

STATE OF NEW YORK

8086

2021-2022 Regular Sessions

IN ASSEMBLY

June 11, 2021

Introduced by M. of A. THIELE -- read once and referred to the Committee on Environmental Conservation

AN ACT to amend the environmental conservation law, in relation to the regulation of mining and the reclamation of mines within counties with a population of one million or more which draw their primary source of drinking water for a majority of county residents from a designated sole source aquifer

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Subdivision 3 of section 23-2703 of the environmental
2 conservation law, as amended by chapter 298 of the laws of 2018, is
3 amended and two new subdivisions 4 and 5 are added to read as follows:

4 3. No agency of this state shall consider an application for a permit
5 to mine for a new mining site as complete or process such application
6 for a permit to mine pursuant to this title, within counties with a
7 population of one million or more which draw their primary source of
8 drinking water for a majority of county residents from a designated sole
9 source aquifer, if local zoning laws or ordinances prohibit mining uses
10 within the area proposed to be mined. In addition, no agency of this
11 state shall consider an application for a permit to mine for a new
12 mining site as complete or process such application for a permit to mine
13 pursuant to this title, unless the local government shall also make a
14 determination that such application would not adversely impact water
15 quality or public health. Such local government shall consult with the
16 local county health department before making a determination.

17 4. In the case of existing mining sites which are legally non-conform-
18 ing pursuant to local zoning laws or ordinances, (a) located within a
19 special groundwater protection area, designated pursuant to subdivision
20 one of section 55-0113 of this chapter and (b) within counties with a
21 population of one million or more which draw their primary source of
22 drinking water for a majority of county residents from a designated

EXPLANATION--Matter in italics (underscored) is new; matter in brackets

1 sole source aquifer, no application for a permit to mine shall be
2 considered as complete or processed by the department, unless the local
3 government makes a determination that such application would not
4 adversely impact water quality or public health. Such local government
5 shall consult with the local county health department before making a
6 determination. This subdivision shall apply to all applications for
7 mining, including applications for the expansion of mining and the
8 renewal of existing permits. Expansion of mining shall include both
9 horizontal and vertical expansion of the mining site.

10 5. In the case of mining sites which are (a) located within a special
11 groundwater protection area, designated pursuant to subdivision one of
12 section 55-0113 of this chapter and (b) within counties with a popu-
13 lation of one million or more which draw their primary source of drink-
14 ing water for a majority of county residents from a designated sole
15 source aquifer: no person shall operate a mine where either the depart-
16 ment or a county health department has issued a written determination to
17 the owner or operator that the mine has caused or is contributing to one
18 or more exceedances of state or federal maximum contaminant levels
19 applicable to drinking water or groundwater resources. Cessation of
20 mining operations as required by this section shall commence within
21 twenty-four hours of receipt by the mine owner or operator of such writ-
22 ten determination.

23 § 2. Paragraph (b) of subdivision 3 of section 23-2711 of the environ-
24 mental conservation law, as added by chapter 166 of the laws of 1991,
25 is amended to read as follows:

26 (b) If the department finds that the determinations made by the local
27 government pursuant to paragraph (a) of this subdivision are reasonable
28 and necessary, the department shall incorporate these into the permit,
29 if one is issued. If the department does not agree that the determi-
30 nations are justifiable, then the department shall provide a written
31 statement to the local government and the applicant, as to the reason or
32 reasons why the whole or a part of any of the determinations was not
33 incorporated. The provisions of this paragraph shall not apply to any
34 determination made by a local government pursuant to subdivisions three
35 and four of section 23-2703 of this title. Such determination shall not
36 be reviewable by the department and shall be binding upon the depart-
37 ment. Such determination may be reviewed in accordance with article
38 seventy-eight of the civil practice law and rules.

39 § 3. This act shall take effect immediately.
