2019-2020 Regular Sessions

IN SENATE

January 9, 2019

Introduced by Sen. BENJAMIN -- read twice and ordered printed, and when printed to be committed to the Committee on Corporations, Authorities and Commissions

AN ACT to amend the New York state urban development corporation act, in relation to the small business regional revolving loan trust fund and the small business regional revolving loan program

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Statement of legislative intent. The legislature hereby
2 finds and declares that small businesses are the economic backbone of
3 the state and the source of a majority of new jobs. The legislature
4 further finds that such businesses often have difficulty obtaining small
5 amounts of capital from traditional banking organizations that is neces-
6 sary to start-up, improve, or expand operations. State assistance in the
7 form of loans to meet such capital gaps would enable the formation and
8 expansion of small businesses across the state and, thus, provide job
9 opportunities to the state's citizens. The legislature further finds
10 that the existing regional revolving loan program of the state urban
11 development corporation demonstrated that it is more efficient and
12 effective to provide such loans through regional not-for-profit corpo-
13 rations that are knowledgeable about local businesses and economic
14 conditions. Therefore, it is the intent of the legislature to improve
15 job opportunities in the state by revitalizing the urban development
16 corporation's regional revolving loan program and re-naming it the small
17 business regional revolving loan program.

18 § 2. The New York state urban development corporation created by chap-
19 ter 174 of the laws of 1968 is hereby directed to audit, pursuant to
20 subdivision (19) of section 16-a of section 1 of the urban development
21 corporation act, each existing regional corporation administering a
22 small business regional revolving loan fund and to either recertify such
23 regional corporation or decertify such regional corporation and competi-

tively select a successor corporation to administer the small business regional revolving loan fund. In the case of regions that do not have a regional corporation administering a small business regional revolving loan fund or that have a decertified regional corporation, the urban development corporation shall issue a request for proposals, pursuant to the provisions of section 16-a of section 1 of the urban development corporation act, to administer small business regional revolving loan funds. The corporation shall select from the proposals received the most qualified applicant in each region pursuant to subdivisions (4), (5), and (6) of such section 16-a. If there is no applicant or no qualified applicant in a region of the state, that region shall not participate in the small business regional revolving loan fund program. The corporation, from money available for this purpose, shall allocate funds to each regional corporation pursuant to subdivision 1 of such section 16-a.

§ 3. Section 16-a of section 1 of chapter 174 of the laws of 1968, constituting the New York state urban development corporation act, as amended by chapter 477 of the laws of 2002, subdivision 20 as amended by chapter 378 of the laws of 2018 and subdivision 21 as amended by chapter 524 of the laws of 2005, is amended to read as follows:

§ 16-a. ~~[Regional]~~ Small business regional revolving loan program. (1) The corporation shall establish a fund to be known as the "small business regional revolving loan trust fund" and shall pay into such fund any monies made available to the corporation for such fund from any source. The monies held in or credited to the fund shall be expended solely for the purposes set forth in this section. The corporation shall not commingle the monies of such fund with any other monies of the corporation or any monies held in trust by the corporation.

(2) The corporation shall allocate any monies made available for such fund for the purpose of making grants to regional corporations. The grants shall be allocated as follows:

(a) fifty percent divided equally among the regions;

(b) fifty percent according to a formula weighted in favor of those regions with the greatest levels of economic distress as determined by poverty rates, number of persons receiving public assistance, unemployment rates, rate of employment decline and such other indicators of economic distress as the corporation deems appropriate; and

(c) in the event a regional corporation advises the corporation that it does not require all or a portion of the funds to be distributed pursuant to this subdivision, such funds shall be re-distributed by the corporation equally among the other regional corporations.

(3) In accordance with the rules and regulations of the corporation, each regional corporation shall establish two special accounts for monies received by the regional corporation pursuant to the provisions of this section. The grant monies received from the corporation, earnings on such monies, and any principal repayments shall be deposited in a loan fund account; any interest earned by the regional corporation on loans will be deposited in a separate interest repayment account. A regional corporation shall be authorized to provide financing assistance to eligible projects. Any interest earned from its loans may be used by a regional corporation for the cost of administering the programs authorized by this section.

