2 implementing a program of full opportunity provided a plan has been
3 approved by the state university trustees. Such plan, which shall be
4 submitted by the college only after approval by the board of trustees
5 and the local sponsor or sponsors, shall

6 (i) establish a policy of offering acceptance in an appropriate
7 program of the college to all applicants residing in the sponsorship
8 area who graduated from high school within the prior year and to appli-
9 cants who are high school graduates and who were released from active
10 duty with the armed forces of the United States within the prior year;

11 (ii) provide for full implementation of such policy by the fall semes-
12 ter of nineteen hundred seventy or, if the college demonstrates to the
13 state university trustees that full implementation by such time would
14 not be feasible and in the best interests of the college, provide for a
15 timetable to achieve such full implementation within five years which
16 provides for substantial growth in registration each year;

17 (iii) make provision for and contain adequate assurances of the

21 (iv) provide for adequate programs of remediation, instruction and

25 may, in appropriate cases, revoke such approval in case a college is in
26 default of implementing its plan.

27 b. (i) Operating costs shall not include any payment of debt service
28 or rentals or other payments by a local sponsor to the dormitory author-

30 between the dormitory authority and a local sponsor. Such operating
31 costs shall be subject to such maximum limitations and joint regulations
32 as shall be prescribed by both the city university trustees and the
33 state university trustees with the approval of the director of the budg-
34 et. Such limitations shall be based upon maximum allowances per student
35 for each student in attendance in the case of operating costs, or in
36 accordance with such other factors as may be deemed appropriate. Operat-
37 ing costs shall include courses offered for the purpose of providing
38 occupational training or assistance to business for the creation and

42 nongovernmental organizations, including labor-management committees
43 composed of labor, business and community leaders organized to promote
44 labor-management relations, productivity, the quality of working life,
45 industrial development, and retention of business in the community.

46 (ii) By December thirty-first, nineteen hundred seventy-three, the
47 state university trustees shall develop a new formula for the financing
48 of the operating costs of community colleges. Such formula may include
49 maximum limitations, regulations, and incentives to achieve compliance
50 with the code of standards and procedures for community colleges.

51 The state university trustees shall present to the governor proposed
52 legislation incorporating such formula into law for consideration during
53 the nineteen hundred seventy-four regular session of the legislature.
54 The state university trustees shall also present a detailed analysis of
55 the fiscal impact of such a formula on the state and on each community
56 college within the state. The university trustees shall develop an

1 amended formula and shall present such formula to the governor by Janu-
2 ary first, two thousand twenty-two.

3 Such formula or the amended version thereof, upon enactment into law,
4 shall replace any limitations and regulations then in existence concern-
5 ing the financing of community colleges promulgated pursuant to this
6 section.

7 (iii) The state university trustees shall, on or before December thir-
8 ty-first in each year, make a report to the governor and legislature as
9 to the status of community college programs and curricula provided for
10 in article one hundred twenty-six of this chapter. Such report shall
11 also contain recommendations for any revision or alteration in the
12 formula for financing the operating costs of community colleges.

13 (iv) The state university trustees shall promulgate regulations,
14 effective the first day of July, nineteen hundred seventy-four, which
15 shall include a code of standards and procedures for the administration
16 and operation of community colleges. Such code of standards and proce-
17 dures, may include, but not be limited to, minimum and maximum standards
18 for academic curricula, minimum and maximum qualitative and quantitative
19 standards for facilities, and standard administrative procedures, which
20 may include schedules and formats for the preparation and submission of
21 annual budgets by the boards of trustees and the local sponsors to the
22 state university trustees, schedules for local sponsors' disbursements
23 to the community colleges of their provided shares of operating costs
24 and systems of accounts for use by the boards of trustees and the local
25 sponsors of the community colleges. Such regulations may supplement,
26 replace or amend any limitations and regulations then in existence
27 promulgated pursuant to this section.

