2 evaluation, and assistance in the management of sport-related illnesses
3 and medical conditions in active individuals, pursuant to the athletic
4 trainer's education, experience, and competencies.

5 (b) The work of athletic training is performed under the supervision
6 of a physician pursuant to a standard written protocol for athletic
7 training services. Supervision by a physician shall be continuous but
8 shall not be construed as requiring the physical presence of the super-
9 vising physician at the time and place where such services are
10 performed.

11 (c) The practice of athletic training may include use of various clin-
12 ically appropriate therapeutic modalities and techniques. Such clin-
13 ically appropriate therapeutic modalities and techniques include the use
14 of physical, chemical, and mechanical means including, but not limited
15 to, use of heat, cold, light, air, water, sound, electricity, massage,
16 mobilization, and therapeutic exercise. Such clinically appropriate
17 therapeutic modalities may include appropriate preventative and support-
18 ive devices and/or temporary splinting or bracing. Such clinically
19 appropriate therapeutic modalities include the performance and interpre-
20 tation of tests and measurements to assess pathophysiological and patho-

22 assist in the planning of rehabilitation for recovery and return to
23 activity.

24 (d) The scope of work described [~~herein shall not be construed as~~
25 ~~authorizing the reconditioning of neurologic injuries, conditions or~~
26 ~~disease]~~ in this section shall not be construed as authorizing the
27 management and treatment of acute, subacute, or chronic neurological
28 pathologies and comorbidities or neurological disease processes with the
29 exception of initial evaluation and triage of emergent neurological
30 conditions such as potential concussions, spinal cord injuries or nerve
31 injuries resulting from participation in an athletic endeavor, while
32 training, or engaged in performing arts, public protection, emergency
33 services, or during adaptive athletics. Once the individual has been
34 cleared by a supervising physician, after sustaining such an injury, the
35 athletic trainer shall work with the individual pursuant to standard
36 written protocol to manage, monitor and treat such injuries for partic-
37 ipation in rehabilitation for an athletic endeavor, while training,

42 in the area of care and prevention of athletic injuries, sports-related
43 illnesses and medical conditions.

44 2. Boundaries of professional practice.

45 (a) Any individual whose license or authority to practice derives from
46 the provisions of this article shall be practicing beyond the boundaries
47 of professional practice if such individual provides services not
48 authorized pursuant to the standard written protocol, and such individ-
49 ual shall be prohibited from prescribing any medication or controlled
50 substance or performing surgery, suturing, or any invasive procedures,
51 in which human tissue is cut, altered, or otherwise pierced by mechan-
52 ical or other means, including needles, except that nothing in this
53 section shall be construed to prohibit the use of an epinephrine auto-
54 injector device pursuant to section three thousand-c of the public
55 health law.

(b) The standard written protocol shall include explicit provisions for the resolution of any disagreement between the supervising physician and the athletic trainer. To the extent the standard written protocol does not so provide, then the supervising physician's decision shall prevail.

§ 2. Section 8352 of the education law, as amended by chapter 658 of the laws of 1993, is amended to read as follows:

§ 8352. ~~[Definition of practice of]~~ Definitions related to athletic training. ~~[The practice of the profession of athletic training is defined as the application of principles, methods and procedures for managing athletic injuries, which shall include the preconditioning, conditioning and reconditioning of an individual who has suffered an athletic injury through the use of appropriate preventative and supportive devices, under the supervision of a physician and recognizing illness and referring to the appropriate medical professional with implementation of treatment pursuant to physician's orders. Athletic training includes instruction to coaches, athletes, parents, medical personnel and communities in the area of care and prevention of athletic injuries.~~

34 department to practice in the state shall comply with the provisions of
35 the mandatory continuing education requirements prescribed in subdivi-

37 of this subdivision. Licensed athletic trainers who do not satisfy the
38 mandatory continuing education requirements shall not practice until
39 they have met such requirements, and they have been issued a registra-
40 tion certificate, except that a licensed athletic trainer may practice
41 without having met such requirements if he or she is issued a condi-
42 tional registration certificate pursuant to subdivision three of this
43 section.

44 (b) Each licensed athletic trainer shall be exempt from the mandatory
45 continuing education requirement for the triennial registration period
46 during which he or she is first licensed. In accordance with the intent
47 of this section, adjustment to the mandatory continuing education
48 requirement may be granted by the department for reasons of health
49 certified by an appropriate health care professional, for extended
50 active duty with the armed forces of the United States, or for other
51 good cause acceptable to the department which may prevent compliance.

