FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would transfer members of the Regional State Park Police to the division of State Police. In conjunction with the transfer, members would be entitled to all the rights, benefits, and privileges afforded State Troopers under section 381-b of the Retirement and Social Security Law (RSSL), as if all service credited as a Regional State Park Police Officer was earned as a State Police Officer. Transferred members would be entitled to service retirement benefits of 1/2 of final average salary (FAS) upon completion of 20 years of creditable service along with 1/60 of FAS for each year of creditable service beyond 20 years, not to exceed 12 such years. Currently, Regional State Park Police are entitled

to service retirement benefits of 1/2 of FAS upon completion of 25 years of creditable service along with 1/60 of FAS for each year of creditable service beyond 25 years, not to exceed 7 such years.

If this bill is enacted during the 2021 legislative session, we anticipate that there will be an increase of approximately \$1.4 million in the annual contributions of the State of New York for the fiscal year ending March 31, 2022. In future years, this cost will vary as the billing rates and salary of the affected members change.

In addition to the annual contributions discussed above, there will be an immediate past service cost of approximately \$18.0 million which will be borne by the State of New York as a one-time payment. This estimate is based on the assumption that payment will be made on March 1, 2022.

These estimated costs are based on 245 affected members employed by the State of New York, with annual salary of approximately \$21.8 million as of March 31, 2020.
