- (a) "Closed construction" shall mean any building, building component, assembly, or system manufactured in such a manner that all concealed parts or processes of manufacture cannot be inspected before installation at the building site without disassembly, damage, or destruction.
- 8 (b) "Component" shall mean any sub-system, sub-assembly, or other
 9 system or fabrication designed for use in or as part of a structure,
 10 which may include woodwork, cases, cabinets or counters and the fabri11 cation of electrical, plumbing, heating, cooling, ventilation, fire
 12 protection, exhaust duct systems, and mechanical insulation, or other
 13 systems affecting health and safety, designed and engineered for instal14 lation in the construction, repair, or renovation of a manufactured
 15 building.
- 16 (c) "Manufactured building" shall mean a structure consisting of one
 17 or more transportable sections of closed construction built within a
 18 manufacturing facility when such building is designed to be greater than
 19 six stories in height.
- 20 (d)"Manufacturing facility" shall mean the place or places at which 21 machinery, equipment, and other materials are assembled and operated for 22 the purposes of making, fabricating, forming, or assembling manufactured 23 buildings or components.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets

1 (e) "Modular construction" shall mean all aspects of the construction 2 of a manufactured building.

- (f) "Municipal" or "municipality" shall mean a city with a population of one million or more.
- 5 2. Modular construction shall comply with any existing municipal licensing requirements for all electrical, plumbing, and fire 6 7 suppression work, including licensing requirements that require plumb-8 ing, fire suppression, and electrical work to be done under the direct 9 and continuing supervision of a person licensed by such municipality, 10 whether any phase of such construction is done within the geographical 11 boundaries of such municipality or in a manufacturing facility located outside the municipality. No municipality shall exempt modular 12 13 construction from any such licensing requirements and shall consider all phases of such modular construction the same as conventional 14 15 construction erected within the geographical boundaries of the munici-16 pality for purposes of such licensing requirements.
- 17 § 2. Section 242 of the labor law, as amended by chapter 367 of the laws of 1969, is amended to read as follows:
- 19 § 242. Application and enforcement of article. Notwithstanding any 20 other law or regulation, local or general, the provisions of this arti-21 cle and the rules issued thereunder shall be applicable exclusively throughout the state and the commissioner shall have exclusive authority 22 to enforce this article and the rules issued thereunder. Section two 23 hundred forty-one-c of this article shall supersede any existing state 24 25 or local law or rule except any requirements already existing under article twenty-one-b of the executive law; further, no municipality 27 shall adopt a law or regulation which is intended to reduce the restrictions as set forth in section two hundred forty-one-c of this 28 29
- 30 § 3. This act shall take effect immediately.
