AN ACT to amend the retirement and social security law, in relation to authorizing certain persons in an optional twenty year retirement plan for state university police officer service and regional state park police

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 previous service, additional pension equal to one-sixtieth of his or her  
2 final average salary.

3 § 2. This act shall take effect immediately.

FISCAL NOTE.-- Pursuant to Legislative Law, Section 50:

This bill would allow up to 5 years of previous service credit rendered as a SUNY Police officer or Regional State Park Police officer to become creditable service under Section 384-e of the Retirement and Social Security Law. Upon completion of 20 years of service credit and upon retirement, an affected member would receive an additional pension of one sixtieth of final average salary for each such additional year credited.

If this bill is enacted during the 2021 legislative session, we estimate that there would be a past service cost that would average 14% of affected members' compensation for each year of additional service credit granted by this bill. All costs would be shared by the State of New York and the participating employers in the New York State and Local Police and Fire Retirement System.

The exact number of current members and future members who could be affected by this legislation cannot be readily determined.