28 b-1. (i) Notwithstanding any provision of law to the contrary, for the
29 community college fiscal year two thousand thirteen--two thousand four-
30 teen and thereafter, each program that confers a credit-bearing certifi-
31 cate, an associate of occupational studies degree, or an associate of
32 applied science degree, shall demonstrate that it is preparing students
33 for current and future job opportunities by partnering with employers as
34 follows:

35 (A) The program is a partnership between the community college and one
36 or more employers to train and employ students in a specific occupation;

37 (B) The program has an advisory committee made up of members of whom
38 the majority are employers in the occupation or sector, or a related
39 sector, or is otherwise advised by one or more employers in the occupa-

41 the community college is located, and such committee serves to advise
42 the community college on the program's curriculum, recruitment, place-
43 ment and evaluation so that it remains up-to-date with employer needs;
44 or

45 (C) The program is in a high-tech sector and is in demand for current
46 or projected job growth, including those sectors identified by the
47 regional economic development council, and is advised by current or

53 each community college fiscal year thereafter, the state university
54 trustees and the city university trustees shall each submit a job link-
55 age report to the director of the budget, the chairs of the senate and
56 assembly higher education committees and the chair of the senate finance

1 committee and the chair of the assembly ways and means committee,
2 including an accounting of full time equivalent enrollment in programs
3 that confer credit-bearing certificates, associate of occupational
4 studies degrees, or associate of applied science degrees, in such a form
5 and manner as the director of the budget may require to verify compli-
6 ance with subparagraph (i) of this paragraph.

7 b-2. (i) Notwithstanding any provision of law to the contrary, within
8 amounts appropriated for incentive funding, the state university of New
9 York and city university of New York shall make awards to community
10 colleges from the next generation NY job linkage program incentive fund
11 based on measures of student success for all students enrolled in
12 programs that confer a credit-bearing certificate, an associate of occu-
13 pational studies degree, or an associate of applied science degree,
14 including, but not limited to:

15 (A) The number of students who are employed following degree or

18 among all measures of student success;

19 (B) The number of degree completions, certificate completions and
20 student transfers to other institutions of higher education;

33 other paid work experience that is an integral part of their academic
34 program.

35 (ii) Awards shall be made on a pro-rata basis in accordance with a
36 methodology and in a form and manner developed by the director of the
37 budget, in consultation with the state university and city university.

38 (iii) On or before December first of each year, or an alternative date
39 as determined by the director of the budget in consultation with the
40 state university and city university, the state university trustees and
41 the city university trustees shall each submit a plan for approval by
42 the director of the budget to allocate amounts available for the next
43 generation NY job linkage program incentive fund in accordance with this
44 paragraph.

45 c. The local sponsor or sponsors shall provide ~~one-half of~~ a portion
46 of the amount of the capital costs, or so much as may be necessary, and
47 ~~one-third or~~, in the case of a college implementing a program of full

2 costs in real or personal property or in services, the valuation of such
3 property and services for the purpose of determining the amount of state
4 aid shall be made by the state university trustees with the approval of
5 the director of the budget. Local sponsors and, in the case of community
6 college regions, any county, city or school district which has appointed
7 members to a community college regional board of trustees may authorize
8 the issuance of bonds or notes pursuant to the provisions of the local
9 finance law to provide any portion or all of its requisite share of such
10 costs for which a period of probable usefulness has been established in
11 the local finance law. Where a county or city is the local sponsor of a
12 community college, or appoints members to a community college regional
13 board of trustees, the expenditures of the county or city for the
14 college, or community college region, shall be a purpose of the county
15 or city provided, however, that taxes to pay the local sponsor's share
16 of operating costs, or the operating shares of the community college
17 region charged to the county, may be charged back to the cities and
18 towns in the county in proportion to the number of students attending
19 the community college each term who were residents of each such city or
20 town at the beginning of such term.

21 c-1. Notwithstanding any provision of law to the contrary, in the case
22 of community college regions, a community college regional board of
23 trustees as finance board of the region may authorize the issuance of
24 bonds, notes or other evidence of indebtedness or the effectuation of a
25 financing transaction by the community college region with the dormitory
26 authority pursuant to the provisions of [~~article eight of~~] title four of
27 article eight of the public authorities law to provide all or any
28 portion of such costs for which a period of possible usefulness has been
29 established in the local finance law. Notwithstanding any other
30 provision of law, the community college region shall itself have the
31 power to borrow money for specific objects or purposes or a class or
32 classes of objects or purposes described in section 11.00 of the local
33 finance law by adoption, by two-thirds of the voting strength of the
34 regional board of trustees thereof, of a bond resolution as described in
35 section 32.00 of the local finance law and shall include the recitation
36 described in section 80.00 of the local finance law. Said bond resolu-
37 tion shall include the power to enter into financing transactions with
38 the dormitory authority in accordance with the provisions of [~~article~~
39 ~~eight of~~] title four of article eight of the public authorities law.
40 Upon adoption and receipt of the approvals described in subdivision ten
41 of section sixty-three hundred ten of this article, the community
42 college region shall publish a legal notice of estoppel as described in
43 section 81.00 of the local finance law, which shall be applicable to
44 said bond resolution. A community college region is hereby authorized to
45 pledge any revenues or other monies to the payment of any obligations
46 issued, or any financing agreement entered into with the dormitory
47 authority.

