21 if the director of the budget determines  
22 that such expenditures are expected to  
23 cause medicaid spending for such period to  
24 exceed the aggregate limit specified here-

18 that there are sufficient grounds for  
19 non-uniformity, including but not limited  
20 to: the extent to which specific catego-  
21 ries of services contributed to department  
22 of health medicaid state funds spending in  
23 excess of the limits specified herein; the  
24 need to maintain safety net services in  
25 underserved communities; or the potential  
26 benefits of pursuing innovative payment

4 (b) The commissioner may revise the medicaid

18 exceed \$31,284,010,000 except as provided  
19 below provided, however, such aggregate  
20 limits may be adjusted by the director of  
21 the budget to account for any changes in  
22 the New York state federal medical assist-  
23 ance percentage amount established pursu-  
24 ant to the federal social security act,  
25 increases in provider revenues, reductions  
26 in local social services district payments

31 ant to chapter 59 of the laws of 2011, and  
32 state costs or savings from the essential

4 health, shall develop a medicaid savings  
5 allocation adjustment to limit such spend-  
6 ing to the aggregate limit specified here-

8 Such medicaid savings allocation adjustment  
9 shall be designed, to reduce the expendi-  
10 tures authorized by the appropriations  
11 herein in compliance with the following  
12 guidelines: (1) reductions shall be made  
13 in compliance with applicable federal law,  
14 including the provisions of the Patient

16 Law No. 111-148, and the Health Care and  
17 Education Reconciliation Act of 2010,  
18 Public Law No. 111-152 (collectively  
19 "Affordable Care Act") and any subsequent  
20 amendments thereto or regulations promul-  
21 gated thereunder; (2) reductions shall be  
22 made in a manner that complies with the  
23 state medicaid plan approved by the feder-  
24 al centers for medicare and medicaid  
25 services, provided, however, that the  
26 commissioner of health is authorized to  
27 submit any state plan amendment or seek  
28 other federal approval, including waiver  
29 authority, to implement the provisions of  
30 the medicaid savings allocation adjustment  
31 that meets the other criteria set forth  
32 herein; (3) reductions shall be made in a  
33 manner that maximizes federal financial  
34 participation, to the extent practicable,  
35 including any federal financial partic-  
36 ipation that is available or is reasonably  
37 expected to become available, in the  
38 discretion of the commissioner, under the  
39 Affordable Care Act; (4) reductions shall  
40 be made uniformly among categories of  
41 services and geographic regions of the  
42 state, to the extent practicable, and

48 to: the extent to which specific catego-

underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation adjustment; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation adjustment, to the extent that all or part of such adjustment, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation adjustment on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation adjustment subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.

For purposes of this section, a public health emergency is defined as: (i) a

6 serious communicable disease, or the  
7 potential for such widespread risk of  
8 exposure; or (iii) any other event or  
9 condition determined by the commissioner  
10 to constitute an imminent threat to public

12 Nothing in this paragraph shall be deemed to  
13 prevent all or part of such medicaid  
14 savings allocation adjustment from taking  
15 effect retroactively to the extent permit-  
16 ted by the federal centers for medicare  
17 and medicaid services.

18 In accordance with the medicaid savings

29 amount or methodology for any such  
30 payments or rates of payment; modifying  
31 medicaid program benefits; seeking all  
32 necessary federal approvals, including,  
33 but not limited to waivers, waiver amend-

35 notice, approval or certification of rate  
36 requirements, notwithstanding any  
37 provision of law, rule or regulation to

Funding authority from this account used for state administration of the medical assistance program may be transferred to state operations appropriations within the aforementioned programs at amounts agreed upon by the commissioner of health, and the New York state division of the budget.

Notwithstanding section 40 of the state finance law or any other law to the contrary, all medical assistance appropriations made from this account shall remain in full force and effect in accordance, in the aggregate, with the following schedule: not more than 50 percent for the period April 1, 2023 to March 31, 2024 and the remaining amount for the period April 1, 2024 to ~~March 31~~ September 15, 2025.

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2023 through March 31, 2024, shall not exceed \$28,109,771,000 except as provided below and state share medicaid spending, in the aggregate, for the period April 1, 2024 through ~~March 31~~ September 15, 2025, shall not exceed ~~[\$31,020,880,000]~~ \$31,284,010,000, but in no event shall department of health state funds medicaid spending for the period April 1, 2023 through ~~March 31~~ September 15, 2025 exceed ~~[\$50,130,651,000]~~ \$59,393,781,000 provided, however, such aggregate limits may be adjusted by the director of the budget to account for any changes in the New York state federal medical assistance percentage amount established pursuant to the federal social security act, increases in provider revenues, reductions in local social services district payments for medical assistance administration, minimum wage increases, and beginning April 1, 2012 the operational costs of the New York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or savings from the essential plan program. The director of the budget, in consultation with the commissioner of health, shall assess on a quarterly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation

1 adjustment to limit such spending to the aggregate limit specified  
2 herein for such period.

