

STATE OF NEW YORK

6453

2023-2024 Regular Sessions

IN SENATE

April 20, 2023

Introduced by Sen. GRIFFO -- read twice and ordered printed, and when printed to be committed to the Committee on Agriculture

AN ACT to amend the agriculture and markets law, in relation to establishing a community gardening grant program to strengthen local food chain resiliency

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. The agriculture and markets law is amended by adding a new
2 section 31-k to read as follows:

3 § 31-k. Food chain resiliency through community gardening grant
4 program. 1. Definition. For purposes of this section, "eligible entity"
5 means a nonprofit organization and any city, county, town, township,
6 village, or other general purpose political subdivision of the state,
7 excluding cities with a population of one million or more.

8 2. Food chain resiliency through community gardening grant program.
9 There is hereby created within the department the food chain resiliency
10 through community gardening grant program. Subject to the availability
11 of funds, the department shall award grants to eligible entities to
12 expand, establish, or maintain community gardens for the purpose of
13 strengthening the resiliency of local food supply chains.

14 3. Eligible projects. Projects eligible under this section shall
15 include, but not be limited to:

16 (a) the establishment of a community garden, the purpose of which
17 shall be to support the needs of local food banks and food pantries;

18 (b) a community garden established on land owned by an eligible enti-
19 ty;

20 (c) re-granting to other organizations to support startups and capaci-
21 ty building;

22 (d) planning and consulting; and

23 (e) improvements to infrastructure related to food production, food
24 storage, and food distribution areas.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.

LBD08552-02-3

1 4. Eligible costs. (a) Funding will be available through a competitive
2 process to support projects that focus on increased local food
3 production and improved local food resiliency. Eligible grant expenses
4 shall include, but are not limited to:

5 (i) equipment for food storage, including refrigerators, food storage
6 bins, and shelves;

7 (ii) equipment for food production and gardening, including costs for
8 the rental or purchase of garden equipment and tools;

9 (iii) operating expenses including seeds, plants, pollinator plants,
10 fencing, irrigation supplies, garden maintenance and beautification
11 projects;

12 (iv) other capital improvements; and

13 (v) costs associated with preparing an application.

14 (b) Eligible entities shall provide ten percent funding, leveraging
15 ninety percent in state funds. Grants to eligible entities may not
16 exceed thirty thousand dollars, to be disbursed over a period of time
17 not to exceed three years, after which eligible entities would be
18 required to re-apply for grant funding.

19 5. Application. In order to receive a grant under this section, an
20 eligible entity shall submit to the department an application at such
21 time, in such manner, and containing such information as the department
22 may require, including:

23 (a) an assurance that priority for volunteers needed for the expan-
24 sion, establishment, or maintenance of a community garden funded with a
25 grant received under this section will be given to individuals who
26 reside in the community where the garden is located; and

27 (b) a demonstration that the eligible entity is committed to providing
28 financial or in-kind support for the community garden for which the
29 entity receives funds under this section.

30 § 2. This act shall take effect on the ninetieth day after it shall
31 have become a law.
