(3) members with wages greater than fifty-five thousand per annum, but not more than seventy-five thousand per annum shall contribute four and one-half per centum of annual wages. On July one, two thousand twenty-three, members with wages greater than sixty thousand per annum, but not more than eighty thousand per annum shall contribute four and one-half per centum of annual wages, and beginning on July one, two thousand twenty-four, the wages in this subparagraph shall be increased by the annual inflation, as determined from the increase in the consumer price index in the one year period ending on December thirty-first of the year prior. Said percentage shall then be rounded up to the next higher one-tenth of one percent and shall not exceed three percent;

(4) members with wages greater than seventy-five thousand per annum but not more than one hundred thousand per annum shall contribute five and three-quarters per centum of annual wages. On July one, two thousand twenty-three, members with wages greater than eighty thousand dollars per annum but not more than one hundred five thousand dollars per annum shall contribute five and three-quarters per centum of annual wages, and beginning on July one, two thousand twenty-four, the wages in this subparagraph shall be increased by the annual inflation, as determined from the increase in the consumer price index in the one year period ending on December thirty-first of the year prior. Said percentage shall then be rounded up to the next higher one-tenth of one percent and shall not exceed three percent; and

(5) members with wages greater than one hundred thousand per annum shall contribute six per centum of annual wages. On July one, two thousand twenty-three, members with wages greater than one hundred five thousand dollars per annum shall contribute six per centum of annual wages, and beginning on July one, two thousand twenty-four, the wages in this subparagraph shall be increased by the annual inflation, as determined from the increase in the consumer price index in the one year period ending on December thirty-first of the year prior. Said percentage shall then be rounded up to the next higher one-tenth of one percent and shall not exceed three percent.

§ 7. Notwithstanding any other provision of law to the contrary, none of the provisions of this act shall be subject to section 25 of the retirement and social security law.

§ 8. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would increase the wage ranges to which member contribution rates are applied for Tier 6 members effective April 1, 2024 by \$5,000. Beginning on April 1, 2025, the wage ranges would increase each year by the annual inflation rate rounded up to the next tenth of a percent, not to exceed 3%.

The current contribution rates and wage ranges for Tier 6 members are:
3% for wages of \$45,000 or less

3.5% for wages greater than \$45,000 and less than or equal to \$55,000

4.5% for wages greater than \$55,000 and less than or equal to \$75,000

5.75% for wages greater than \$75,000 and less than or equal to \$100,000

6.0% for wages greater than \$100,000

Insofar as this bill affects the New York State and Local Employees' Retirement System (NYSLERS), increased costs would be shared by the State of New York and all participating employers in the NYSLERS. If this bill is enacted during the 2023 legislative session, there will be an increase in the present value of future costs of approximately \$588 million.

In the NYSLERS, this benefit improvement will be funded by increasing the billing rates charged annually. The annual contribution required of all participating employers in NYSLERS is approximately 0.2% of billable salary, or \$26 million to the State of New York and approximately \$38 million to the local participating employers. This permanent annual cost will vary in subsequent billing cycles with changes in the wage ranges and salary of the affected members.

Insofar as this bill affects the New York State and Local Police and Fire Retirement System (NYSLPFRS), increased costs would be shared by the State of New York and all participating employers in the NYSLPFRS. If this bill is enacted during the 2023 legislative session, there will be an increase in the present value of future costs of approximately \$11.2 million.

In the NYSLPFRS, this benefit improvement will be funded by increasing the billing rates charged annually. The annual contribution required of all participating employers in NYSLERS is less than 0.1% of billable salary, or approximately \$225,000 to the State of New York and approximately \$890,000 to the local participating employers. This permanent annual cost will vary in subsequent billing cycles with changes in the wage ranges and salary of the affected members.
