby created.
