AN ACT to amend the labor law, in relation to restrictions on consecutive hours of work for nurses

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Subdivisions 3 and 4 of section 167 of the labor law, as added by chapter 493 of the laws of 2008, are amended to read as follows:

3. The limitations provided for in this section shall not apply in the case of:

a. a health care disaster, such as a natural or other type of disaster that increases the need for health care personnel, unexpectedly affecting the county in which the nurse is employed or in a contiguous county.

The limitations on mandatory overtime shall be reinstated at the end of the health care disaster and shall not exceed three consecutive days; or

b. a federal, state or county declaration of emergency in effect in the county in which the nurse is employed or in a contiguous county. The limitations on mandatory overtime shall be reinstated at the end of the declared emergency or after thirty consecutive days, whichever is shorter; or

c. where a health care employer determines there is an emergency, necessary to provide safe patient care, in which case the health care provider shall, before requiring an on-duty employee to remain, make a good faith effort to have overtime covered on a voluntary basis, including, but not limited to, calling per diems, agency nurses, assigning floats, or requesting an additional day of work from off-duty employees, to the extent such staffing options exist. For the purposes of this paragraph, "emergency", including an unanticipated staffing emergency, is defined as an unforeseen event that could not be prudently planned for by an employer ~~[and]~~, does not regularly occur, and does not include routine nurse staffing needs that arose due to typical staffing patterns, typical levels of absenteeism, and time off typically approved

EXPLANATION--Matter in italics (underscored) is new; matter in brackets ~~[-]~~ is old law to be omitted.
