AN ACT to amend the racing, pari-mutuel wagering and breeding law, in relation to making technical changes and establishing the duration of racetrack licenses

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Section 205 of the racing, pari-mutuel wagering and breed-
2 ing law, as amended by chapter 243 of the laws of 2020, is amended to

9 races and race meetings or steeplechases and steeplechase meetings, as
10 the case may be. If, in the judgment of such commission the public
11 interest, convenience or necessity will be served thereby and a proper
12 case for the issuance of such license is shown consistent with the
13 purposes of this article and the best interest of racing generally, the
14 commission may grant such license, for a term within ~~[the]~~ three calen-
15 dar ~~[year]~~ years, which shall specify ~~[the dates and period of time~~
16 ~~during which, and]~~ the place where~~[7]~~ the licensee may operate and state

1 section, the commission may give consideration to the number of licenses
2 already granted and to the location of the tracks previously licensed.
3 Each racetrack licensee shall notify the commission of any material
4 changes to its license application that may occur during the term of
5 such license, and the commission may take such action as the commission
6 deems appropriate to address any such material change. Every such
7 license shall contain a condition that all running races or race meet-
8 ings conducted thereunder shall be subject to such reasonable rules and
9 regulations from time to time prescribed by the commission, designated
10 as the "rules of racing". Before promulgating such rules of racing or
11 modifying or abrogating any of them, the commission shall give the jock-
12 ey club, a corporation organized under the laws of the state of New
13 York, an opportunity to submit recommendations relative to such rules
14 for running races and race meetings, and to the national steeplechase
15 and hunt association, a corporation organized under the laws of the
16 state of New York, an opportunity to submit recommendations relative to
17 such rules for steeplechases and steeplechase meetings, and the commis-
18 sion may adopt, to the extent that it deems appropriate, any rules so
19 submitted by either of such corporations or by any other nationally
20 recognized association or corporation that has for its purpose the
21 improvement of the breed.

22 § 2. Subdivisions 1, 3, 4 and 5 of section 307 of the racing, pari-mu-
23 tuel wagering and breeding law, as amended by chapter 243 of the laws of
24 2020, are amended to read as follows:

25 1. Any association or corporation desiring to conduct harness race
26 meetings at which pari-mutuel betting shall be permitted may apply
27 ~~[annually]~~ to the commission for a license so to do. If, in the judgment
28 of the commission the public interest, convenience or necessity will be
29 served thereby and a proper case for the issuance of such license is
30 shown consistent with the purposes of sections two hundred twenty-two
31 through seven hundred five of this chapter and the best interests of
32 racing generally, ~~[it]~~ the commission may grant such license for a term
33 ~~[ending not later than the thirty-first day of December next succeeding~~
34 ~~the granting thereof]~~ within three calendar years, specifying ~~[dates and~~
35 ~~hours during which and]~~ the place where the licensee may operate~~[-~~
36 ~~provided, however, that]~~ and state that the dates and periods of time
37 during which the licensee may operate are subject to the prior approval
38 of the commission. The commission shall select by lot: two licensees to
39 apply for licenses with a term ending in two thousand twenty-two, after
40 which such licensees may apply for a license with a three-year term; two
41 licensees to apply for licenses with a term ending in two thousand twen-
42 ty-three, after which such licensees may apply for a license with a
43 three-year term; and two licensees to apply for licenses with a term
44 ending in two thousand twenty-four, after which such licensees may apply
45 for a license with a three-year term. An association or corporation that
46 holds a harness racetrack license and has common direct or indirect
47 ownership with another harness racetrack licensee shall apply for a
48 license with a term ending either in two thousand twenty-two, two thou-
49 sand twenty-three or two thousand twenty-four, with such term applied
50 for being the same as the term applied for by the licensee with which a
51 direct or indirect ownership is shared.

52 1-a. Notwithstanding the provisions of subdivision one of this
53 section, any harness racetrack ~~[which]~~ that applies to the commission
54 for permission to make one or more capital improvements may, in
55 connection with such application or before or after such application,
56 also apply to the commission for, and the commission shall, as an