3 Such medicaid savings allocation adjustment shall be designed, to  
4 reduce the expenditures authorized by the appropriations herein in  
5 compliance with the following guidelines: (1) reductions shall be  
6 made in compliance with applicable federal law, including the  
7 provisions of the Patient Protection and Affordable Care Act, Public  
8 Law No. 111-148, and the Health Care and Education Reconciliation  
9 Act of 2010, Public Law No. 111-152 (collectively "Affordable Care  
10 Act") and any subsequent amendments thereto or regulations promul-  
11 gated thereunder; (2) reductions shall be made in a manner that  
12 complies with the state medicaid plan approved by the federal  
13 centers for medicare and medicaid services, provided, however, that  
14 the commissioner of health is authorized to submit any state plan  
15 amendment or seek other federal approval, including waiver authori-  
16 ty, to implement the provisions of the medicaid savings allocation  
17 adjustment that meets the other criteria set forth herein; (3)  
18 reductions shall be made in a manner that maximizes federal finan-  
19 cial participation, to the extent practicable, including any federal  
20 financial participation that is available or is reasonably expected  
21 to become available, in the discretion of the commissioner, under  
22 the Affordable Care Act; (4) reductions shall be made uniformly  
23 among categories of services and geographic regions of the state, to  
24 the extent practicable, and shall be made uniformly within a cate-  
25 gory of service, to the extent practicable, except where the commis-  
26 sioner determines that there are sufficient grounds for non-uniform-  
27 ity, including but not limited to: the extent to which specific  
28 categories of services contributed to department of health medicaid  
29 state funds spending in excess of the limits specified herein; the  
30 need to maintain safety net services in underserved communities; or  
31 the potential benefits of pursuing innovative payment models contem-  
32 plated by the Affordable Care Act, in which case such grounds shall  
33 be set forth in the medicaid savings allocation adjustment; and (5)  
34 reductions shall be made in a manner that does not unnecessarily  
35 create administrative burdens to medicaid applicants and recipients  
36 or providers.

37 The commissioner shall seek the input of the legislature, as well as  
38 organizations representing health care providers, consumers, busi-  
39 nesses, workers, health insurers, and others with relevant exper-  
40 tise, in developing such medicaid savings allocation adjustment, to  
41 the extent that all or part of such adjustment, in the discretion of  
42 the commissioner, is likely to have a material impact on the overall  
43 medicaid program, particular categories of service or particular  
44 geographic regions of the state.

45 (a) The commissioner shall post the medicaid savings allocation  
46 adjustment on the department of health's website and shall provide  
47 written copies of such adjustment to the chairs of the senate  
48 finance and the assembly ways and means committees at least 30 days  
49 before the date on which implementation is expected to begin.

50 (b) The commissioner may revise the medicaid savings allocation

2       his or her discretion, that such revisions materially alter the  
3       adjustment.

4       Notwithstanding the provisions of paragraphs (a) and (b) of this  
5       subdivision, the commissioner need not seek the input described in  
6       paragraph (a) of this subdivision or provide notice pursuant to  
7       paragraph (b) of this subdivision if, in the discretion of the  
8       commissioner, expedited development and implementation of a medicaid

10      emergency.

11     For purposes of this section, a public health emergency is defined as:

12       (i) a disaster, natural or otherwise, that significantly increases  
13       the immediate need for health care personnel in an area of the  
14       state; (ii) an event or condition that creates a widespread risk of  
15       exposure to a serious communicable disease, or the potential for

17       tion determined by the commissioner to constitute an imminent threat  
18       to public health.

19     Nothing in this paragraph shall be deemed to prevent all or part of  
20     such medicaid savings allocation adjustment from taking effect  
21     retroactively to the extent permitted by the federal centers for  
22     medicare and medicaid services.

23     In accordance with the medicaid savings allocation adjustment, the  
24     commissioner of the department of health shall reduce department of  
25     health state funds medicaid spending by the amount of the projected  
26     overspending through, actions including, but not limited to modify-  
27     ing or suspending reimbursement methods, including but not limited  
28     to all fees, premium levels and rates of payment, notwithstanding  
29     any provision of law that sets a specific amount or methodology for  
30     any such payments or rates of payment; modifying medicaid program  
31     benefits; seeking all necessary federal approvals, including, but  
32     not limited to waivers, waiver amendments; and suspending time  
33     frames for notice, approval or certification of rate requirements,  
34     notwithstanding any provision of law, rule or regulation to the  
35     contrary, including but not limited to sections 2807 and 3614 of the  
36     public health law, section 18 of chapter 2 of the laws of 1988, and  
37     18 NYCRR 505.14(h).

