2 (a) Payments of first party benefits and additional first party benefits shall be made as the loss is incurred. Such benefits are overdue if not paid within thirty days after the claimant supplies proof of the fact and amount of loss sustained. If proof is not supplied as to the entire claim, the amount which is supported by proof is overdue if not paid within thirty days after such proof is supplied. All overdue payments shall bear interest at the rate of two percent per month. 1 gated or approved by the superintendent. Such simplified procedures
2 shall:

3 (i) permit a claimant to group disputes arising from the same occur-
4 rence with a single insurer based on common questions of law and fact;

5 (ii) permit either the claimant or the insurer, at their own expense,
6 to record or transcribe all proceedings related to the arbitration
7 demand;

8 (iii) include an expedited eligibility hearing option, when required,
9 to designate the insurer for first party benefits pursuant to subsection
10 (d) of this section. The expedited eligibility hearing option shall be a
11 forum for eligibility disputes only, and shall not include the
12 submission of any particular bill, payment or claim for any specific
13 benefit for adjudication, nor shall it consider any other defense to
14 payment. ~~(c)~~ The expedited eligibility hearing option shall also be
15 available to promptly adjudicate all disputes related to document
16 requests and examinations under oath of a claimant health service
17 provider regarding the provider's ineligibility for reimbursement due to
18 the alleged failure to meet any applicable New York state or local
19 licensing requirement necessary to perform such service in New York, or
20 meet any applicable licensing requirement necessary to perform such
21 service in any other state where such service is performed. The timely
22 filing of the request for expedited eligibility hearing shall toll the
23 time to comply until the time set forth in the arbitrator's decision.

24 (2) The commencement of a court proceeding or the submission of a
25 dispute to arbitration shall not preclude a claimant from electing to
26 submit other disputes arising from the same occurrence to the alternate
27 forum. Arbitrators are required to follow and apply substantive law. An
28 award by an arbitrator shall be binding except where vacated or modified
29 by a master arbitrator in accordance with simplified procedures to be
30 promulgated or approved by the superintendent. The grounds for vacating
31 or modifying an arbitrator's award by a master arbitrator shall not be
32 limited to those grounds for review set forth in article seventy-five of
33 the civil practice law and rules and shall include factual, legal and
34 procedural errors. The award of a master arbitrator shall be binding
35 except for the grounds for review set forth in article seventy-five of
36 the civil practice law and rules[~~, and provided further that where the~~
37 ~~amount of such master arbitrator's award is five thousand dollars or~~
38 ~~greater, exclusive of interest and attorney's fees, the insurer or the~~
39 ~~claimant may institute a court action to adjudicate the dispute de~~
40 ~~novo~~].

41 (3) With respect to an action for serious personal injury permissible
42 under section five thousand one hundred four of this article, the award
43 or decision of an arbitrator or master arbitrator rendered pursuant to a
44 no-fault proceeding shall not constitute a collateral estoppel of the
45 issues arbitrated, but such an award or decision may be admissible as
46 relevant evidence by a party to an action.

47 § 2. Section 5102 of the insurance law is amended by adding a new
48 subsection (n) to read as follows:
