(3) (a) Deputy sheriff, county corrections, or state corrections 1 service. Upon completion of more than seventeen years of service, each 2 such member who was previously credited with service credit in the New 3 4 York state and local employees' retirement system as a deputy sheriff, 5 county corrections officer, or member in the uniformed personnel in 6 institutions under the jurisdiction of the department of corrections and 7 community supervision as defined in subdivision i of section eighty-nine 8 of this chapter and who was engaged directly in law enforcement activ-9 ities while performing such services shall receive one year of service 10 credit for each such year of previous service, up to a total of no 11 greater than two years of previous service credit. 12 (b) To obtain such credit, a member shall pay such retirement system, for deposit in the fund used to accumulate employer contributions, a sum 13 14 equal to the product of the number of years of police service being 15 claimed and three percent of such member's compensation earned during the twelve months of credited service immediately preceding the date 16 17 that the member made application for credit pursuant to this section. If permitted by rule or regulation of the retirement system, the member may 18 pay such member costs by payroll deduction for a period which shall not 19 20 exceed the time period of police service to be credited pursuant to this 21 section. In the event the member leaves the employer payroll prior to 22 completion of payment, he or she shall forward all remaining required payments to the appropriate retirement system prior to the effective 23 date of retirement. If the full amount of such member costs is not paid 24 25 to the appropriate retirement system prior to the member's retirement, the amount of service credited shall be proportional to the total amount 26 27 of the payments made prior to retirement. 28 (c) In no event shall the credit granted pursuant to this paragraph, when added to credit granted for police service with any retirement 29 30 system of this state pursuant to this or any other provision of law, 31 exceed a total of two years. 32 (d) To be eligible to receive credit for police service under this 33 paragraph, a member must make application for such credit before the 34 effective date of retirement. (e) All costs for service credited to a member pursuant to this para-35 36 graph, other than the member costs set forth in subparagraph (b) of this 37 paragraph, shall be paid by the state. 38 (f) Notwithstanding any other provision of law, in the event of death 39 prior to retirement, amounts paid by the member for the purchase of police service credit pursuant to this paragraph shall be refunded, with 40 interest, to the extent the police service purchased with such amounts 41 42 does not produce a greater death benefit than would have been payable 43 had the member not purchased such credit. 44 (g) Notwithstanding any other provision of law, in the event of retirement, amounts paid by the member for the purchase of police 45 46 service credit pursuant to this section shall be refunded, with inter-47 est, to the extent the police service purchased with such amounts does 48 not produce a greater retirement allowance than would have been payable 49 had the member not purchased such credit. 50 (h) In the event the service credit granted pursuant to this paragraph, when added to a member's current service credit, renders him or 51 52 her eligible for service retirement, such member shall be deemed eligi-53 ble for such service retirement and may elect to retire under the rules 54 set forth by the retirement system.

55 § 2. This act shall take effect immediately. FISCAL NOTE.--Pursuant to Legislative Law, Section 50: This bill would allow up to two (2) years of service credit for service rendered as a deputy sheriff, county corrections officer or state corrections officer to be creditable to State Police officers. Such officers must have at least seventeen years of credited service and would be required to make a payment of three percent of their most recent compensation per year of additional service credit being purchased under the provisions of this bill.

If this bill is enacted during the 2022 legislative session, it is estimated that the past service cost will average approximately 22% of an affected officer's compensation for each year of additional service credit that is purchased. This cost will be borne entirely by the State of New York.

Internal Revenue Service (IRS) plan qualification issues: granting service credit towards retirement in a 20-year plan in the New York State and Local Police and Fire Retirement System (PFRS) for employment that was not rendered in the PFRS could jeopardize the Retirement System's governmental plan status and its exemption from ERISA. This could result in the loss of qualified status, which would mean the loss of tax benefits and would substantially impair the System's value to our more than one million participants.

Prior to the enactment of this legislation, we recommend that a favorable ruling be obtained from the IRS stating that these provisions would not harm the qualification status of the System. It is estimated that the costs to obtain such a ruling would be \$28,000 for the services of the IRS, and \$800 per hour for legal consultants.
