2 such services are made available to any school district within the
3 supervisory district and that the requirements of this subparagraph are
4 met. Contracts must be executed by the board of cooperative educational
5 services and the trustees or boards of education of such out-of-state

11 total enrolled students in the instructional program at the board of
12 cooperative educational services and that the board of cooperative
13 educational services spends no more than thirty percent of its employ-

30 this paragraph.