48 d. Tuition and fees charged students shall be fixed so as not to
49 exceed in the aggregate more than one-third of the amount of operating
50 costs of the community college.

51 1-b. For the purpose of budgeting and expending funds and for the
52 purpose of determining eligibility for state financial aid for operating
53 costs pursuant to subdivision one of this section, subject to rules and
54 regulations of the state university trustees and the approval of the
55 director of the budget, the community colleges in the city of New York
56 sponsored by the board of higher education or by the city of New York

1 where the board of higher education has been designated as the trustees
2 of such colleges, shall be treated as a single community college.

3 2. Community colleges shall be empowered and authorized through their
4 boards of trustees, to accept gifts, grants, bequests and devises abso-
5 lutely or in trust for such purposes as may be appropriate or proper for
6 effectuating the programs and objectives of such colleges.

7 3. Nothing herein contained shall be construed to prevent any local
8 sponsor or sponsors from creating and operating community colleges which
9 exceed maximum cost limitations or allowances prescribed by the state
10 university trustees, provided however, that the [~~excess~~] costs over such
11 prescribed limits or allowances shall be borne and paid for or otherwise
12 made available to or by such sponsors in an amount to be determined by
13 the local sponsor.

14 4. Where two or more local sponsors jointly establish and operate a
15 community college, the local share of the capital costs shall be appor-
16 tioned among them according to [~~their respective equalized assessed~~
17 ~~valuations or such other factors or bases as may be provided or~~
18 ~~prescribed in the plans, standards and regulations prescribed by the~~
19 ~~state university trustees. The local share of the operating expenses~~
20 ~~shall be apportioned among such joint sponsors in accordance with the~~
21 ~~number of students who are residents of their respective areas, or such~~
22 ~~other factors as may be prescribed in the plans, standards and regu-~~
23 ~~lations by the state university trustees~~] an agreement between the spon-
24 sors.

25 5. Any community college may, with the consent and approval of its
26 local legislative body or board, community college regional board of
27 trustees, or other appropriate governing agency, and the state universi-
28 ty trustees, require lesser tuition charges or fees from persons who are
29 residents of the sponsoring community, communities or community college
30 region [~~than the amount necessary in the aggregate to provide one third~~
31 ~~of the operating costs~~], or provide tuition to such persons without
32 charge, provided that the local legislative body or board, community
33 college regional board of trustees or other appropriate governing agency
34 appropriates sufficient funds, or sufficient funds are made available
35 from other sources to provide the amount which would normally be
36 provided by such tuition and fees. Each community college shall provide
37 that upon request by a student who is an eligible veteran the payment of
38 tuition and fees, less the amounts payable for such purposes from schol-
39 arships or other financial assistance awarded said veteran pursuant to
40 article thirteen of this chapter, article one hundred thirty of this
41 chapter or any other community college, state or federal financial aid
42 program, shall be deferred in such amounts and until such times as the
43 several payments of veterans' benefits under the Veterans' Readjustment
44 Benefit Act of 1966, as amended, are received by the veteran, provided
45 that the veteran has filed a claim for such benefits and presents to the
46 community college proof of eligibility, extent of entitlement to bene-
47 fits and the need for deferral until the receipt of such benefits.

48 5-a. Notwithstanding the provisions of any general, special or local
49 law to the contrary, the fiscal year of a community college other than
50 in the city of New York and other than one sponsored by a school
51 district, shall begin with the first day of September and end with the
52 thirty-first day of August in each year. All of the provisions of law
53 fixing times or dates within which or by which certain acts shall be
54 performed in relation to the preparation and adoption of the budget of a
55 city or a county, including but not limited to submission of a budget
56 estimate, filing of a tentative budget, public hearing and adoption of a

1 budget, shall apply to the budget of a community college sponsored by
2 such city or county but shall be correspondingly changed, as to time, to
3 relate to the commencement of the fiscal year of the community college;
4 provided, however, that after the budget for the community college shall
5 have been adopted, the local legislative body or board or other appro-
6 priate governing body shall provide for the raising of taxes required by
7 such budget, without any decrease in amount, in the same manner and at
8 the same time prescribed by law for the annual levy of taxes by or for
9 the city or county. All of the provisions of law fixing times and dates
10 within which or by which certain acts shall be performed in relation to
11 the preparation and adoption of the budget of a school district shall
12 apply to the budget of a community college sponsored by a school
13 district. The provisions of this subdivision shall not apply to communi-
14 ty college regions.