(4) Regional corporations shall be selected by the corporation from among eligible applicants to administer a small business regional revolving loan program. An eligible applicant shall:

(a) represent at least two entire contiguous counties;

(c) have an effective plan to market its services to small businesses through such entities as chambers of commerce, industry trade associations, banks, local development corporations, community based organizations and industrial development agencies; and

(d) have established a loan committee composed of five or more persons experienced in commercial lending or in the operation of a for-profit business and a staff person of the regional office of the department of economic development. Such loan committee shall review every application to the regional corporation for financial assistance pursuant to this section, shall determine the feasibility of the transaction proposed in the application and shall recommend to the board of directors or other governing body of the regional corporation such action as the committee deems appropriate.

(5) Applications to the corporation for certification or recertification as a regional corporation shall:

(a) describe the applicant corporation, including its organization, membership, loan committee, staff, and sources of other funds, if any;

(b) identify the geographic region to be served;

(c) explain the methods and criteria to be used in determining firms eligible for financial assistance from the small business regional revolving loan program;

(d) describe the means for coordinating financial assistance available from the small business regional revolving loan program with financial assistance available from other public funding sources within the region and how such program will be used to leverage private financing for projects;

~~[(e) at any time, the corporation may consider proposals to reconfigure geographic areas served by regional corporations;]~~ and

~~[(f)]~~ (e) contain such other information as the corporation deems appropriate.

(6) The corporation shall select, from among eligible applicants, regional corporations to administer revolving loan programs, on the basis of:

(a) the ability of the regional corporation to administer the financial assistance programs authorized under this section;

(b) the extent of coordination with other publicly supported financial assistance programs available within the region represented by the regional corporation;

(c) the degree of public and private support within the region for the applicant regional corporation; and

(d) the ability of the regional corporation to provide financial and other assistance to businesses located in distressed areas within the region.

(6-a) The corporation shall, every five years, recertify that each regional corporation has complied with the terms and conditions of this section. In the event a regional corporation is not recertified, or its certification is withdrawn pursuant to subdivision nineteen of this section, then the corporation shall give written notice to such regional corporation which shall thereafter neither make new loans nor undertake new obligations except upon written approval of the corporation. The corporation may thereafter certify another regional corporation in the manner provided in this section for the selection of regional corpo-

1 rations. Upon the certification of a successor regional corporation, all
2 remaining loan funds, records and accounts of the regional corporation
3 not recertified shall be transferred to the corporation and the regional
4 corporation not recertified shall cease to function pursuant to this
5 section. The corporation shall transfer returned funds to a successor
6 regional corporation, or in the event no successor regional corporation
7 is formed, equally to other existing regional corporations.

8 (7) A regional corporation certified by the corporation shall use the
9 funds received from the corporation, subject to the terms, conditions
10 and restrictions set forth in this section, to provide financial assist-
11 ance to eligible businesses as defined in subdivision seventeen of
12 section three of this act, for projects that demonstrate a substantial
13 likelihood of providing increases in net new permanent jobs or retaining
14 jobs in businesses that need such financial assistance to remain viable.
15 The regional corporation certified by the corporation shall also use the
16 funds received from the corporation, subject to the terms, conditions,
17 and restrictions set forth in this section, to provide financial assist-
18 ance to micro-enterprises, defined as any commercial business with five
19 or fewer employees, one or more of whom is the owner.

20 (8) The decision to approve or reject an application for financial
21 assistance pursuant to the provisions of this section shall be made by a
22 majority of the directors of the regional corporation, and such decision
23 shall be final. No member of the board or other governing body of a
24 regional corporation shall participate in a decision on a project appli-
25 cation when such member is a party to or has a financial interest in
26 such project. Any member who cannot participate in a decision on a
27 project application for such reason shall not be counted as a member of
28 the board or other governing body for purposes of determining the number
29 of members required for a majority vote on such application.

30 (9) No employee or officer of any regional corporation shall be a
31 party to or have any financial interest in any project that receives
32 financial assistance pursuant to this section.

33 (10) A regional corporation, in approving applications for financial
34 assistance, shall give priority to projects:

- 35 (a) that will provide increases in net new permanent jobs;
- 36 (b) located in economically distressed areas as defined by the corpo-
37 ration or employing persons who live in such areas;
- 38 (c) of minority or women-owned enterprises or enterprises owned by
39 dislocated workers, such workers as defined in the Workforce Investment
40 Act (P.L. 105-220); and
- 41 (d) of businesses in the early stages of development that have been
42 denied access to credit.

43 (11) The funds allocated to each regional corporation pursuant to this
44 section may be used to guarantee the repayment of a working capital loan
45 provided by a banking organization to finance an eligible project.
46 Guarantees may be provided for up to ninety percent of the required
47 total project financing, provided that no more than one hundred thousand
48 dollars may be guaranteed for any project. Guarantees may be made for

50 ing capital, revolving lines of credit, and seasonal inventory and
51 accounts receivable loans. Guarantees may be made for up to ninety
52 percent of the required total financing up to a maximum of one hundred
53 fifty thousand dollars for interim financing where another lender or
54 guarantor will provide permanent financing within one hundred eighty
55 days. In no event may a loan guarantee be for a term longer than five
56 years. Any loan made by a banking organization that is guaranteed pursu-

1 ant to this subdivision shall be secured by a security agreement, chat-
2 tel paper, loan agreement, or such other instruments or documents deemed
3 necessary or convenient by the regional corporation to secure the loan.
4 Any guarantee made pursuant to this subdivision shall be backed by a
5 minimum reserve within the account established by each regional corpo-
6 ration of at least twenty-five percent of the amount guaranteed that is
7 outstanding.

8 (11-a) A regional corporation, in addition to receiving funds as
9 provided in this section, may also apply for and accept funds from any
10 other source for the purpose of furthering its goals and objectives.
11 Such funds may be used in the same manner as funds received from the
12 corporation to carry out the purposes of this section.

13 (12) The funds of each regional corporation derived pursuant to this
14 section may be used to provide loans for working capital for eligible
15 projects; provided that the amount of the loan does not exceed ninety
16 percent of the total project cost, or one hundred thousand dollars,
17 whichever is less. The interest rate and the terms ~~[en]~~ of such loans
18 shall be determined by the regional corporation, but in no event shall
19 the interest rate be less than ~~[five-percent]~~ the federal discount rate.
20 The term of any loan shall not exceed five years. All loans shall be
21 secured by lien positions on collateral at the highest level of priority
22 that can accommodate the borrower's ability to raise sufficient debt and
23 equity capital for the project.

24 (13) A regional corporation shall not provide any financial assistance
25 authorized by this section unless the following conditions are met:

26 (a) the applicant has demonstrated that there is little prospect of
27 obtaining the project financing requested from other public sources of
28 funding within the region, including local revolving loan funds, and
29 that there is little prospect of obtaining adequate project financing
30 from private sources of capital, or in the case of a loan guarantee,
31 that there is little prospect of obtaining project financing without the
32 guarantee; except that in the case of local revolving loan funds, finan-
33 cial assistance from the small business regional revolving loan fund
34 account may be provided for a project in conjunction with financial

51 acting in an official capacity has personally visited the project site
52 and/or the applicant's place of business; and

53 (h) financial commitments for the project have been obtained from
54 other public and private sources.

55 (14) Grants made by the corporation pursuant to this section shall not
56 be made available for:

(a) projects that would result in the relocation of any business operation from one municipality within the state to another, except under one of the following conditions: (i) when a business is relocating within a municipality with a population of at least one million where the governing body of such municipality approves such relocation; or (ii) the regional corporation notifies each municipality from which such business operation will be relocated and each municipality agrees to such relocation;

(b) projects of newspapers, broadcasting or other news media; medical facilities, libraries, community or civic centers; or public infrastructure improvements;

(19) The corporation shall annually conduct an audit of each regional corporation to ensure conformity of all aspects of program administration and of financial assistance transactions with the substantive and procedural provisions of this section.
