IN ASSEMBLY

April 29, 2022

Introduced by M. of A. SOLAGES -- read once and referred to the Committee on Transportation

AN ACT to amend the vehicle and traffic law, in relation to authorizing the village of Floral Park in the county of Nassau to establish a residential parking system

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative findings and intent. The legislature finds that
2 a lack of parking for residents of certain areas of the village of
3 Floral Park, Nassau county, has resulted in traffic hazards, congestion
4 and air and noise pollution. In addition, such lack of parking poses a
5 hazard to residents and other pedestrians in such areas.

6 The legislature further finds that a residential parking system within
7 such areas would be in the public interest. The legislature further
8 finds that a residential parking system within such areas will reduce
9 such hazards and will reduce pollution levels as well. The legislature,
10 therefore, hereby declares the necessity of this act to authorize the
11 village of Floral Park to adopt a residential parking permit system in
12 accordance with the provisions of this act.

13 § 2. The vehicle and traffic law is amended by adding a new section
14 1640-r to read as follows:

15 § 1640-r. Residential parking system in the village of Floral Park in
16 the county of Nassau. 1. Notwithstanding the provisions of any law to
17 the contrary, the village board of the village of Floral Park may, by
18 adoption of a local law or ordinance, provide for a residential parking
19 permit system and fix and require the payment of fees applicable to
20 parking within the area in which such parking system is in effect in
21 accordance with the provisions of this section.

22 2. Such residential parking permit system may only be established
23 within the area of the village which shall mean that area generally
24 bounded by the following:

25 All of that area beginning at the intersection of Plainfield Avenue
26 and Magnolia Avenue; proceeding east on Magnolia Avenue to its inter-
27 section with Ward Street; thence running southerly on Ward Street to its

For the purposes of this paragraph, permit parking may be implemented on both sides of any street whose center line is herein utilized as a boundary description; provided, however, that except for the reference to state highways solely for the purposes of delineating the boundaries of the area described in this paragraph, the provisions of this section shall not apply to any state highway maintained by the state.

3. Notwithstanding the foregoing, no permit shall be required on streets or those portions of such streets where the adjacent properties are zoned for commercial or retail use.

4. The local law or ordinance providing for such residential parking system shall:

(a) set forth factors necessitating the enactment of such parking system;

(b) provide that motor vehicles registered pursuant to section four hundred four-a of this chapter shall be exempt from any permit requirement;

(c) provide the times of the day and days of the week during which permit requirements shall be in effect;

(d) make not less than twenty percent of all spaces within the permit area available to non-residents, and shall provide short-term parking of not less than ninety minutes in duration in such area;

(e) provide the schedule of fees to be paid for such permits; and

(f) provide that such fees shall be credited to the general fund of the village.

5. No ordinance shall be adopted pursuant to this section until a public hearing thereon has been had in the same manner as required for public hearings on a local law pursuant to the municipal home rule law.

§ 3. This act shall take effect immediately.