15 5-b. Moneys raised by taxation for maintenance of a community college
16 and moneys received from all other sources for purposes of the community
17 college, other than in the city of New York, shall be kept separate and
18 distinct from any other moneys of the sponsor or sponsors and shall not
19 be used for any other purpose. The amount of taxes levied for mainte-
20 nance of a community college shall be credited thereto and made avail-
21 able therefor within the fiscal year of such community college. The
22 provisions of this subdivision shall not apply to community college
23 regions.

24 6. The local legislative body or board, or other appropriate governing
25 agency, other than a community college regional board of trustees, shall
26 provide the local sponsor's share of the community college operating and
27 capital costs in conformance with such sponsor's annual budgetary appro-
28 priation, and shall direct that payment of all appropriations for main-
29 tenance of the college be made to the board of trustees of the college
30 for expenditure by the board, subject to the terms and conditions of
31 such appropriations appearing in such budget and to such regulations
32 regarding the custody, deposit, audit and payment thereof as such local
33 legislative body or board, or other appropriate governing agency, may
34 deem proper to carry out the terms of the budget; provided that any
35 local sponsor which, as of January first, nineteen hundred eighty-eight,
36 provided for audit and payment of charges against the community college
37 in the same manner as it provides for other charges against the local
38 sponsor, may continue to do so for a period not to extend beyond Septem-
39 ber first, nineteen hundred eighty-nine.

40 Such local legislative body or board, or other appropriate governing
41 agency, shall authorize the board of trustees of the college to elect a
42 treasurer, establish a bank account or accounts in the name of the
43 college and deposit therein moneys received or collected by the college,
44 including moneys appropriated and paid by the local sponsor, moneys
45 received from tuition, fees, charges, sales of products and services,
46 and from all other sources. The board of trustees of the college shall,
47 subject to the requirements specified in or imposed pursuant to this
48 subdivision, authorize the treasurer to pay all proper bills and
49 accounts of the college, including salaries and wages, from funds in its
50 custody. The treasurer shall execute a bond or official undertaking to
51 the board of trustees of the college in such sum and with such sureties
52 as that board shall require, the expense of which shall be a college
53 charge.

54 The board of trustees of the college similarly shall authorize the
55 treasurer to establish and maintain petty cash funds, not in excess of
56 two hundred dollars each, for specified college purposes or under-

1 takings, from which may be paid, in advance of audit, properly itemized
2 and verified or certified bills for materials, supplies or services
3 furnished to the college for the conduct of its affairs and upon terms
4 calling for the payment of cash to the vendor upon the delivery of any
5 such materials or supplies or the rendering of any such services. Lists
6 of all expenditures made from such petty cash funds shall be presented
7 to the board of trustees at each regular meeting thereof, together with
8 the bills supporting such expenditures, for audit and the board shall
9 direct reimbursement of such petty cash funds from the appropriate budg-
10 etary item or items in an amount equal to the total of such bills which
11 it shall so audit and allow. Any of such bills or any portion of any of
12 such bills as shall be disallowed upon audit shall be the personal
13 responsibility of the treasurer and such official shall forthwith reim-
14 burse such petty cash fund in the amount of such disallowances.

15 The board of trustees of the college shall provide for periodic audits
16 of all accounts maintained at its direction and render such reports
17 respecting any and all receipts and expenditures of the college as the
18 local legislative body or board, or other appropriate governing agency,
19 may direct.

20 7. The board of trustees of the college, or the community college
21 regional board of trustees may require any bank or banker in which
22 community college moneys are on deposit or are to be deposited to file
23 with the board a surety bond payable to the college executed by a surety
24 company authorized to transact business in this state and securing to
25 the college the payment of such deposits and the agreed interest there-
26 on, if any. In lieu of a surety bond, the board may require any such
27 bank or banker to deposit with it outstanding unmatured obligations of
28 the United States of America, the state of New York, or of any munici-
29 pality or college of the state of New York, as security for such moneys
30 so deposited; but such obligations shall be subject to the approval of
31 the board and shall be deposited in such place and held under such
32 conditions as the board may determine. Every depository of college
33 moneys is hereby authorized and empowered to secure deposits of such
34 moneys as provided in this subdivision.