38     The department of health shall prepare a quarterly report that sets  
39     forth: (a) known and projected department of health medicaid expend-  
40     itures as described in subdivision (1) of this section, and factors  
41     that could result in medicaid disbursements for the relevant state  
42     fiscal year to exceed the projected department of health state funds  
43     disbursements in the enacted budget financial plan pursuant to  
44     subdivision 3 of section 23 of the state finance law, including  
45     spending increases or decreases due to: enrollment fluctuations,  
46     rate changes, utilization changes, MRT investments, and shift of  
47     beneficiaries to managed care; and variations in offline medicaid  
48     payments; and (b) the actions taken to implement any medicaid  
49     savings allocation adjustment implemented pursuant to subdivision  
50     (4) of this section, including information concerning the impact of  
51     such actions on each category of service and each geographic region  
52     of the state. Each such quarterly report shall be provided to the

1 natural or other type of disaster, including a governmental declara-  
2 tion of emergency.

3 The director of the budget, in consultation with the commissioner of  
4 health, shall assess on a quarterly basis known and projected medi-  
5 caid expenditures by category of service and by geographic region,  
6 as defined by the commissioner, incurred both prior to and subse-  
7 quent to such assessment for each such period, and if the director  
8 of the budget determines that such expenditures are expected to  
9 cause medicaid spending for such period to exceed the aggregate  
10 limit specified herein for such period, the state medicaid director,  
11 in consultation with the director of the budget and the commissioner  
12 of health, shall develop a medicaid savings allocation adjustment to  
13 limit such spending to the aggregate limit specified herein for such  
14 period.

15 Such medicaid savings allocation adjustment shall be designed, to  
16 reduce the expenditures authorized by the appropriations herein in  
17 compliance with the following guidelines: (1) reductions shall be  
18 made in compliance with applicable federal law, including the  
19 provisions of the Patient Protection and Affordable Care Act, Public  
20 Law No. 111-148, and the Health Care and Education Reconciliation  
21 Act of 2010, Public Law No. 111-152 (collectively "Affordable Care  
22 Act") and any subsequent amendments thereto or regulations promul-  
23 gated thereunder; (2) reductions shall be made in a manner that  
24 complies with the state medicaid plan approved by the federal  
25 centers for medicare and medicaid services, provided, however, that  
26 the commissioner of health is authorized to submit any state plan  
27 amendment or seek other federal approval, including waiver authori-  
28 ty, to implement the provisions of the medicaid savings allocation  
29 adjustment that meets the other criteria set forth herein; (3)  
30 reductions shall be made in a manner that maximizes federal finan-  
31 cial participation, to the extent practicable, including any federal  
32 financial participation that is available or is reasonably expected  
33 to become available, in the discretion of the commissioner, under  
34 the Affordable Care Act; (4) reductions shall be made uniformly  
35 among categories of services and geographic regions of the state, to  
36 the extent practicable, and shall be made uniformly within a cate-  
37 gory of service, to the extent practicable, except where the commis-  
38 sioner determines that there are sufficient grounds for non-uniform-  
39 ity, including but not limited to: the extent to which specific  
40 categories of services contributed to department of health medicaid  
41 state funds spending in excess of the limits specified herein; the  
42 need to maintain safety net services in underserved communities; or  
43 the potential benefits of pursuing innovative payment models contem-  
44 plated by the Affordable Care Act, in which case such grounds shall  
45 be set forth in the medicaid savings allocation adjustment; and (5)  
46 reductions shall be made in a manner that does not unnecessarily  
47 create administrative burdens to medicaid applicants and recipients  
48 or providers.

49 The commissioner shall seek the input of the legislature, as well as  
50 organizations representing health care providers, consumers, busi-  
51 nesses, workers, health insurers, and others with relevant exper-  
52 tise, in developing such medicaid savings allocation adjustment, to

1 the extent that all or part of such adjustment, in the discretion of  
2 the commissioner, is likely to have a material impact on the overall  
3 medicaid program, particular categories of service or particular  
4 geographic regions of the state.

5 (a) The commissioner shall post the medicaid savings allocation  
6 adjustment on the department of health's website and shall provide  
7 written copies of such adjustment to the chairs of the senate  
8 finance and the assembly ways and means committees at least 30 days  
9 before the date on which implementation is expected to begin.

10 (b) The commissioner may revise the medicaid savings allocation  
11 adjustment subsequent to the provisions of notice and prior to  
12 implementation but needs to provide a new notice pursuant to subpar-  
13 agraph (i) of this paragraph only if the commissioner determines, in  
14 his or her discretion, that such revisions materially alter the  
15 adjustment.

