The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. This act enacts into law major components of legislation
2 necessary to implement certain provisions regarding the employment of
3 people with disabilities. Each component is wholly contained within a
4 Part identified as Parts A through B. The effective date for each
5 particular provision contained within such Part is set forth in the last

1 officers, mail clerks, chaplains, social workers, doctors, lawyers,
2 teachers, and computer programmers;

3 2. People with disabilities can benefit from the experience of employ-
4 ment in state agencies, gaining skills and receiving benefits through
5 both internships and employment in the public sector and the state can
6 benefit from the contributions that they can make as state employees;

7 3. A number of states have instituted within their human resources
8 agencies policies and programs that foster the inclusion of people with
9 disabilities into state government jobs, including provisional appoint-
10 ments, alternative examination and interview processes, trial work peri-
11 ods, and special appointment lists;

12 4. As a leading employer, and as an employer providing many well paid,
13 quality jobs with ample paid time off and medical and pension benefits,
14 the state of New York can set an important example to other employers,
15 especially private sector employers, by increasing its efforts to
16 recruit and retain in employment individuals with intellectual and
17 developmental disabilities; and

18 5. It is therefore appropriate to establish a task force to promote
19 the employment by state agencies of people with disabilities for the
20 purposes of studying the problem of unemployment and underemployment
21 among individuals in New York with disabilities, reviewing existing
22 programs in this and other states, and private sector companies, to
23 recruit and retain in employment individuals with intellectual and
24 developmental disabilities, and assisting in the identification and
25 implementation of strategies to expand efforts of New York state agen-
26 cies to recruit and retain in employment individuals with disabilities,
27 including by providing guidance and support to agencies and institutions
28 of higher education.

29 § 2. 1. There is established, in the department of labor, the task
30 force to promote the employment by state agencies of people with disa-
31 bilities. The task force shall consist of 13 members, including one
32 representative each from the department of civil service, the department
33 of education, the disability employment initiative of the department of
34 labor, the state comptroller, the office for people with developmental
35 disabilities, the state rehabilitation council, the office of strategic
36 workforce development, and the office of the chief disability officer,
37 and 5 members appointed by the governor with the advice and consent of
38 the senate as follows: 2 members representing The Arc New York; a repre-
39 sentative of a community rehabilitation program, and 2 individuals who
40 have a disability.

41 2. Members of the task force shall be appointed within 90 days after
42 the effective date of this act. The appointed members of the task force
43 shall serve for terms of 3 years. Vacancies in the membership of the
44 appointed members of the task force shall be filled in the same manner
45 as the original appointments.

46 3. Members of the task force shall serve without compensation, but
47 shall be reimbursed for necessary expenses incurred in the performance
48 of their duties as members of the task force, within the limits of funds
49 appropriated or otherwise made available to the task force for its
50 purposes.

51 4. The task force shall organize as soon as possible after the
52 appointments are made and select a chairperson from among its members.
53 The task force shall meet at least quarterly, may hold meetings and
54 hearings at places and times as it designates, and may meet at any other
55 times at the call of the chairperson. No action shall be taken by the

1 task force except by an affirmative vote of a majority of the voting
2 members.

3 § 3. 1. The purpose of the task force is to study the problem of unem-
4 ployment and underemployment among individuals with disabilities, review
5 relevant, available programs within the state of New York for state and
6 local government agencies to recruit, hire, and retain in employment
7 individuals with intellectual and developmental disabilities, as well as
8 similar programs in other states and private sector employers, and
9 assist in the identification and implementation of strategies to expand
10 efforts of New York state and local government agencies to recruit,
11 hire, and retain in employment individuals with disabilities.

12 2. The task force shall issue annual reports which offer a vision and
13 provide viable recommendations on how the state can increase opportu-
14 nities for employment for individuals with intellectual and develop-
15 mental disabilities by expanding efforts of New York state and local
16 government agencies to promote the employment of such individuals by
17 recruiting, hiring, and retaining them in employment, including by
18 providing guidance and support to agencies and institutions of higher
19 education.

20 3. The task force shall issue its first report to the governor and the
21 legislature not later than one year after the members of the task force
22 are appointed. Each annual report shall be made available to the public
23 by means including the posting of the report on the websites of the
24 state agencies represented on the task force.

25 § 4. This act shall take effect immediately and shall expire and be
26 deemed repealed December 31, 2030.

27 PART B

28 Section 1. Legislative intent. 1. Historically, federal programs for
29 adults with disabilities have encouraged dependency on income supports
30 and have created barriers to employment and economic self-sufficiency.
31 Even in strong economic times, adults with disabilities have had limited
32 options and faced major barriers to achieve economic self-sufficiency,
33 resulting in prolonged reliance upon public assistance programs and an
34 unacceptably high unemployment rate statewide.

35 2. Federal laws enacted during the 1990's offered significant public
36 policies and fiscal incentives designed to assist states to restructure
37 workforce development programs into integrated workforce investment
38 systems that will respond to the employment, training, and education
39 needs of its citizens.