35 8. a. The state shall, in addition to any other funds that may be
36 appropriated for assistance to community colleges, annually appropriate
37 and pay

38 (i) to the local sponsor of each community college, except a community
39 college where the local sponsor has entered into an agreement with the
40 dormitory authority to finance and construct a community college facili-
41 ty, an amount equal to the aggregate of all rentals and all payments due
42 and payable to the dormitory authority pursuant to any lease, sublease,
43 or other agreement entered into between the dormitory authority and such
44 local sponsor, whether or not such local sponsor shall be liable there-
45 for, for each twelve-month period beginning on the next succeeding July
46 first, and

47 (ii) to the local sponsor of each community college where the local
48 sponsor has entered into an agreement with the dormitory authority to
49 finance and construct a community college facility, an amount equal to
50 one-half of all rentals and all payments due and payable to the dormito-
51 ry authority pursuant to any lease, sublease, or other agreement entered
52 into between the dormitory authority and such local sponsor, whether or
53 not such local sponsor shall be liable therefor, for each twelve-month
54 period beginning on the next succeeding July first, provided, however,
55 if such a local sponsor shall thereafter agree to finance the costs of
56 providing all or part of a community college facility the state shall,

1 instead, annually appropriate and pay to such local sponsor an amount
2 equal to that portion of all rentals and all payments due and payable to
3 the dormitory authority during the twelve-month period beginning on the
4 next succeeding July first pursuant to any lease, sublease or other
5 agreement providing for such financing which portion represents the
6 state's share (one-half) of the cost of each facility being financed,
7 whether or not the local sponsor shall be liable to pay such rentals and
8 payments, and

9 (iii) to the local sponsor of each community college which has
10 financed the entire capital cost of constructing a community college
11 facility, an amount equal to one-half of the annual debt service on
12 obligations issued by such local sponsor for the purpose of constructing
13 such facility. No local sponsor of a community college shall be eligible
14 for assistance pursuant to the provisions of this paragraph unless: (a)
15 a first instance appropriation has been enacted into state law prior to
16 the commencement of construction; and (b) the state comptroller has
17 approved the interest rate of any and all obligations issued by such
18 local sponsor after July twenty-fourth, nineteen hundred seventy-six to
19 finance the cost of such facility prior to the issuance of such obli-
20 gations; and (c) all contracts for the construction of such facility
21 entered into by such local sponsor after July twenty-fourth, nineteen
22 hundred seventy-six have been approved by the director of the budget
23 prior to the awarding of such contracts.

24 (iv) notwithstanding any other provision of this paragraph to the
25 contrary, if the dormitory authority and the state university of New
26 York shall have entered into an agreement pursuant to subdivision twen-
27 ty-one of section sixteen hundred seventy-eight of the public authori-
28 ties law and paragraph x of subdivision two of section three hundred
29 fifty-five of this chapter, the amounts otherwise payable to the local
30 sponsors of the community colleges pursuant to this subparagraph on
31 account of the state's share of the cost of each facility being financed
32 shall be payable to the dormitory authority in accordance with subdivi-
33 sion five of section ninety-seven-p of the state finance law.

34 b. For the purposes of this subdivision, all references to the local
35 sponsor of a community college shall be deemed, in the case of community
36 college regions, to refer to those counties, cities or school districts
37 which have appointed members to a community college regional board of
38 trustees.

39 c. For purposes of this subdivision, the reference to the local spon-
40 sor of a community college may be deemed, in the case of a community

47 such funds by means of electronic or wire transfer. Such disbursement
48 shall be otherwise subject to applicable laws, provided that:

15 community college internet website. However, submission via the internet
16 may not be required as the sole method for the collection of tuition,
17 expenses, fees, charges and other amounts. Such payments shall be
18 accepted via the internet in a manner and condition defined by such
19 community college. Any method used to receive internet payments shall
20 comply with article one of the state technology law and any rules and

34 due.

35 d. The board of trustees, in enacting a resolution pursuant to this
36 subdivision, shall designate which of its officers, charged with the