1 inducement for or in recognition of the making of such capital improve-
2 ment, grant a capital improvement license, which may be conditioned on
3 the completion of the capital improvement if not yet made, for a period
4 of not more than twenty-five years, but in no event for a period longer
5 than is necessary to amortize any loan for capital improvements and
6 shall specify for each year of the term of said license the minimum
7 number of days on which, and the minimum number of hours on each such
8 day, and the places where said licensee may conduct such harness race
9 meetings at which pari-mutuel betting shall be permitted. Such a capital
10 improvement license shall be issued if in the judgment of the commission
11 the public interest, convenience or necessity will be served thereby and
12 a proper case for the issuance of such a license is shown consistent
13 with the purposes of sections two hundred twenty-two through seven
14 hundred five of this chapter and the best interests of racing generally,
15 and in determining the period and other terms of such capital improve-
16 ment license, the commission shall be guided by the nature of the capi-
17 tal improvement and the cost thereof. Such capital improvement license
18 shall automatically expire, irrespective of the term thereof, when the
19 loan of funds upon which ~~[it]~~ such has been issued, has been paid off by
20 the licensee. Where a capital improvement license is granted, the
21 commission shall specify annually the dates on which, but not beyond the
22 thirty-first day of December, and hours during which such licensee may
23 operate, at the places and for the full number of days and hours speci-
24 fied in ~~[its]~~ such capital improvement license.

25 3. Applications for licenses shall be in such form as may be
26 prescribed by the commission and shall contain such information or other
27 material or evidence as the commission may require. Each application for
28 renewal of a license shall be deemed to be an application for a new
29 license. The fee for such ~~[licenses]~~ license shall be one hundred
30 dollars for each racing day. The fee shall be payable either annually,
31 quarterly, monthly, or weekly in installments in advance of each week's
32 racing, as the commission may direct, which sums shall be paid into the
33 general fund of the state treasury by the commission. The term "racing
34 week" shall include those days as defined by the rules and regulations
35 of the commission. Each racetrack licensee shall notify the commission
36 of any material changes to its license application that may occur during
37 the term of the license, and the commission may take such action as the
38 commission deems appropriate to address any such material change.

39 4. In considering an application for a license under this section the
40 commission may give consideration to the number of licenses already
41 granted and to the location of the tracks previously licensed. No such
42 license shall be granted to any track ~~[which]~~ that has not conducted
43 pari-mutuel harness racing during at least ten calendar years and
44 ~~[which]~~ that is located within ten miles of a state, county or town fair
45 conducting harness racing for the three consecutive years immediately
46 preceding April second, nineteen hundred fifty-three, which license
47 shall be operative during the racing dates of such fair, unless the
48 association, corporation or society conducting such fair shall affirma-
49 tively waive objection to the issuance of such license for dates within
50 such period. No such license shall be granted to any track located
51 within the corporate limits of a city of the first class. No such
52 license shall be granted to any harness horse racetrack located within
53 twenty-five miles of any track already licensed for the same dates and
54 hours except with the consent of the licensee located within such twen-
55 ty-five mile area.

1 5. The commission may refuse to grant a license to an association or
2 corporation if [~~it shall determine~~] the commission determines that:

3 a. [~~Any~~] any officer, director, member or stockholder of such associ-
4 ation or corporation applying for a license, or of any association or
5 corporation that owns stock in or shares in the profits, or participates
6 in the management, of the affairs of such applicant, or that leases to
7 such applicant the track where such applicant will operate has:

8 (i) been convicted of a crime involving moral turpitude;

9 (ii) engaged in bookmaking or other forms of illegal gambling;

10 (iii) been found guilty of any fraud or misrepresentation in
11 connection with racing or breeding;

12 (iv) been guilty of any violation or attempt to violate any law, rule
13 or regulation of any racing jurisdiction for which suspension from
14 racing might be imposed in such jurisdiction;

15 (v) violated any rule, regulation or order of the commission; or

16 b. [~~The~~] the experience, character or general fitness of any officer,
17 director or stockholder of any of the aforesaid associations or corpo-
18 rations is such that the participation of such person in harness racing
19 or related activities would be inconsistent with the public interest,
20 convenience or necessity or with the best interests of racing generally;
21 but if the commission determines that the interest of any stockholder
22 referred to in this paragraph or in paragraph a of this subdivision is
23 insufficient in the opinion of the commission to affect adversely the
24 conduct of pari-mutuel harness racing by such association or corporation
25 in accordance with the provisions of this article, the commission may
26 disregard such interest in determining whether or not to grant a license
27 to such association or corporation; or

28 c. [~~The~~] the applicant is not the owner of the track at which it will
29 conduct pari-mutuel harness racing pursuant to the license applied for,
30 or that any person, firm, association or corporation other than the
31 applicant shares, or will share, in the profits of the applicant, other
32 than by dividends as a stockholder, or participates or will participate
33 in the management of the affairs of the applicant.

34 § 3. This act shall take effect immediately.
