## The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Declaration of policy and statement of purpose. It being in 1 2 the vital interest of the general public that public works in the state of New York be administered efficiently and at a reasonable and equita-3 ble cost; and, the unforeseen emergency of unanticipated escalation in 4 5 construction materials prices having imposed substantial inequity upon б contractors who have heretofore been awarded contracts after public 7 bidding; and, such inequity having threatened the ability of contractors to fulfill contracts so awarded; and, in order to perpetuate the bene-8 fits derived by the general public from the existing system of public 9 10 bidding, and to assure the continuance of the orderly performance of 11 contracts heretofore awarded as a result of such public bidding; and, it 12 being in the best interest to provide equitable relief to those contrac-13 tors who, having been awarded public contracts, have sustained damage by 14 reason of such construction materials price escalation, this act is 15 hereby enacted.

such contract that there has been an increase in the cost of acquisition 1 by the contractor, subcontractor or supplier of materials of such mate-2 rials in excess of five percent, determined as of the time of the award. 3 4 Such a determination shall be based upon the available evidence, includ-5 ing but not limited to, an appropriate nationally recognized economic б index published by the United States department of labor or other appro-7 priate organization. In the case of any state department or agency any 8 such increase in contract price shall be subject to the approval of the state comptroller. Any contractor, subcontractor or supplier of materi-9 10 als who receives an increase in the cost of construction materials shall 11 also be subject to a downward adjustment in construction materials pric-12 es for subsequent de-escalation which may result in a price being lower than the original bid price. Any contractor requesting an adjustment 13 14 shall make application in writing submitting documentary evidence to the 15 office of the department, board, agency or public benefit corporation that awarded the contract establishing such increase in accordance with 16 the requirements of the department, board, agency or public benefit 17 corporation, which evidence shall be subject to public inspection during 18 regular business hours. Any subsequent decrease or de-escalation shall 19 20 be made upon a determination by the officer of the department, board, 21 agency or public benefit corporation that awarded such contract that 22 there has been a subsequent decrease in the cost of acquisition of such 23 construction materials by the contractor, subcontractor or supplier of materials. Such a determination shall be based upon the available 24 25 evidence, including but not limited to, an appropriate nationally recog-26 nized economic index published by the United States department of labor 27 or other appropriate organization. Upon the agreement of the parties, 28 the contract may be amended in writing to reflect the increased or decreased cost of acquisition of such materials insofar as it exceeds 29 30 five percent thereof and such contract amendment shall state the amount 31 of adjustment and the basis therefor, but in no event shall direct labor 32 costs, additional profit or overhead be part of such adjustment. To the 33 extent a construction contract is subject to approval by the state comp-34 troller, and as to the form and manner of execution, by the attorney general, every such contract amendment shall be subject to the approval 35 36 of the state comptroller, and as to form and manner of execution, by the 37 attorney general. No adjustment shall be granted in an amount which, 38 together with any other sum obligated under the contract, shall exceed 39 the money appropriated or otherwise lawfully available for the project. (a) The commissioner of general services in contracting for 40 § 3. 41 commodities is authorized, with the approval of the state comptroller, 42 to terminate or suspend for a part of its term any state contract award 43 for the purchase of commodities upon written application for such termi-44 nation or suspension by the vendor, where extraordinary and unforeseen general market conditions have caused increases in the vendor's costs 45 46 for construction materials or other physical elements consisting of 47 construction materials to be sold under the contract, where the contract 48 covers materials which were purchased or invoiced after March 1, 2020, and the commissioner of general services determines upon evidence 49 furnished by the vendor as required and deemed to be sufficient by the 50 51 commissioner that as the direct and sole result of such increases during 52 the term of the contract, which exceed five percent of the contractor's 53 aggregate acquisition costs determined as of the time of the award, the 54 contractor has incurred or will incur an actual net loss on such contract from the estimated sales made under the contract and the 55 56 contractor would continue to incur such net losses unless the contract

1 is suspended or terminated. Such a determination shall be based upon the 2 available evidence, including but not limited to, an appropriate 3 nationally recognized economic index published by the United States 4 department of labor or other appropriate organization.

5 (b) The commissioner of general services is further authorized, б following the determination made pursuant to the provisions of subdivi-7 sion (a) of this section that the contractor has incurred or will incur an actual net loss on such contract from the sales made under the 8 9 contract, to grant an increase or increases in the prices of the commod-10 ities specified by the contract, in amounts necessary to prevent further 11 net losses to the contractor on such contract from deliveries to be made 12 thereafter under the contract, as compensation for and not exceeding increases of the contractor's acquisition costs during the contract 13 term. Any such increase in contract prices shall be subject to the 14 15 approval of the state comptroller. Any contractor who receives an 16 increase in the price of the commodities shall also be subject to a 17 downward adjustment in the price of the commodities for subsequent 18 de-escalation which may result in a price being lower than the original 19 bid price. Any subsequent decrease or de-escalation shall be made upon a 20 determination by the officer of the department, board, agency or public 21 benefit corporation that awarded such contract that there has been a 22 subsequent decrease in the cost of acquisition of such construction 23 materials by the contractor, subcontractor or supplier of materials. 24 Such a determination shall be based upon the available evidence, includ-25 ing but not limited to, an appropriate nationally recognized economic index published by the United States department of labor or other appro-26 27 priate organization.

(c) All records, books and documents of the contractor which are related or useful to the determinations made by the commissioner of general services and to the approval of the state comptroller hereunder shall be subject to audit and examination by the state comptroller.

32 § 4. This act shall take effect immediately and shall expire and be 33 deemed repealed June 30, 2024.