40 3. Since 1998, employment-focused reforms for adults with disabilities
41 in the workforce have been enacted into Medicare, Medicaid, the Supple-
42 mental Security Income Program (SSI), the Social Security Disability
43 Insurance Program (SSDI), and with respect to programs administered by
44 the United States department of labor, and the United States department
45 of education.

46 4. The federal Workforce Investment Act of 1998 (WIA), (Public Law
47 105-220) redesigned major federal public employment programs, and
48 included a requirement that services for employers and employees be
49 centered in accessible, community-based one-stop centers.

50 5. The federal Ticket to Work and Work Incentives Improvement Act of
51 1999, (Public Law 106-170) increased opportunities for states to remove
52 and minimize barriers to employment for people with disabilities by
53 improving access to health care coverage available under Medicare and
54 Medicaid.

6. Beginning February 1, 2002, the Social Security Ticket to Work and Self-Sufficiency program began a state-by-state phase-in period nationally, allowing SSI and SSDI beneficiaries to receive a "ticket" from the Social Security Administration that can be assigned for employment services to a wider pool of rehabilitation, employment, or other employment support service providers.

§ 2. 1. The commissioner of labor, in collaboration with the commissioner of health, shall make available the expertise of state employees and programs to support the employment-related needs of individuals with disabilities. Using existing resources, the agencies shall develop a sustainable, comprehensive strategy to do all of the following:

a. bring adults with disabilities into gainful employment at a rate that is as close as possible to that of the general adult population;

b. support the goals of equality of opportunity, full participation, independent living, and economic self-sufficiency for these individuals;

c. ensure that state government is a model employer of individuals with disabilities; and

d. support state coordination with, and participation in, benefits planning training and information dissemination projects supported by private foundations and federal grants.

2. a. The state workforce investment board shall monitor and enforce implementation of Section 188 of the federal Workforce Investment Act of 1998 (29 U.S.C. Sec. 2938), and shall require local workforce development boards to report as follows:

(i) By July 1, 2024, each local workforce development board shall report to the state workforce investment board or its designated department on the steps it has taken to ensure compliance with Section 188 of the federal Workforce Investment Act of 1998 (29 U.S.C. Sec. 2938), in regard to the provisions as they apply to persons with disabilities.

(ii) By October 31, 2024, each local workforce development board that chooses to participate in the federal Ticket to Work and Self-Sufficiency program shall report to the state workforce investment board on its readiness to meet the eligibility standards to serve as an employment network under the federal Ticket to Work and Self-Sufficiency program (Section 1148(f), Part A, Title XI of the Social Security Act, 42 U.S.C. Section 1320b-19).

b. The state workforce investment board shall report its findings, based on the reports described in subparagraph (i) of paragraph a of this subdivision to the governor and the legislature.

§ 3. 1. a. The governor shall establish, in the state workforce investment board, a governor's committee on employment of people with disabilities. The committee shall include, but not be limited to:

(i) 4 individuals with disabilities representing disabled persons, 2 appointed by the governor and one each appointed by the temporary president of the senate and the speaker of the assembly, each for a 3-year term;

(ii) the commissioner of labor, the commissioner of health, the commissioner of mental health, the commissioner of the office for people with developmental disabilities, the commissioner of social services, the director of the state education department's office of adult career and continuing education services-vocational rehabilitation, the chief disability officer, and the chair of the New York state independent living council, inc.;

5 development board, to be appointed by the governor; and

6 (vi) a business representative with experience in employing persons
7 with disabilities, to be appointed by the governor.

8 b. Members of the committee shall be appointed within 90 days after
9 the effective date of this act. The appointed members of the committee
10 shall serve for terms of 3 years. Vacancies in the membership of the
11 appointed members of the committee shall be filled in the same manner as
12 the original appointments.

13 c. The members of the governor's committee on employment of people
14 with disabilities shall select a chair from among the members and shall
15 hold open meetings no less than quarterly.

16 2. The committee shall consult with and advise the state workforce
17 investment board on all issues related to full inclusion in the work-
18 force of persons with disabilities, including development of the compre-
19 hensive strategy required by this section and the implementation of the
20 grant program established pursuant to section four of this act.

21 3. The governor's committee on employment of people with disabilities

27 ment status of New York residents with disabilities;

44 local workforce development boards in order to develop local strategies

46 to fund comprehensive local and regional benefits planning and outreach
47 programs to assist persons with disabilities in removing barriers to
48 work.

49 2. The governor's committee on employment of people with disabilities,
50 in conjunction with the department of labor and to the extent that funds
51 are available, shall make grants available to counties and local work-
52 force development boards, through collaborative efforts of public agen-

54 people with disabilities, to accomplish the following purposes:

1 a. to develop local strategies, including, but not limited to, regular
2 cross-agency staff training, for enhancing employment opportunities for
3 individuals with disabilities; and

4 b. to fund comprehensive local or regional benefits planning and

11 that:

12 a. one-stop centers provide appropriate services to individuals with

54 to beneficiaries of Supplemental Security Income and the state Supple-
