2023-2024 Regular Sessions

IN ASSEMBLY

February 2, 2023

Introduced by M. of A. FAHY -- read once and referred to the Committee on Transportation

AN ACT to amend the vehicle and traffic law, in relation to prohibiting parking, standing, or stopping within ten feet of a bus stop

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Subparagraph 1 of paragraph 1 of subdivision (a) of section
2 1202 of the vehicle and traffic law, as amended by chapter 206 of the
3 laws of 2020, is amended and a new subparagraph m is added to read as
4 follows:

5 l. In a space designated as provided in this subparagraph for the
6 exclusive purpose of charging an electric vehicle at an electric vehicle
7 charging station, unless such vehicle is an electric vehicle connected
8 to such charging station. Provided, however, that an electric motor
9 vehicle disconnected from the electric vehicle charging station for no
10 more than thirty continuous minutes while stopped, standing or parked in
11 such designated space shall not be in violation of this subparagraph.
12 Parking spaces designated for the exclusive purpose of charging an elec-
13 tric vehicle at an electric vehicle charging station shall be clearly
14 identified, and such designation shall include conspicuous and perma-
15 nently installed above grade signs which shall be positioned from the
16 parking space surface at a height of not less than five feet nor more
17 than seven feet and which identify such space as an electric vehicle
18 charging station, indicate that such space is only for electric vehicle
19 charging and include any day or time restrictions. For the purposes of
20 this subparagraph, the term "electric vehicle" shall mean a motor vehi-
21 cle that is propelled at least in part by an electric motor and associ-
22 ated power electronics which provide acceleration torque to the drive
23 wheels sometime during normal vehicle operation, and that draws elec-
24 tricity from a battery or hydrogen fuel cell that is capable of being
25 recharged from an external source of electricity, such that the external
