1 Direct personal supervision, for purposes of this section, means super-
2 vision of dental procedures based on instructions given by a licensed
3 dentist in the course of a procedure who remains in the dental office
4 where the supportive services are being performed, personally diagnoses
5 the condition to be treated, personally authorizes the procedures, and
6 before dismissal of the patient, who remains the responsibility of the
7 licensed dentist, evaluates the services performed by the registered
8 dental assistant. Nothing herein authorizes a registered dental assist-
9 ant to perform any of the services or functions defined as part of the
10 practice of dental hygiene in accordance with the provisions of subdivi-
11 sion one of section sixty-six hundred six of this article, except those
12 functions authorized pursuant to this section. All dental supportive
13 services provided in this section may be performed by currently regis-
14 tered dental hygienists either under a dentist's supervision, as defined
15 in regulations of the commissioner, or, in the case of a registered
16 dental hygienist working for a hospital as defined in article twenty-
17 eight of the public health law, pursuant to a collaborative arrangement
18 with a licensed dentist in accordance with subdivision one of section
19 sixty-six hundred six of this article. Such collaborative arrangement
20 shall not obviate or supersede any law or regulation which requires
21 identified services to be performed under the personal supervision of a
22 dentist.

23 § 2. Subdivision 2 of section 6902 of the education law, as amended by
24 chapter 781 of the laws of 1990, is amended to read as follows:

25 2. The practice of nursing as a licensed practical nurse is defined as
26 performing tasks and responsibilities within the framework of casefind-
27 ing, health teaching, health counseling, the application of topical
28 fluoride varnish, and provision of supportive and restorative care under
29 the direction of a registered professional nurse or licensed physician,
30 dentist or other licensed health care provider legally authorized under
31 this title and in accordance with the commissioner's regulations.

32 § 3. This act shall take effect immediately.