52 (c) A licensed athletic trainer not engaged in practice, as determined
53 by the department, shall be exempt from the mandatory continuing educa-

55 declaring such status. Any licensee who returns to the practice of
56 athletic training during the triennial registration period shall notify

1 the department prior to reentering the profession and shall meet such
2 mandatory education requirements as shall be prescribed by regulations
3 of the commissioner.

4 2. During each triennial registration period, an applicant for regis-

11 hours on a prorated basis at the rate of one hour per month for the
12 period beginning January first, two thousand twenty and then fifteen
13 hours per year until his or her first registration date thereafter. A
14 licensee who has not satisfied the mandatory continuing education
15 requirements shall not be issued a triennial registration certificate by
16 the department and shall not practice unless and until a conditional
17 registration certificate is issued as provided for in subdivision three
18 of this section. Continuing education hours taken during one triennium
19 shall not be transferred to a subsequent triennium.

20 3. The department, in its discretion, may issue a conditional regis-
21 tration to a licensee who fails to meet the continuing education
22 requirements established in subdivision two of this section but who
23 agrees to make up any deficiencies and complete any additional education
24 which the department may require. The fee for such a conditional regis-
25 tration shall be the same as, and in addition to, the fee for the trien-
26 nal registration. The duration of such conditional registration shall
27 be determined by the department but shall not exceed one year. Any
28 licensee who is notified of the denial of registration for failure to
29 submit evidence, satisfactory to the department, of required continuing
30 education and who practices without such registration may be subject to
31 disciplinary proceedings pursuant to section sixty-five hundred ten of
32 this title.

33 4. For purposes of this section:

34 (a) "acceptable learning activities" shall include, but not be limited
35 to, formal courses of learning which contribute to professional practice
36 in athletic training and/or self-study activities; independent study;
37 formal mentoring activities; publication in professional journals; or
38 lectures, which meet the standards prescribed by regulations of the
39 commissioner; and

40 (b) "formal courses of learning" shall include, but not be limited to,

42 programs and technical sessions offered by national, state and local
43 professional associations and any other organizations acceptable to the
44 department, and any other organized educational and technical programs
45 acceptable to the department. Formal courses shall be taken from a
46 sponsor approved by the department, based upon an application and fee,
47 pursuant to the regulations of the commissioner.

48 5. The department may, in its discretion and as needed to contribute
49 to the health and welfare of the public, require the completion of
50 continuing education credits in specific subjects to fulfill the manda-
51 tory continuing education requirement.

52 6. A licensed athletic trainer shall maintain adequate documentation
53 of completion of acceptable formal continuing education and shall
54 provide such documentation at the request of the department. Failure to
55 provide such documentation upon the request of the department shall be

an act of misconduct subject to disciplinary proceedings pursuant to section sixty-five hundred ten of this title.

7. The mandatory continuing education fee shall be payable on or before the first day of each triennial registration period, and shall be paid in addition to the triennial registration fee required by section eighty-three hundred fifty-five of this article.

§ 8356-b. Special provisions. Any person who is certified as an athletic trainer by the department on the effective date of this section shall have one year from the effective date to apply for and qualify for licensure as an athletic trainer without meeting any additional requirements.

§ 8. Section 8357 of the education law, as added by chapter 798 of the laws of 1992, is amended to read as follows:

§ 8357. Non-liability of ~~[certified]~~ licensed athletic trainers for first aid or emergency treatment. Nothing in this section shall be deemed or construed to relieve a ~~[certified]~~ licensed athletic trainer from liability for damages for injuries or death caused by an act or omission on the part of an athletic trainer while rendering professional services in the normal and ordinary course of his or her practice.

§ 9. Section 8358 of the education law is renumbered section 8359 and a new section 8358 is added to read as follows:

3. The fee for each limited permit and for each renewal shall be seventy dollars.

4. A limited permit holder shall practice only under the supervision of a physician as determined in accordance with the commissioner's regulations.

10 provider which has been approved by the department to provide such
11 coursework or training. The coursework or training shall include infor-
12 mation regarding the physical and behavioral indicators of child abuse
13 and maltreatment and the statutory reporting requirements set out in
14 sections four hundred thirteen through four hundred twenty of the social
15 services law, including but not limited to, when and how a report must
