

STATE OF NEW YORK

6561

2021-2022 Regular Sessions

IN ASSEMBLY

March 19, 2021

Introduced by M. of A. ABBATE -- read once and referred to the Committee on Governmental Employees

AN ACT to allow a continuous service credit for peace officers of the unified court system who were laid off because of economy measures

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Notwithstanding any other provision of law, rule or regu-
2 lation to the contrary, any active member of the New York state and
3 local employees' retirement system, who was a peace officer of the
4 unified court system suspended in 1991 because of economy measures taken
5 by the unified court system, and who returned to service as a peace
6 officer of the unified court system in 1992, shall be eligible to file a
7 written request with the New York state and local employees' retirement
8 system, within one year of the effective date of this act, to purchase
9 service credit with such system for the period of time the member's
10 employment was suspended. Such member shall have at least five years of
11 credited service, not including service credited in this act, to be
12 eligible to receive the credit authorized by this act. A member who is
13 eligible to purchase service credit pursuant to this act shall pay such
14 retirement system a sum equal to the product of the number of months of
15 service being claimed and three percent of such member's annual rate of
16 pay immediately preceding the date that the member's employment was
17 suspended, plus five percent annual interest to the date such payment is
18 paid. To be eligible to receive credit pursuant to this act, a member
19 shall make application for such credit before his or her effective date
20 of retirement.

21 § 2. Any additional costs for this act shall be borne by the state of
22 New York.

23 § 3. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.

LBD09794-03-1

This bill would allow any member of the New York State and Local Employees' Retirement System (ERS) who was suspended from employment as a peace officer of the unified court system in 1991 due to certain economy measures, and who subsequently returned to service in 1992, to purchase service credit with the ERS for the period of time the member's employment was suspended. To be eligible for any additional service credit, a member must have accrued at least 5 years of service credit, not including service credited under this bill. The member will be required to pay a sum equal to the product of the number of months of service being claimed and three percent of their annual rate of pay immediately preceding the date their employment was suspended, plus interest at 5% to the date of payment. This bill would not be consistent with New York State and Local Retirement System policy of granting service credit only when a salary has been paid.

Insofar as it would affect the ERS, if this bill is enacted during the 2021 legislative session it is estimated that the past service cost will average approximately 15 percent of an affected member's compensation for each year of additional service that is granted. This cost will be borne entirely by the State of New York.

Summary of relevant resources:

Membership data as of March 31, 2020 was used in measuring the impact of the proposed change, the same data used in the April 1, 2020 actuarial valuation. Distributions and other statistics can be found in the 2020 Report of the Actuary and the 2020 Comprehensive Annual Financial Report.

The actuarial assumptions and methods used are described in the 2020 Annual Report to the Comptroller on Actuarial Assumptions, and the Codes, Rules and Regulations of the State of New York: Audit and Control.

The Market Assets and GASB Disclosures are found in the March 31, 2020 New York State and Local Retirement System Financial Statements and Supplementary Information.