16 Notwithstanding the provisions of paragraphs (a) and (b) of this  
17 subdivision, the commissioner need not seek the input described in  
18 paragraph (a) of this subdivision or provide notice pursuant to  
19 paragraph (b) of this subdivision if, in the discretion of the  
20 commissioner, expedited development and implementation of a medicaid  
21 savings allocation adjustment is necessary due to a public health  
22 emergency.

25 the immediate need for health care personnel in an area of the

27 exposure to a serious communicable disease, or the potential for  
28 such widespread risk of exposure; or (iii) any other event or condi-  
29 tion determined by the commissioner to constitute an imminent threat  
30 to public health.

31 Nothing in this paragraph shall be deemed to prevent all or part of  
32 such medicaid savings allocation adjustment from taking effect  
33 retroactively to the extent permitted by the federal centers for  
34 medicare and medicaid services.

35 In accordance with the medicaid savings allocation adjustment, the  
36 commissioner of the department of health shall reduce department of  
37 health state funds medicaid spending by the amount of the projected  
38 overspending through, actions including, but not limited to modify-  
39 ing or suspending reimbursement methods, including but not limited  
40 to all fees, premium levels and rates of payment, notwithstanding  
41 any provision of law that sets a specific amount or methodology for  
42 any such payments or rates of payment; modifying or discontinuing  
43 medicaid program benefits; seeking all necessary federal approvals,  
44 including, but not limited to waivers, waiver amendments; and  
45 suspending time frames for notice, approval or certification of rate  
46 requirements, notwithstanding any provision of law, rule or regu-  
47 lation to the contrary, including but not limited to sections 2807  
48 and 3614 of the public health law, section 18 of chapter 2 of the  
49 laws of 1988, and 18 NYCRR 505.14(h).

5 spending increases or decreases due to: enrollment fluctuations,  
6 rate changes, utilization changes, MRT investments, and shift of  
7 beneficiaries to managed care; and variations in offline medicaid  
8 payments; and (b) the actions taken to implement any medicaid

10 (4) of this section, including information concerning the impact of  
11 such actions on each category of service and each geographic region  
12 of the state. Each such quarterly report shall be provided to the  
13 chairs of the senate finance and the assembly ways and means commit-

Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency.

The director of the budget, in consultation with the commissioner of health, shall assess on a quarterly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation adjustment to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation adjustment shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation adjustment that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to

the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation adjustment; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers. The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation adjustment, to the extent that all or part of such adjustment, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation adjustment on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation adjustment subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation adjustment is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as:

(i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation adjustment from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation adjustment, the commissioner of the department of health shall reduce department of

12 health state funds medicaid spending, excluding payments for medical  
13 services provided at state facilities operated by the office of

34 the budget to account for increased or expedited department of  
35 health state funds medicaid expenditures as a result of a natural or  
36 other type of disaster, including a governmental declaration of  
37 emergency.

38 The director of the budget, in consultation with the commissioner of  
39 health, shall assess on a quarterly basis known and projected medi-  
40 caid expenditures by category of service and by geographic region,  
41 as determined by the commissioner of health, incurred both prior to  
42 and subsequent to such assessment for each such period, and if the  
43 director of the budget determines that such expenditures are  
44 expected to cause medicaid spending for such period to exceed the  
45 aggregate limit specified herein for such period, the state medicaid  
46 director, in consultation with the director of the budget and the  
47 commissioner of health, shall develop a medicaid savings allocation  
48 adjustment to limit such spending to the aggregate limit specified  
49 herein for such period.

50 Such medicaid savings allocation adjustment shall be designed, to

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation adjustment, to the extent that all or part of such adjustment, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation adjustment on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation adjustment subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to

12 to public health.

13 Nothing in this paragraph shall be deemed to prevent all or part of  
14 such medicaid savings allocation adjustment from taking effect  
15 retroactively to the extent permitted by the federal centers for  
16 medicare and medicaid services.

17 In accordance with the medicaid savings allocation adjustment, the

30 public health law, section 18 of chapter 2 of the laws of 1988, and  
31 18 NYCRR 505.14(h).

32 The department of health shall prepare a quarterly report that sets  
33 forth: (a) known and projected department of health medicaid expend-  
34 itures as described in subdivision (1) of this section, and factors  
35 that could result in medicaid disbursements for the relevant state  
36 fiscal year to exceed the projected department of health state funds

38 subdivision 3 of section 23 of the state finance law, including  
39 spending increases or decreases due to: enrollment fluctuations,  
40 rate changes, utilization changes, MRT investments, and shift of  
41 beneficiaries to managed care; and variations in offline medicaid  
42 payments; and (b) the actions taken to implement any medicaid  
43 savings allocation adjustment implemented pursuant to subdivision  
44 (4) of this section, including information concerning the impact of  
45 such actions on each category of service and each geographic region
